Contemporary Jewish Writing in Switzerland Rafa?l Francis David Amadeus Newman, 2002-01-01 This anthology features an eclectic mix of eighteen modern works by a selection of Switzerland's heterogeneous community of Jewish writers Questions about Jewish identity and the legacy of the Holocaust remain current and controversial in Switzerland because of the country's now well publicized economic involvement with Hitler's Germany and the scandal that erupted when the purported Holocaust memoir of Benjamin Wilkomirski was revealed to be a hoax This collection includes an excerpt from a novel by Daniel Ganzfried the journalist who exposed the Wilkomirski Affair two chilling counterfactual accounts of a Nazi occupied Switzerland by television scriptwriter Charles Lewinsky an epistolary satire of contemporary Swiss and Jewish life by Sergue Hazanov a Russian Jewish immigrant lyrical evocations of exile by Gabriele Markus a memoir by renowned theatre director Luc Bondy strikingly harsh portraits of contemporary European life from painter and performance artist Miriam Cahn and a screenplay about the Holocaust and Jewish refugees in Switzerland by Swiss filmmaker Stina Werenfels Surprising in its diversity and sometimes disturbing in its preoccupations this anthology will make it hard to generalize about Jewish life in Switzerland or to think in polarities such as Switzerland and the Jews

Models of Religious Freedom Marcel Stüssi, 2012 In this thesis the US Swiss and Syrian models of religious freedom are illustrated in legal settings The Analytical Representation comprises more than statements of positive law or mechanical comparison Each chapter is introduced by thought forms predominant in the respective legal culture The objective of the Methodological Representation is to investigate the logic and legitimate pattern by which the US and Swiss judiciary come to the conclusion that an alleged interference is covered under the right to religious freedom The last dimension which is the Eclectic Representation pursues a dual aim Firstly the idea is to develop an actual guideline of religious freedom rules and secondly to evaluate how much religious freedom is internalized in the US Swiss and Syrian legal systems Dissertation Series ReligionsRecht im Dialog Vol 12

Motherland Rita Goldberg,2013-05-07 A groundbreaking second generation memoir of the Holocaust and its legacy by Otto Frank's goddaughter The extraordinary tale is heroic The New York Times Rita Goldberg recounts the extraordinary story of her mother Hilde Jacobsthal a close friend of Anne Frank's family who was fifteen when the Nazis invaded Holland After the arrest of her parents in 1943 Hilde fled to Belgium living out the war years in an extraordinary set of circumstances first among the Resistance and then at Bergen Belsen after its liberation In the words of The Guardian the story is worthy of a film script As astonishing as Hilde's story is Rita herself emerges as the central character in this utterly unique memoir Proud of her mother and yet struggling to forge an identity in the shadow of such heroic accomplishments not to mention her family's close relationship to the iconic Frank family Goldberg offers an unflinching look at the struggles faced by children and grandchildren whose own lives are haunted by historic tragedy Motherland is the culmination of a lifetime of reflection and a decade of research It is an epic story of survival adventure and new life A double memoir that braids her parents' story with her own and succeeds in articulating a difficult truth The Economist Jüdische Identität und Nation Peter Haber,Erik Petry,Daniel Wildmann,2006 Die jüdische Geschichte des 19 und 20 Jahrhunderts ist auch eine Geschichte des Nationalismus Doch in welchem Verhältnis stehen Judentum Nation und Identität zueinander In drei Fallbeispielen aus der Schweiz aus Deutschland und aus Ungarn untersuchen die Autoren dieses Buches jüdische Selbstverortungen und Selbstbilder in der Moderne Dabei gehen sie u a folgenden Fragen nach Wie konstruiert ein ungarischer Sprachforscher jüdische Identität mittels einer imaginierten Geschichte der ungarischen Sprache Wie formen jüdische Turner im Deutschen Kaiserreich ihre Identität über ihren Körper Und wie lösen Juden in der Schweiz ihre ambivalente Stellung als Juden und Schweizer in einer informellen Gruppe die sich selbst in Anlehnung an ein Goebbels Zitat das Pack nennen *A History of the Holocaust* Saul S. Friedman,2004 A History of the Holocaust is a detailed factual account of what happened across Europe during the Holocaust with balanced coverage of each country The Holocaust was unique within the context of the Second World War because Jews were disproportionately represented among the civilian casualties in that conflict Over fifty million people died as a result of the application of total war Twelve per cent of these were Jews At the time Jews constituted less than one quarter of one per cent of the world's population This book is intended as a textbook not a philosophical interpretation of the Holocaust Written in a highly accessible style it is addressed to students and will inspire them to read more about the subject and to question the problems of the world Juden in der Schweiz Willy Guggenheim,Florence Guggenheim-Grünberg,Doris Angst,Fédération suisse des communautés israélites,Schweizerischer Israelitischer Gemeindebund,1983 *Jewish Refugees in Switzerland During the Holocaust* Frieda Forman,2009 This is the first English language memoir of the Jewish refugee experience in wartime Switzerland focusing on children's experiences and daily life in the refugee camps The author integrates her memories of a refugee childhood with archival and historical research including interviews Fleeing the Nazis

the author's family was among the 25 000 Jews who sought refuge in Switzerland. The refugee camps were administered by Swiss government authorities with a peculiar mix of rigidity and compassion. Families were frequently separated with men in one camp and women and children in another. Thousands of refugee children were placed in foster care, many of them with non-Jewish foster families. At the same time, the refugees were allowed unparalleled scope for religious and cultural expression. Torn from a Jewish world that was fast disappearing, the refugees created a remarkable cultural life in the camps, including educational programs for children and adults, vocational training, art classes for children, newspapers, theater productions, religious programs, music lectures, and study groups. Paying particular attention to the experiences of women and children, the author explores the response of the Swiss Jewish community and interviews some of the men and women who dealt with the refugees, including former welfare workers, camp administrators, and foster families. Research in the archives of the Swiss government as well as of Jewish organizations uncovers a treasure trove of official documents along with refugee correspondence, photographs, and children's art created in the camps. Original French, German, and Yiddish documents are translated into English for the first time to reveal the heated public debates about Switzerland's refugee policy and about the treatment of Jewish refugees.

Redesigning Justice for Plural Societies Katayoun Alidadi, Marie-Claire Foblets, Dominik Müller, 2022-09-30. This volume examines cases of accommodation and recognition of minority practices, cultural, religious, ethnic, linguistic, or otherwise, under state law. The collection presents selected situations and experiences from a variety of regions and from different legal traditions around the world in which diverse societal stakeholders and political actors have engaged in processes leading to the elaboration of creative, innovative, and to a certain extent sustainable solutions via accommodative laws or practices. Representing multiple disciplines and methodologies and written by esteemed scholars, the work analyses the pitfalls and successes of such accommodative practices, presenting insights into how solutions could or could not be achieved. The chapters address the sustainability and transferability of such solutions in order to further the dialogue in both scholarly and policy spheres. The book will be essential reading for academics, researchers, and policy makers in the areas of minority rights, legal anthropology, law and religion, legal philosophy, and law and migration.

Im Zeichen der Nationalisierung Silvia Bolliger, 2019-08-12. Bisher hat noch keine Schweizer Universität ihre Geschichte in der Zwischenkriegszeit aufgearbeitet. Diese Studie macht mit der Universität Zürich den Anfang. Der erste Teil wertet Studierendendaten aus und verdeutlicht den Bedeutungsverlust des Ausländerstudiums für die größte Schweizer Universität. Die quantitative Analyse zeigt, dass die ausländischen Studierenden hauptsächlich aus Deutschland, Polen und den USA kamen. Die Motive dieser drei Gruppen für die akademische Zwangs-Migration werden genauer untersucht. Der zweite Teil erforscht anhand von umfangreichen Quellenmaterialien die Ausländerpolitik und die Haltung der einheimischen Professoren und Studierenden gegenüber Ausländerinnen und Ausländern. Dabei steht die Frage im Zentrum, ob die Universitätssangehörigen die mit der Nationalisierung einhergehenden Bezeugungen wie Antisemitismus, Fremden- und Frauenfeindlichkeit teilten. **Die**
