Judge Dredd In Tale Of The Dead:

Judge Dredd in Tale of the Dead Man John Wagner, 1991-01-01 Graphic Justice Thomas Giddens, 2015-03-24 The intersections of law and contemporary culture are vital for comprehending the meaning and significance of law in today's world. Far from being unsophisticated mass entertainment, comics and graphic fiction both imbue our contemporary culture and are themselves imbued with the concerns of law and justice. Accordingly, and spanning a wide variety of approaches and topics from an international array of contributors, *Graphic Justice* draws comics and graphic fiction into the range of critical resources available to the academic study of law. The first book to do this, *Graphic Justice* broadens our understanding of law and justice as part of our human world, a world that is inhabited not simply by legal concepts and institutions alone but also by narratives, stories, fantasies, images, and other cultural articulations of human meaning. Engaging with key legal issues including copyright, education, legal ethics, biomedical regulation, and legal personhood, and exploring critical issues in criminal justice and perspectives on international rights, law and justice all through engagement with comics and graphic fiction, the collection showcases the vast breadth of potential that the medium holds. *Graphic Justice* will be of interest to academics and postgraduate students in cultural legal studies, law and the image, law narrative and literature, law and popular culture, cultural criminology, as well as cultural and comics studies more generally.

Utopia and Dystopia in the Age of Trump Barbara Brodman, James E. Doan, 2019-06-04 *Utopia and Dystopia in the Age of Trump: Images from Literature and Visual Arts* treats literature, film, television series, and comic books dealing with utopian and dystopian worlds reflecting on or anticipating our current age. From Henry James's dreamlike utopia of *The Great Good Place* to the psychotic world of Brett Easton Ellis's *American Psycho*, from science fiction and recent horror films, television adaptations of books such as Margaret Atwood's *The Handmaid's Tale* and new series such as *Black Mirror* to the repressive Hitlerian dystopia of Katherine Burdekin's *Swastika Night*, the contributors examine the development of scenarios that either prefigure the rise of individuals such as Donald J. Trump or suggest alternatives to them. Ultimately, one might say of the worlds presented here: viewed from different social and political perspectives, one person's utopia is another's dystopia. This is the fifth in a series of books edited by Barbara Brodman and James E. Doan and published by Rowman Littlefield with Fairleigh Dickinson University Press. The *Universal Vampire: Origins and Evolution of a Legend and Images of the Modern Vampire*, *The Hip and the Atavistic* (both in 2013) focused on the vampire legend in traditional and modern thought. *The Supernatural Revamped: From Timeworn Legends to Twenty-First Century Chic* (2016) examined a range of supernatural beings in literature, film, and other forms of popular culture. *Apocalyptic Chic: Visions of the Apocalypse and Post-Apocalypse in Literature and Visual Arts* (2017) dealt with legends and images of the apocalypse and post-apocalypse in film and graphic arts, literature, and lore from early to modern times and from peoples and cultures around the world.
