Judgment And Sensibility Religion And Stratification:

Judgment and Sensibility E. Digby Baltzell, 2018-01-16 *Judgment and Sensibility* is the second volume of the collected essays of E Digby Baltzell one of the keenest observers and analysts of America's upper classes since Thorstein Veblen. Spanning four decades of writing these essays cover a wide range of topics including contemporary politics, democratic elitism, Puritanism, Judaism, higher education, urbanization, and the U S Supreme Court among others. *Judgment and Sensibility* E. Digby Baltzell, 2018-02-05 *Judgment and Sensibility* is the second volume of the collected essays of E Digby Baltzell one of the keenest observers and analysts of America's upper classes since Thorstein Veblen. Spanning four decades of writing these essays cover a wide range of topics including contemporary politics, democratic elitism, Puritanism, Judaism, higher education, urbanization, and the U S Supreme Court among others. **Judgment and Sensibility** Edward Digby Baltzell, Howard G. Schneiderman, 1994-01-01 *Judgment and Sensibility* is the second volume of the collected essays of E Digby Baltzell one of the keenest observers and analysts of America's upper classes since Thorstein Veblen. Spanning four decades of writing these essays cover a wide range of topics including contemporary politics, democratic elitism, Puritanism, Judaism, higher education, urbanization, and the U S Supreme Court among others. **Judgment and Sensibility** E. Digby (Edward Digby) Baltzell, 1994-01-01 *Judgment and Sensibility* is the second volume of the collected essays of E Digby Baltzell one of the keenest observers and analysts of America's upper classes since Thorstein Veblen. Spanning four decades of writing these essays cover a wide range of topics including contemporary politics, democratic elitism, Puritanism, Judaism, higher education, urbanization, and the U S Supreme Court among others. *Engagement and Disengagement* Howard G. Schneiderman, 2017-10-16 Part dialogue, part debate between Howard Schneiderman and a small number of social theorists. *Engagement and Disengagement* represents the culmination of a life's work in social theory. On the one hand it is about cohesive social, cultural, and intellectual forces such as authority, community, status, and the sacred that tie us together, and on the other hand about forces such as alienation, politics, and economic warfare that pull us apart. With a blend of humanism and social science, *Engagement and Disengagement* highlights this two-culture solution to understanding social and cultural history. *Privilege and Prophecy* Robert Tobin, Robert Benjamin Tobin, 2022 The Episcopal Church has long been regarded as the religion of choice among America's ruling elite. Yet after World War II a new generation of leaders emerged eager to shake off the church's reputation as a bastion of privilege and transform it into an agent of social reform. Taking an active part in the civil rights and anti-war movements of the 1960s, these leaders struggled to draw the church's membership into their vision of change. Despite their shortcomings, these activist leaders played a pivotal role in the evolution of Episcopalianism from establishment church into a more diverse and inclusive denomination. **Coded Letters, Concealed Love** Sara Day, 2014-02-26 A historian uncovers the long running affair between a famous 19th century author and a female conservationist through love letters written in code. The Unitarian minister author and peace activist Edward Everett Hale

was one of the most respected moral leaders of the Gilded Age and Progressive Era Yet for twenty five years he lived a double life Harriet Freeman worked for a time as Hale s secretary but as they make abundantly clear in some 3 000 love letters they were also lovers and perhaps even soul mates Hale s many biographers depicted his marriage as unerringly faithful despite the available evidence to the contrary Now historian Sara Day corrects the record with this fascinating chronicle of Hale and Freeman s secret romance With extensive research into the lives of both figures Day also succeeds in cracking the lovers code We Are the Ones We Have Been Waiting For Peter Levine,2015 In September 2011 two leading civic engagement advocacy organizations headed respectively by Robert Putnam and Peter Levine released a joint report showing that a region s level of civic engagement was a strong predictor of its ability to recover from the Great Recession This finding confirms what advocates of civic engagement have long hypothesized that strengthening the networks between government and civil society and increasing citizen participation results in better government and better community outcomes However citizens concerned about the economic crisis need more than just deliberation or community organizing alone to achieve these outcomes What they need according to Peter Levine is a movement devoted to civic renewal Deliberative democracy the idea that true democratic legitimacy derives from open inclusive discussion and dialogue rather than simple voting has become an extremely influential concept in the last two decades In We Are the Ones We Have Been Waiting For Peter Levine contends that effective deliberative democracy depends upon effective community advocacy Deliberation he shows is most valuable when talk and debate are integrated into a community s everyday life To illustrate how it works Levine draws lessons from both community organizing and developmental psychology and uses examples of successful efforts from communities across America as well as fledgling democracies in Africa and Eastern Europe By engaging in this type of civic work American citizens can meaningfully contribute to civic renewal which in turn will address serious social problems that cannot be fixed in any other way *Covering the Campus* Brian Farkas,2009 Among the oldest student publications in the United States the Miscellany News traces its roots back to 1866 Beginning as a literary magazine and evolving into a contemporary newspaper the paper has reported nearly 150 years of student experiences The Miscellany has seen generations of Vassar College students who have witnessed the horrors of international war felt the injustices of racial strife and observed stirring protests unfold on their own campus This narrative history of the Miscellany tells the story of the young men and women writing about their collegiate environment against the grand backdrop of American history With careful qualitative and quantitative analysis along with scores of interviews with former editors Brian Farkas navigates the complex and fascinating history of the Miscellany Blending historical investigation with his personal experience Farkas presents a fascinating and often humorous window into journalism history s first draft *The Strange Careers of the Jim Crow North* Brian Purnell,Jeanne Theoharis,2019-04-23 Did American racism originate in the liberal North An inquiry into the system of institutionalized racism created by Northern Jim Crow Jim Crow was not a regional sickness it was a national

cancer Even at the high point of twentieth century liberalism in the North Jim Crow racism hid in plain sight Perpetuated by colorblind arguments about cultures of poverty policies focused more on black criminality than black equality Procedures that diverted resources in education housing and jobs away from poor black people turned ghettos and prisons into social pandemics Americans in the North made this history They tried to unmake it too Liberalism rather than lighting the way to vanquish the darkness of the Jim Crow North gave racism new and complex places to hide The twelve original essays in this anthology unveil Jim Crow s many strange careers in the North They accomplish two goals first they show how the Jim Crow North worked as a system to maintain social economic and political inequality in the nation s most liberal places and second they chronicle how activists worked to undo the legal economic and social inequities born of Northern Jim Crow policies practices and ideas The book ultimately dispels the myth that the South was the birthplace of American racism and presents a compelling argument that American racism actually originated in the North *Journal of International Affairs* ,2004
