anti democratic ideologies anti-Semitism racism and war crimes in the future However the legal system and law in these countries themselves often had their origins in dictatorship Thus there were and are obvious and hidden anti democratic continuities that influence law and the legal system up to the present Scientifics and jurists from Italy Japan Poland Spain South Africa and Germany examine these continuities in their contributions Dealing with Wars and Dictatorships Liora Israël,Guillaume Mouralis,2013-12-02 Democratic transitions in Latin America Eastern Europe and South Africa often studied under the conceptual rubric of transitional justice have involved the formation of public policies toward the past that are multifaceted and often ambitious Recent scholarship rarely questions the concepts and categories transposed from one country to another This is true both in the language of political life and in the social sciences examining past oriented public policy especially policy toward ethnic cleansing and the line between the language of political practice legal analysis and scholarly discourse has been quite porous This book examines how these phenomena have been described and understood by focusing recent processes such as the advent of international criminal justice in relation to previous postwar and recent purges By crossing disciplinary approaches and periods the authors pay attention to three main aspects the legal or political concepts used and or the ones mobilized in the academic work the circulation of categories know how and arguments the different levels that can shed light on transitions *The Political Foundations of Judicial Independence in Dictatorship and Democracy* Brad Epperly,2019 Why do political actors tolerate courts able to check their power This book argues that judicial independence as electorally induced insurance is about the risks of losing power risks that are higher in autocratic regimes Using a mixed methods approach it develops a theory of both de facto and de jure independence across regime type *Dictatorship, Democracy, and Transitional Justice in Global Legal History* Ignacio Czeguhn,Jan Thiessen,2023
