

Juedische Geschichte In Berlin

Marion A. Kaplan

Juedische Geschichte In Berlin:

Jews in Nazi Berlin Beate Meyer, Hermann Simon, Chana Schütz, 2009-12-15 Though many of the details of Jewish life under Hitler are familiar historical accounts rarely afford us a real sense of what it was like for Jews and their families to live in the shadow of Nazi Germany's oppressive racial laws and growing violence With Jews in Nazi Berlin those individual lives and the constant struggle they required come fully into focus and the result is an unprecedented and deeply moving portrait of a people Drawing on a remarkably rich archive that includes photographs objects official documents and personal papers the editors of Jews in Nazi Berlin have assembled a multifaceted picture of Jewish daily life in the Nazi capital during the height of the regime's power The book's essays and images are divided into thematic sections each representing a different aspect of the experience of Jews in Berlin covering such topics as emigration the yellow star Zionism deportation betrayal survival and more To supplement and importantly to humanize the comprehensive documentary evidence the editors draw on an extensive series of interviews with survivors of the Nazi persecution who present gripping first person accounts of the innovation subterfuge resilience and luck required to negotiate the increasing brutality of the regime A stunning reconstruction of a storied community as it faced destruction Jews in Nazi Berlin renders that loss with a startling immediacy that will make it an essential part of our continuing attempts to understand World War II and the Holocaust *Neuere deutsch-jüdische Geschichte* Thomas Brechenmacher, Michal Szulc, 2017-03-15 This volume provides an introduction to modern German Jewish history from the late Middle Ages to the twentieth century using analytical categories such as migration inclusion exclusion assimilation acculturation The emphasis is less on offering a chronological narrative than on issues that are currently being examined in current research on German Jewish history Two chapters on historiographic narratives and methods of research round off the volume along with a comprehensive bibliography on modern German Jewish history The book is intended for everyone wishing to familiarize themselves with the topic alongside academic courses or in independent study *Historical Dictionary of Berlin* Ulrike Zitzlsperger, 2021-01-21 After World War II Berlin became one of the playgrounds of the Cold War the Berlin Wall made the division between East and West between capitalism and communism in 1961 highly visible though it did remove Berlin from front line politics East and West Berlin had turned into shop windows of ideologies West Berlin representing the lure of a market economy East Berlin the promise of socialism It is then fitting that the fall of the Wall in 1989 awarded Berlin such a prominent role It was here that the development after Reunification of East and West became a closely observed event and well beyond Germany Berlin appeared to represent fundamental developments throughout Europe at the time Today Berlin is the capital of reunified Germany and therefore one of the key political players in the European Union EU and it's now a desirable destination for young entrepreneurs The *Historical Dictionary of Berlin* contains a chronology an introduction and an extensive bibliography The dictionary section has more than 300 cross referenced entries on important personalities places institutions and events This book is an

excellent resource for students researchers and anyone wanting to know more about Berlin Jews in Berlin: Biografien Andreas Nachama, Julius Hans Schoeps, Hermann Simon, 2002 Berlin was for centuries the center of Jewish life in Germany Settlement pogroms trials against Jews burnings at the stake and expulsion characterized its history from the fourteenth to the sixteenth centuries Only after the Thirty Years War did a new era begin The eighteenth century Berlin of Moses Mendelssohn was a city of Jewish emancipation and simultaneously a center of enlightenment In this period and the generations that followed Jewish Berliners and immigrants made important contributions to the city s economy Jewish citizens strongly influenced the natural sciences and the city s cultural and literary life Economic crisis and factors like inflation after World War I made an aggressive form of anti Semitism possible one that ultimately led to the death camps of the Holocaust The last chapter of this illustrated book reports on new beginnings in the post Shoah age This book is intended for everybody Jews can reread their own history and better understand it Non Jews can take up the book to realize that Jewish history is an important part of their own Whether or not Berlin s Jewish past can be revitalized remains to be seen The question of whether or not Berlin will ever again have a vibrant Jewish life as it had before 1933 is also open Surely the answer to whether or not this life will be integrated into the life of the city does not lie solely in the hands of its Jews It depends on society as a whole BOOK JACKET *Moses Mendelssohn und die Transformation der jüdischen Erziehung in Berlin* Britta L. Behm, **Das Jüdische Museum im Stadtmuseum Berlin** Martina Weinland, Kurt Winkler, 1997

Jewish Daily Life in Germany, 1618-1945 Marion A. Kaplan, 2005-03-03 A study of Jewish life in Germany from 1618 until 1945 this work investigates the details of daily living the homes and neighbourhoods in which Jews lived their families and friendships religious practices and feelings as well as their educations and occupations *A History of Jews in Germany Since 1945* Michael Brenner, 2018-11-01 A comprehensive account of Jewish life in a country that carries the legacy of being at the epicenter of the Holocaust Originally published in German in 2012 this comprehensive history of Jewish life in postwar Germany provides a systematic account of Jews and Judaism from the Holocaust to the early 21st Century by leading experts of modern German Jewish history Beginning in the immediate postwar period with a large concentration of Eastern European Holocaust survivors stranded in Germany the book follows Jews during the relative quiet period of the 50s and early 60s during which the foundations of new Jewish life were laid Brenner s volume goes on to address the rise of anti Israel sentiments after the Six Day War as well as the beginnings of a critical confrontation with Germany s Nazi past in the late 60s and early 70s noting the relatively small numbers of Jews living in Germany up to the 90s The contributors argue that these Jews were a powerful symbolic presence in German society and sent a meaningful signal to the rest of the world that Jewish life was possible again in Germany after the Holocaust This volume which illuminates a multi faceted panorama of Jewish life after 1945 will remain the authoritative reading on the subject for the time to come Frankfurter Allgemeine Zeitung An eminently readable work of history that addresses an important gap in the scholarship and will appeal to

specialists and interested lay readers alike Reading Religion Comprehensive meticulously researched and beautifully translated CHOICE

Jewish Physicians Nathan Koren,1973 Over 9000 entries Pt 1 covers from earliest times through the 18th century includes all known Jewish physicians Pt 2 covers the 19th and 20th centuries includes Jewish physicians prominent as teachers clinicians practitioners and advancers of medical science Entries include name dates short annotations and coded references to sources listed separately at end

Simon Dubnow's "New Judaism" Robert Seltzer,2013-12-05 In this volume Robert Seltzer examines Simon Dubnow 1860 1941 as the most eminent East European Jewish historian of his day and a spokesperson for his people setting out to define their identity in the future based on his understanding of their past Rejecting Zionism and Jewish socialism espoused by contemporaries he argued in Letter on Old and New Judaism that the Jews of the diaspora constituted a distinctive nationality deserving cultural autonomy in the liberal multi national state he hoped would emerge in Russia Seltzer traces the young Dubnow s personal encounter with European intellectual currents that led him from the traditional shtetl world to a non religious conception of Jewishness that resonated beyond Tsarist Russia

Final Sale in Berlin Christoph Kreutzmüller,2015-08 Before the Nazis took power Jewish businesspeople in Berlin thrived alongside their non Jewish neighbors But Nazi racism changed that gradually destroying Jewish businesses before murdering the Jews themselves Reconstructing the fate of more than 8 000 companies this book offers the first comprehensive analysis of Jewish economic activity and its obliteration Rather than just examining the steps taken by the persecutors it also tells the stories of Jewish strategies in countering the effects of persecution In doing so this book exposes a fascinating paradox where Berlin serving as the administrative heart of the Third Reich was also the site of a dense network for Jewish self help and assertion

Jewish Scholarship and Culture in Nineteenth-Century Germany Nils Roemer,2005-10-01 German Jews were fully assimilated and secularized in the nineteenth century or so it is commonly assumed In Jewish Scholarship and Culture in the Nineteenth Century Nils Roemer challenges this assumption finding that religious sentiments concepts and rhetoric found expression through a newly emerging theological historicism at the center of modern German Jewish culture Modern German Jewish identity developed during the struggle for emancipation debates about religious and cultural renewal and battles against anti Semitism A key component of this identity was historical memory which Jewish scholars had begun to infuse with theological perspectives beginning in the 1850s After German reunification in the early 1870s Jewish intellectuals reevaluated their enthusiastic embrace of liberalism and secularism Without abandoning the ideal of tolerance they asserted a right to cultural religious difference for themselves an ideal they held to even more tightly in the face of growing anti Semitism This newly re theologized Jewish history Roemer argues helped German Jews fend off anti Semitic attacks by strengthening their own sense of their culture and tradition

Religious Knowledge and Positioning David Kabisch,Kerstin von der Krone,Christian Wiese,2023-11-06 What should one know in order to position oneself vis vis other religions and confessions What is religious knowledge and how should it be

taught This volume sheds light on educational media in Judaism and Christianity such as catechisms children's bibles and sermons as well as Jewish and Protestant teacher training in 19th century Germany and explores the methodological potentials of educational media as a source for inter religious history It reflects on broader processes of knowledge production and the impact of science and scholarship on religious education and knowledge production within Christian and Jewish contexts The volume draws on an interdisciplinary conference that took place in 2018 and brought together scholars associated with two transdisciplinary research projects The German Israeli research group Innovation through Tradition Jewish Educational Media and Cultural Transformation in the Face of Modernity associated with the German Historical Institute Washington and Tel Aviv University funded by the German Research Foundation DFG 2014 2019 and the LOEWE research hub Religious Positioning Modalities and Constellations in Jewish Christian and Muslim Contexts at Goethe University Frankfurt and Justus Liebig University Giessen funded by the Hessian Ministry of Science and Art 2015 2021

The Population History of German Jewry 1815-1939 Steven Mark Lowenstein, 2023-05-30 AJL 2024 Judaica Reference but he never lost sight of the trees and the forest larger context We know the ending of the story of German Jewry Lowenstein's great achievement is to document the extraordinary demographic resources that bespoke a vibrant German Jewish culture and made that ending especially tragic

The New German Jewry and the European Context Y. Bodemann, 2008-06-30 Departing from the recent critical literature on the emergence of a new German Jewry this volume proposes a new perspective on the post 1980s phenomenon of re emerging Jewish culture in Germany as a case study for wider developments in Europe and the international context

Challenging Colonial Discourse Christian Wiese, 2005-01-01 On the basis of postcolonial theory this study shows how Jewish scholars in the controversies about the essence of Judaism and Christianity at the beginning of the 20th century challenged the intellectual hegemony of Liberal Protestantism in Germany By carefully examining the impact of the political circumstances the loss of relevance of political liberalism the spreading of antisemitism and the crisis of Jewish identity in an age of contested emancipation and assimilation on the theological discourse it provides a critical analysis of anti Jewish implications of Protestant theology in the 19th and 20th centuries and discusses the function of Jewish polemics against Protestant distortions of Jewish history religion and culture Furthermore it develops important guidelines for a contemporary interdisciplinary relationship between Jewish Studies and Christian theology

Life and Work of Erich Neumann Angelica Löwe, 2020-05-10 Life and Work of Erich Neumann On the Side of the Inner Voice is the first book to discuss Erich Neumann's life work and relationship with C G Jung Neumann 1905 1960 is considered Jung's most important student and in this deeply personal and unique volume Angelica Löwe casts Neumann's comprehensive work in a completely new light Based on conversations with Neumann's children Ralf Loewenthal Neumann and Professor Micha Neumann Löwe explores Neumann's childhood and adolescent years in Part I including how he met his wife and muse Julie Blumenfeld In Part II the book traces their life and work in Tel Aviv where they moved in the

early 1930s amid growing anti Jewish tensions in Hitler s Germany Finally in Part III L we analyses Neumann s most famous works This is the first book length discussion of the existential questions motivating Neumann s work as well as the socio historical circumstances pertaining to the problem of Jewish identity formation against rising anti Semitism in the early 20th century It will be essential reading for Jungian analysts and analytical psychologists in practice and in training as well as scholars of Jungian and post Jungian studies and Jewish studies The Jewish Historico-critical School of the Nineteenth Century Nathan Stern,1901 **Die deutschen Juden in der Geschichte der Shoah** Mosche Zimmermann,2002 A speech delivered by Zimmermann upon his receiving the Dr Leopold Lucas prize for the year 2002 printed in English and German on opposite pages Deplores the historiographic neglect of the calamitous fate of German Jewry during the war period Part of the reason is perhaps that for Germans including German historians it was too disturbing to consider the murder of their own neighbors whereas Israeli historians are oriented toward studying Eastern European Jewry German Jews made up only about 2% of all European Jews but the process of their annihilation was in many ways distinctive and requires a historiography of its own Yet in the context of the general history of the Holocaust or of the Jews in Germany the topic is usually considered briefly if at all More is to be found in accounts of specific aspects e g economic or cultural in survivors memoirs and in local studies but a comprehensive monograph is lacking also argues that the association of Nazism solely with Auschwitz deprives us of lessons on racism and antisemitism that can be learned from its earlier stages **Jahrbuch für jüdische Geschichte und Literatur** ,1915 Vols for include the association s Mitteilungen separately paged adn numbered consecutively
