

A sequel to Hitler's Holocaust,
the story of Jewish forced labor

BENJAMIN B. FERENCZ

FOREWORD BY TELFORD TAYLOR

LESS THAN SLAVES

Less Than Slaves

T. Stephen Whitman

Less Than Slaves:

Less Than Slaves Benjamin B. Ferencz, 2002 As a United States war crimes investigator during World War II Benjamin B. Ferencz participated in the liberation of Nazi concentration camps. He returned to Germany after the war to help bring perpetrators of war crimes to justice and remained to direct restitution programs for Nazi victims. In *Less Than Slaves* Ferencz describes the painstaking efforts that were made to persuade German industrial firms such as I G Farben, Krupp, AEG, Rheinmetall, and Daimler-Benz to compensate camp inmates who were exploited as forced laborers. The meager outcome of these efforts emerges from searing pages that detail the difficulties confronted by Ferencz and his dedicated colleagues. This engrossing narrative is a vital resource for all who are concerned with the moral, legal, and practical implications of the recent significant increase in the number of compensation claims by victims of persecution. First published in 1979, Ferencz's penetrating firsthand account returns to print with the author's evaluation of its historical significance and current relevance.

Left to the Mercy of a Rude Stream Stanley A. Goldman (Lawyer), 2018-01-01 Seven years after the death of his mother Malka, Stanley A. Goldman traveled to Israel to visit her best friend during the Holocaust. The best friend's daughter showed Goldman a pamphlet she had acquired from the Israeli Holocaust Museum that documented activities of one man's negotiations with the Nazis' interior minister and SS head Heinrich Himmler for the release of the Jewish women from the concentration camp at Ravensbrück. While looking through the pamphlet, the two discovered a picture that could have been their mothers being released from the camp. Wanting to know the details of how they were saved, Goldman set out on a long and difficult path to unravel the mystery. After years of researching the pamphlet, Goldman learned that a German Jew named Norbert Masur made a treacherous journey from the safety of Sweden back into the war zone in order to secure the release of the Jewish women imprisoned at the Ravensbrück concentration camp. Masur not only succeeded in his mission against all odds but he contributed to the downfall of the Nazi hierarchy itself. This amazing little-known story uncovers a piece of history about the undermining of the Nazi regime, the women of the Holocaust, and the strained but loving relationship between a survivor and her son.

Cannibals all! or, Slaves without masters George Fitzhugh, 2022-05-29 In *Cannibals All or Slaves Without Masters*, George Fitzhugh presents a provocative examination of society, labor, and freedom, positioning Southern slavery as a more humane and just system compared to the wage slave economy of the North. Written in the mid-19th century, Fitzhugh's work utilizes polemical rhetoric and employs a biting satirical style that challenges prevailing notions of freedom and capitalist individualism. Rooted in the antebellum South's socio-political climate, the book critiques the moral underpinnings of capitalism while advocating for the plantation system as a paternalistic haven amid an increasingly industrialized nation emphasizing the interconnectedness of duty and dependency in human relationships. George Fitzhugh, an influential albeit controversial Southern writer and social theorist, emerged from a background steeped in the cultural and economic realities of American slavery. His advocacy for a slavery-based social order was informed by his experiences and

observations as a defender of Southern values during the tumultuous pre Civil War era Fitzhugh s writings reflect a keen intellect grappling with the socio economic transformations of his time striving to make sense of the complexities surrounding human labor and freedom This compelling work is essential reading for those interested in American history social theory and the ideological battles that shaped the nation It challenges readers to reconsider widely accepted definitions of freedom and to engage critically with Fitzhugh s arguments which while controversial continue to resonate in discussions about labor and economic systems today

Slave Against Slave Jeff Forret, 2015-11-16 In the first ever comprehensive analysis of violence between slaves in the antebellum South Jeff Forret challenges persistent notions of slave communities as sites of unwavering harmony and solidarity Though existing scholarship shows that intraracial black violence did not reach high levels until after Reconstruction contemporary records bear witness to its regular presence among enslaved populations *Slave against Slave* explores the roots of and motivations for such violence and the ways in which slaves masters churches and civil and criminal laws worked to hold it in check Far from focusing on violence alone Forret s work also adds depth to our understanding of morality among the enslaved revealing how slaves sought to prevent violence and punish those who engaged in it Forret mines a vast array of slave narratives slaveholders journals travelers accounts and church and court records from across the South to approximate the prevalence of slave against slave violence prior to the Civil War A diverse range of motives for these conflicts emerges from tensions over status differences to disagreements originating at work and in private to discord relating to the slave economy and the web of debts that slaves owed one another to courtship rivalries marital disputes and adulterous affairs Forret also uncovers the role of explicitly gendered violence in bondpeople s constructions of masculinity and femininity suggesting a system of honor among slaves that would have been familiar to southern white men and women had they cared to acknowledge it Though many generations of scholars have examined violence in the South as perpetrated by and against whites the internal clashes within the slave quarters have remained largely unexplored Forret s analysis of intraracial slave conflicts in the Old South examines narratives of violence in slave communities opening a new line of inquiry into the study of American slavery [The British Review ...](#) , 1857

The Business of Genocide Michael Thad Allen, 2005-02-01 Examines the Business Administration Main Office of the SS which built up the slave labor system in Nazi concentration camps [Nigerian Historical Studies](#) , **Texas** Rupert N. Richardson, Cary D. Wintz, Angela Boswell, Adrian Anderson, Ernest Wallace, 2021-05-31 Now in its 11th edition Texas The Lone Star State offers a balanced scholarly overview of the second largest state in the United States spanning from prehistory to the twenty first century Organized chronologically this comprehensive survey introduces undergraduates to the varied history of Texas with an accessible narrative and over 100 illustrations and maps This new edition broadens the discussion of postwar social and political dynamics within the state including the development of key industries and changing demographics Other new features include New maps reflecting county by county results for the most recent presidential

elections Expanded discussions on immigration and border security The effects of the COVID 19 pandemic in Texas and a look to the future Updated bibliographies to reflect the most recent scholarship This textbook is essential reading for students of American history

The Price of Freedom T. Stephen Whitman, 2021-05-11 A stereotypical image of manumission is that of a benign plantation owner freeing his slaves on his deathbed But as Stephen Whitman demonstrates the truth was far more complex especially in border states where manumission was much more common Whitman analyzes the economic and social history of Baltimore to show how the vigorous growth of the city required the exploitation of rural slaves To prevent them from escaping and to spur higher production owners entered into arrangements with their slaves promising eventual freedom in return for many years hard work The Price of Freedom reveals how blacks played a critical role in freeing themselves from slavery Yet it was an imperfect victory Once Baltimore's economic growth began to slow freed blacks were virtually excluded from craft apprenticeships and European immigrants supplanted them as a trained labor force

[A Companion to the Holocaust](#) Simone Gigliotti, Hilary Earl, 2020-04-14 Provides a cutting edge nuanced and multi disciplinary picture of the Holocaust from local transnational continental and global perspectives Holocaust Studies is a dynamic field that encompasses discussions on human behavior extremity and moral action A diverse range of disciplines history philosophy literature social psychology anthropology geography amongst others continue to make important contributions to its scholarship A Companion to the Holocaust provides exciting commentaries on current and emerging debates and identifies new connections for research The text incorporates new language geographies and approaches to address the precursors of the Holocaust and examine its global consequences A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust's causes unfolding and impact Scholars draw on their original research to interpret current agenda setting historical and historiographical debates on the Holocaust Six broad sections cover wide ranging topics such as new debates about Nazi perpetrators arguments about the causes and places of persecution of Jews in Germany and Europe and Jewish and non Jewish responses to it the use of forced labor in the German war economy representations of the Holocaust witness and many others A masterful framing chapter sets the direction and tone of each section's themes Comprising over thirty essays this important addition to Holocaust studies Offers a remarkable compendium of systematic comparative and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural social and political legacies of the Holocaust Includes discussions on

non European and non Western geographies inter ethnic tensions and violence A Companion to the Holocaust is an essential resource for students and scholars of European German genocide colonial and Jewish history as well as those in the general humanities

Cuba Hugh Thomas, 2013-03-14 From award winning historian Hugh Thomas Cuba A History is the essential work for understanding one of the most fascinating and controversial countries in the world Hugh Thomas s acclaimed book explores the whole sweep of Cuban history from the British capture of Havana in 1762 through the years of Spanish and United States domination down to the twentieth century and the extraordinary revolution of Fidel Castro Throughout this period of over two hundred years Hugh Thomas analyses the political economic and social events that have shaped Cuban history with extraordinary insight and panache covering subjects ranging from sugar tobacco and education to slavery war and occupation Encyclopaedic in range and breathtaking in execution Cuba is surely one of the seminal works of world history An astonishing feat the author does more to explain the phenomenon of Fidel s rise to power than anybody else has done so far Spectator Brilliant The New York Times Immensely readable Thomas s notion of history s scope is generous for he has not limited himself to telling old political and military events he describes Cuban culture at all stages not merely accessible but absorbing His language is witty but never mocking crisp but never harsh New Yorker Thomas seems to have talked to everybody not dead or in jail and read everything He is scrupulously fair Time Hugh Thomas is the author of among other books The Spanish Civil War 1962 which won the Somerset Maugham Award Cuba The Pursuit of Freedom 1971 An Unfinished History of the World 1979 and the first two volumes of his Spanish Empire trilogy Rivers of Gold 2003 and The Golden Age 2010

The History, Civil, Political and Military, of the Southern Rebellion Orville James Victor, 1861

The Atlantic Slave Trade Jeremy Black, 2022-12-30 Originally published as a collection in 2006 this volume looks at the eighteenth century which saw the high point of the Atlantic slave trade It contains essays which examine the commercial and financial structure of the British slave trade the contribution of other European countries to the trade and the effects of the trade on West and West Central Africa The volume also has an introduction by the editor commenting on the contribution each essay makes

The Dutch Overseas Empire, 1600-1800 Pieter C. Emmer, Jos J.L. Gommans, 2020-10-15 How did the Dutch Empire compare with other imperial enterprises And how was it experienced by the indigenous peoples who became part of this colonial power At the start of the seventeenth century the Dutch Republic emerged as the centre of a global empire that stretched along the edges of continents and connected societies surrounding the Atlantic and Indian Oceans In the Dutch Empire ideas of religious tolerance and scientific curiosity went hand in hand with severe political and economic exploitation of the local populations through violence monopoly and slavery This pioneering history of the early modern Dutch Empire over two centuries for the first time provides a comparative and indigenous perspective on Dutch overseas expansion Apart from discussing the impact of the Empire on the economy and society at home in the Dutch Republic it also offers a fascinating window into the contemporary societies of Asia Africa and the Americas and through their interactions on

processes of early modern globalisation
