Thinking After Europe Francesco Tava, Darian Meacham, 2016-08-16 Jan Patocka perhaps more so than any other philosopher in the twentieth century managed to combine intense philosophical insight with a farsighted analysis of the idea and challenges facing Europe as a historical cultural and political signifier As a political dissident in communist Czechoslovakia he also became a moral and political inspiration to a generation of Czechs including V clav Havel He accomplished this in a time of intense political repression when not even the hint of a unified Europe seemed visible by showing in exemplary fashion how concrete thought can be without renouncing in any way its depth Europe as an idea and a political project is a central issue in contemporary political theory Patocka s political thought offers many original insights into questions surrounding the European project Here for the first time a group of leading scholars from different disciplines gathers together to discuss the specific political impact of Patocka s philosophy and its lasting significance

Total Liberation David Naguib Pellow, 2014-09-01 When in 2001 Earth Liberation Front activists drove metal spikes into hundreds of trees in Gifford Pinchot National Forest they were protesting the sale of a section of the old growth forest to a timber company But ELF s communiqu on the action went beyond the radical group s customary brief Drawing connections between the harms facing the myriad animals who make their home in the trees and the struggles for social justice among ordinary human beings resisting exclusion and marginalization the dispatch declared all oppression is linked just as we are all linked and decried the patriarchal nightmare in the form of techno industrial global capitalism In Total Liberation David Naguib Pellow takes up this claim and makes sense of the often tense and violent relationships among humans ecosystems and nonhuman animal species expanding our understanding of inequality and activists uncompromising efforts to oppose it Grounded in interviews with more than one hundred activists on the spot fieldwork and analyses of thousands of pages of documents websites journals and zines Total Liberation reveals the ways in which radical environmental and animal rights movements challenge inequity through a vision they call total liberation In its encounters with such infamous activists as Scott Crow Tre Arrow Lauren Regan Rod Coronado and Gina Lynn the book offers a close up insider s view of one of the most important and feared social movements of our day At the same time it shows how and why the U S justice system plays to that fear applying to these movements measures generally reserved for jihadists with disturbing implications for civil liberties and constitutional freedom How do the adherents of total

liberation fight oppression and seek justice for humans nonhumans and ecosystems alike And how is this pursuit shaped by the politics of anarchism and anticapitalism In his answers Pellow provides crucial in depth insight into the origins and social significance of the earth and animal liberation movements and their increasingly common and compelling critique of inequality as a threat to life and a dream of a future characterized by social and ecological justice for all
