Faces Against The Wind A Memoir:

Against the Wind Neal Gabler, 2023-11-21 New York Times Book Review Editors Choice From the author of *Catching the Wind* comes the second volume of the definitive biography of Ted Kennedy and a history of modern American liberalism. Magisterial an intricate astute study of political power brokering comparable to Robert A Caro's profile of Lyndon Johnson in *Master of the Senate*. Publishers Weekly starred review *Against the Wind* completes Neal Gabler's magisterial biography of Ted Kennedy but it also unfolds the epic tragic story of the fall of liberalism and the destruction of political morality in America. With Richard Nixon having stilled the liberal wind that once propelled Kennedy's and his fallen brothers political crusades Ted Kennedy faced a lonely battle. As Republicans pressed Reaganite dogmas of individual freedom and responsibility and Democratic centrists fell into line Kennedy was left as the most powerful voice legislating on behalf of those society would neglect or punish the poor the working class and African Americans. Gabler shows how the fault lines that cracked open in the wake of the Civil Rights movement and Vietnam were intentionally widened by Kennedy's Republican rivals to create a moral vision of America that stood in direct opposition to once broadly shared commitments to racial justice and economic equality. Yet even as he fought this shift Ted Kennedy's personal moral failures in this era the endless rumors of his womanizing and public drunkenness and his bizarre behavior during the events that led to rape accusations against his nephew William Kennedy Smith would be used again and again to weaken his voice and undercut his claims to political morality. Tracing Kennedy's life from the wilderness of the Reagan years through the compromises of the Clinton era from his rage against the craven cruelty of George W Bush to his hope that Obama would deliver on a lifetime of effort on behalf of universal health care Gabler unfolds Kennedy's heroic legislative work against the backdrop of a nation grown lost and fractured. In this outstanding conclusion to the saga that began with *Catching the Wind* Neal Gabler offers his inimitable insight into a man who fought to keep liberalism alive when so many were determined to extinguish it. *Against the Wind* sheds new light both on a revered figure in the American Century and on America's current existential crisis. **A**

Memoir of Absence Frederic Colier, 2013-03-16 Ever since Salinger nine seems to be a magic number when it comes to rendering debut short story collections. Frederic Colier's *A Memoir of Absence* is no exception. Embarking on an evocative journey through the heartland of our own delusions Colier's terse prose guides us beyond the barren cultural plane of our all too malleable American dreams taking us into a realm of intellectual urgency linguistic renewal and eventual hope. Here where relativist cant contemporary platitudes and even shocking news become no more than the white noise of a fleeting civilization there is nothing more alarming than the ensuing silence left by those collisions that never get the chance to take place. In the title story an estranged father and son are each relegated their own brand of dystopia only to find that it is their respective torments that ineffably bind them to one another. While one pursues impossible love around the globe the other tries making sense of the void surrounding him. Oddly it is their parallel misfortunes that find shelter in the harmonious space

of absence recalled Similarly Lipstick on the Fishbowl depicts how grief often blinds one from seeing the object of loss As a bereaved businessman searches for the proper way to express loss for his departed wife he begins to overlook the significance of her passing As for those in throes of jealousy misreading even the best of intentions The Depth of Swimming Pool is a somber portrayal of a woman who in her state of constant apprehension ends up undermining that which she most desires But whether it is observers dreaming of becoming participants or the emotionally alienated hordes for whom pain becomes a final solace the terrain traversed by Colier s nine stories is neither one that would fill a postcard nor one that sports the trendy wasteland so readily employed by our time s countdown artists As the lonely overweight opera singer Josephina considers the abject proposals of a sexless man or the abused young woman in Cristianos y Moros finally returns home to confront her dismissive parents we note with relief that Colier s intention is not to flesh out some vague musings about our era but to attend to those who straddle the crossroads of a world where choosing a direction is no longer a value in itself If there is a poignancy to be had A Memoir of Absence says we re to find it in those uncertain moments when event is temporarily subsumed by interpretation This does not mean that observations made by characters are lucid or objective On the contrary it is our vulnerability to catch phrases our compromised visions and our pathos while estimating our own suffering hearts that bring integrity to our lives Colier s short stories are the fragments of a lost anthem the disparate melodies that once made up what we mystically referred to as the human spirit *Leaning on the Wind* Sid

Memoirs of Thomas Lister, the wandering gentile and poet: and his wife, Mary. [Followed by] The wanderer's companion: or, Thoughts on a vast variety of subjects in prose and poetry Thomas Lister, 1880

Autobiography of Sir George Biddell Airy George Biddell Airy, 2019-12-04 In the Autobiography of Sir George Biddell Airy the eminent mathematician and astronomer chronicles his life and vast contributions to science particularly during the Victorian era Airy s prose is notably reflective blending personal anecdotes with rigorous intellectual inquiry capturing the interplay between scientific discovery and the personal experiences that shaped his perspectives Set against the backdrop of a rapidly evolving world of astronomy and mathematics the autobiography offers insights into his role as Astronomer Royal and his involvement in notable projects such as the establishment of Greenwich Mean Time and the British Meridian Sir George Biddell Airy born in 1801 was a formidable figure whose academic pursuits were inspired by a profound curiosity about the natural world His formative years were marked by strong mentorship and rigorous academic training which fueled his passion for mathematics and physics His scientific endeavors were deep rooted in an era of profound technological and theoretical advancements positioning him as a bridge between classical science and modern scientific thought I highly recommend this autobiography to anyone interested in the history of science the evolution of astronomy or the intellectual legacy of the 19th century Airy s insights not only contribute to our understanding of scientific progress but also reveal the indelible connections between personal and professional journeys in the pursuit of knowledge

Memoir , 1987 *Beating against the Wind* Calvin Hollett, 2016-05-01 There are many analyses of Tractarianism a nineteenth century form of Anglicanism that emphasized its Catholic origins but how did people in the colonies react to the High Church movement Beating against the Wind a study in nineteenth century vernacular spirituality emphasizes the power of faith on a shifting frontier in a transatlantic world Focusing on people living along the Newfoundland and Labrador coast Calvin Hollett presents a nuanced perspective on popular resistance to the colonial emissary Bishop Edward Feild and his spiritual regimen of order silence and solemnity Whether by outright opposing Bishop Feild or by simply ignoring his wishes and views or by brokering a hybrid style of Gothic architecture the people of Newfoundland and Labrador demonstrated their independence in the face of an attempt at hierarchical ascendancy upon the arrival of Tractarianism in British North America Instead they continued to practise evangelical Anglicanism and participate in Methodist revivals and thereby negotiated a popular Protestantism one often infused with the spirituality of other seafarers from Nova Scotia and New England Exploring the interaction between popular spirituality and religious authority Beating against the Wind challenges the traditional claim of Feild s success in bringing Tractarianism to the colony while exploring the resistance to Feild s initiatives and the reasons for his disappointments

Correspondence of Charles Steedman Charles Steedman,1912 **And the Wind Blew Cold** Richard M. Bassett,Lewis H. Carlson,2002 When Richard Bassett returned from Korea on convalescent leave in 1953 he set down his experiences in training combat and captivity More than 20 years later hospitalized for acute Post Traumatic Stress Disorder he once again faced his personal demons This work expands the memoir to include his post war struggles with the US government and his own wounded psyche He describes the shock of capture and ensuing long march to Pyokdong North Korea Camp 5 on the Yellow River where many prisoners died of untreated wounds disease hunger paralyzing cold and brutal mistreatment in the bitter winter of 1950 51 He recounts Chinese attempts to mentally break down prisoners in order to exploit them for propaganda He then takes the reader through typical days in a prisoner s life discussing food clothing shelter and work the struggle against unremitting boredom religious social and recreational diversions and even those moments of terror when all seemed lost It refutes Cold War era propaganda that often unfairly characterized POWs as brainwashed victims or even traitors who lacked the grit that Americans expected of their brave sons
