Faces Anne Geddes Childrens Collection:

New Zealand Books in Print ,1999 **Remembering the Future** Christopher J. Keller,Andrew Shutes-David,2009-01-01

Remembering the Future is a collection of poems essays and interviews that ask readers to see their world with double vision to imagine the redemptive consequences of engaging the world with a fastidious awareness of both the biblical tradition and the cultural moment Remembering the Future is gathered from the first years of The Other Journal an online quarterly positioned at the intersection of theology and culture The Other Journal examines theology with fresh eyes probing faith with passion authenticity and creativity and this anthology represents the highlights of that endeavor including content from some of the most important voices in the field of theology today Remembering the Future offers readers an engaging thought provoking picture of what sound theological thinking can and must offer today s Christians giving witness to Christ in our contemporary cultural landscape **Fatherload** Kevin Redman,2013-03-04 This book isn t just for fathers but it isn t for

everyone It might be for you if you ve ever changed jobs moved out of one home into another or had to explain the dead fish to a three year old It might be for you if you are still enough of a child to ride the roller coasters go sledding in the winter or toss food up the air so you can try to catch it on the way down If you go to weddings if you dread the day your dog may be put down or losing loved ones you might want to read this If you are older than fourth grade and know the real truth about Santa Claus read this If you re not sure have someone else read it and decide for you *Imagining the Fetus the Unborn in Myth, Religion, and Culture* Vanessa R Sasson,Jane Marie Law,2008-12-12 In contemporary Western culture the word fetus introduces either a political subject or a literal medicalized entity Neither of these frameworks does justice to the vast array of religious literature and oral traditions from cultures around the world in which the fetus emerges as a powerful symbol or metaphor This volume presents essays that explore the depiction of the fetus in the world s major religious traditions finding some striking commonalities as well as intriguing differences Among the themes that emerge is the tendency to conceive of the fetus as somehow independent of the mother s body as in the case of the Buddha who is described as inhabiting a palace while gestating in the womb On the other hand the fetus can also symbolically represent profound human needs and emotions such as the universal experience of vulnerability The authors note how the advent of the fetal sonogram has transformed how people everywhere imagine the unborn today giving rise to a narrow range of decidedly literal questions about personhood gender and disability **Images of Childhood** Paul Duncum,2023-07-13 Drawing on a rich legacy of

pictorial evidence Images of Childhood examines historical constructions of childhood and how they reinforce or challenge the prevailing view of childhood as a state of innocence Each chapter explores how visual elements such as framing points of view and lighting as well as clothes accessories and body language help to construct our many different conceptions of children from members of the family unit and assumed gender roles to schooling and aesthetic objects through to their economic value and use in political propaganda Skillfully navigating a multitude of perspectives on this topic Paul Duncum

considers both how our ideas beliefs and values have changed throughout history and how some have remained unchanged He also explores the cultural notion of the child within and how this has contributed to the way adults perceive children The result is a text far broader in scope than any other in its field as art history is interweaved with contemporary popular culture to explore how we visually represent childhood In doing so the book highlights the real life implications that these representations have on children s rights *Children's Books In Print* 1998 Bowker Editorial Staff,R R Bowker Publishing,Bowker,1998 Raising Government Children Catherine E. Rymph,2017-10-10 In the 1930s buoyed by the potential of the New Deal child welfare reformers hoped to formalize and modernize their methods partly through professional casework but more importantly through the loving care of temporary substitute families Today however the foster care system is widely criticized for failing the children and families it is intended to help How did a vision of dignified services become virtually synonymous with the breakup of poor families and a disparaged form of welfare that stigmatizes the women who provide it the children who receive it and their families Tracing the evolution of the modern American foster care system from its inception in the 1930s through the 1970s Catherine Rymph argues that deeply gendered domestic ideals implicit assumptions about the relative value of poor children and the complex public private nature of American welfare provision fueled the cultural resistance to funding maternal and parental care What emerged was a system of public social provision that was actually subsidized by foster families themselves most of whom were concentrated toward the socioeconomic lower half much like the children they served Analyzing the ideas debates and policies surrounding foster care and foster parents relationship to public welfare Rymph reveals the framework for the building of the foster care system and draws out its implications for today s child support networks *Children's Books in Print* R R Bowker Publishing,Bowker,1999-12 **Children and young people's cultural worlds** Sara Bragg,Mary Jane Kehily,2013 Growing up in an increasingly media saturated commercial and globalized world children and young people in contemporary society encounter and must creatively adapt to a range of cultural phenomena Offering a critical introduction to childhood in the digital age Children and Young People s Cultural Worlds challenges common concepts and concerns about childhood innocence held by many adults It examines the diversity of childhood experiences and relationships the distinctiveness of children s worlds and explores topics such as the consequences of age and the experience of living in different cultural contexts Utilizing contributions from scholars in a variety of different fields it is interdisciplinary and international in scope Including resources for teachers and students such as learning outcomes activities and additional readings and commentary this well written and beautifully presented book will be a valuable resource to anyone interested in new perspectives on childhood in the digital age Faces Anne Geddes,1995 Picturing Childhood Patricia Holland,2004-01-23 Whether controversial or taken for granted pictures of children are everywhere in magazines newspapers and advertisements on greetings cards and the Internet Picturing Childhood demonstrates how these familiar images reveal a view of childhood

which is constantly changing With debates over children s rights in the 1970s child sexual abuse in the 1980s violent children in the 1990s and precocity and consumerism in the 2000s the traditional image of childhood innocence survives only as a form of kitsch Using images from a wide variety of sources this text considers the popular imagery in relation to news education welfare charity and consumerism and asks what implications does all this have for the ways in which children themselves are treated **Australian National Bibliography** ,1996-05 **CMJ New Music Report** ,2004-11-08 CMJ

New Music Report is the primary source for exclusive charts of non commercial and college radio airplay and independent and trend forward retail sales CMJ s trade publication compiles playlists for college and non commercial stations often a prelude to larger success **Official Gazette of the United States Patent and Trademark Office** ,1999 Dictionary

Catalog of the Dance Collection New York Public Library. Dance Collection,1974 It's Not Who You Know -- It's Who Knows You! American Pop Bob Batchelor,2008-12-30 Pop culture is the heart and soul of America a unifying bridge across time bringing together generations of diverse backgrounds Whether looking at the bright lights of the Jazz Age in the 1920s the sexual and the rock n roll revolution of the 1960s or the thriving social networking websites of today each period in America s cultural history develops its own unique take on the qualities define our lives American Pop Popular Culture Decade by Decade is the most comprehensive reference on American popular culture by decade ever assembled beginning with the 1900s up through today The four volume set examines the fascinating trends across decades and eras by shedding light on

the experiences of Americans young and old rich and poor along with the influences of arts entertainment sports and other cultural forces Whether a pop culture aficionado or a student new to the topic American Pop provides readers with an engaging look at American culture broken down into discrete segments as well as analysis that gives insight into societal movements trends fads and events that propelled the era and the nation In depth chapters trace the evolution of pop culture in 11 key categories Key Events in American Life Advertising Architecture Books Newspapers Magazines and Comics Entertainment Fashion Food Music Sports and Leisure Activities Travel and Visual Arts Coverage includes How Others See Us Controversies and scandals Social and cultural movements Trends and fads Key icons and Classroom resources Designed to meet the high demand for resources that help students study American history and culture by the decade this one stop reference provides readers with a broad and interdisciplinary overview of the numerous aspects of popular culture in our country Thoughtful examination of our rich and often tumultuous popular history illustrated with hundreds of historical and contemporary photos makes this the ideal source to turn to for ready reference or research

The Girl Most Likely Rebecca Sparrow, 2003 When you were 17 what did you think your life would be like when you hit 27 At 17 Rachel Hill was the girl most likely to succeed At 27 with an Honours degree and a career as a travel writer she thinks that marriage is the only thing missing from this perfect trifecta Her American boyfriend is smart and gorgeous just the guy everyone thought she'd find But one rash decision changes everything Suddenly Rachel finds herself living back at home in her childhood bedroom nannying a surly six year old and watching Mary Tyler Moore re-run Her friends worry she's having a quarter life crisis but the real story is far more bizarre As she confronts her idea of perfection she finds that happiness is living the life you want to live rather than the one you're expected to

A Labor of Love Anne Geddes, 2007 Anne Geddes personally written life story with many reproductions of her photographs of infants

The Importance of Being Innocent Joanne Faulkner, 2010-11-22 The Importance of Being Innocent addresses the current debate in Australia and internationally regarding the sexualisation of children predation on them by pedophiles and the risks apparently posed to their innate innocence by perceived problems and threats in contemporary society Joanne Faulkner argues that contrary to popular opinion social issues have been sensationally expounded in moral panics about children who are often presented as alternatively obese binge drinking and drug using self harming neglected abused medicated and driven to anti social behavior by TV and computers This erudite and thought provoking book instead suggests that modern western society has reacted to problems plaguing the adult world by fetishizing children as innocents who must be protected from social realities Taking a philosophical and sociological perspective it outlines the various historical trends emotional investments and social tensions that shape contemporary ideas about what childhood represents and our responsibilities in regard to children
