Faces In The Crowds:

Faces in the Crowd Whitechapel Art Gallery, Castello di Rivoli (Museum : Rivoli, Italy), 2004 Taking Edouard Manet as its starting point and moving through the work of major painters and sculptors such as Ensor Boccioni Duchamp Kollwitz Kirchner Beckmann Magritte Picasso Hopper Warhol Hamilton Pistoletto Richter Acconci Sherman Schutte Ofili and Kentridge as well as photographers such as Atget Brassai Evans Levitt Arnold Weegee Giacomelli Goldin and Keita *Faces in the Crowd* traces a history of avant garde figuration from the 1870s to today through the works of one hundred artists The great revolutions in twentieth century art tend to be associated with abstraction Yet there is a parallel history which is equally radical Manet's vividly realist scenarios or Jeff Wall's cinematic tableaux offer a compelling pictorial illusion of the modern By contrast Edvard Munch or Francis Bacon present a tortured or exhilarated inner life For Alexander Rodchenko the figure can be an agent of social change revolutionary transgressive or symbolic This catalogue accompanies the exhibition organised by the Whitechapel Gallery and the Castello di Rivoli Museum of Contemporary Art BOOK JACKET

Faces in the Crowd Valeria Luiselli, 2014-05-13 Collapsing narratives and the perils of translation from one of the most important new voices in Mexican writing Alma Guillermoprieto New Faces in the Crowd Economic Council of Canada, 1991 Examines trends particularly since 1972 and makes projections to the year 2015 and beyond *Some Faces in the Crowd* Schulberg Budd, 1901 Disseminating Whitman Michael Moon, 1991 Within twelve years of the first appearance of *Leaves of Grass* in 1855 Walt Whitman produced three other editions of what he insisted were the same work two more followed later in his life Rather than asking which of these editions is best Michael Moon in *Disseminating Whitman* argues that the very existence of distinct versions of the text raises essential questions about it Interpreting revision more profoundly than earlier Whitman critics have done while treating the poet's homosexuality as a cultural and political fact rather than merely as a biographical datum Moon shows how Whitman's continual modifications of his work intersect with the representations of male male desire throughout his writing What is subjected to endless revision throughout the first four editions of *Leaves of Grass* Moon argues is a historically specific set of political principles governing how the human body Whitman's avowed subject was conceptualized and controlled in mid nineteenth century America Moon interprets Whitman's project as one that continually engages in such divergent contemporaneous discourse of the body as the anti onanist ones of the male purity movement anti slaver writing temperance tracts and guides to conduct for the aspiring self made man Critically applying various interpretive models from psychoanalysis literary and cultural theory and gender studies and heeding recurring patterns of language and figure Moon provides rigorous intertextual readings of Whitman's canon Ingeniously employing *The Child's Champion* as a paradigm Moon scrutinizes such celebrated poems as *Song of Myself* and the great Civil War elegies as well as such commonly overlooked poems as *Song of the Broad Axe* and *Song of the Banner at Daybreak* *Disseminating Whitman* reveals as no previous study has done the poet's fervent engagement with the most highly

charged political questions of his day questions of defining and regulating whole ranges of experiences and desires that remain the subject of intense political conflict in our own time This radical reassessment of the good gray poet makes a definitive contribution to critical work in American history and literature poetry and gender studies *Levinas and James* Megan Craig,2010 Bringing to light new facets in the philosophy of Emmanuel Levinas and William James Megan Craig explores intersections between French phenomenology and American pragmatism Craig demonstrates the radical empiricism of Levinas s philosophy and the ethical implications of James s pluralism while illuminating their relevance for two philosophical disciplines that have often held each other at arm s length Revealing the pragmatic minimalism in Levinas s work and the centrality of imagery in James s prose she suggests that aesthetic links are crucial to understanding what they share Craig s suggestive readings change current perceptions and clear a path for a more open pluralistic and creative pragmatic phenomenology that takes cues from both philosophers

Living On / To

Survive Zsuzsa Baross, 2022-02-18 Those familiar with the work of Derrida will recognize the double term in the title as variations in translation of Derrida's untimely essay *Survivre* To survive in this infinite mood and indefinite form that sets no limit to number person or time is at once the theme and the undercurrent that runs through the diverse texts gathered together in this volume To survive for such is our exceptional situation also animates the act of writing to shelter a personal existence and actualize the promise writing holds for saving something more than bare life Derrida termed it *sur vie* or living on The texts date from different times and phases of the mutating epidemic In chronological order they register the progressive evolution and complication of the sense of this novel crisis The first is contemporaneous with the immediate virus outbreak and with Agamben's provocative dismissal of the health crisis The Two Transcripts are of video interventions that appeared on Jerome Lebre's YouTube channel *Philosopher en temps de pandémie* one of several platforms to call for critical discourse a third intervention completing the triptych was recorded in French but never published Here an extended more developed version closes the volume Engaging Derrida's *Survie* it also responds to the recent death of Jean-Luc Nancy At the center anchoring the volume is a complex text that can be read as a belated postscript to the first volume On Contemporaneity after Agamben and or as a premature preface to its forthcoming successor *The Time That Remains* It asks about the newly acquired sense of the World in Paul Celan's often cited last phrase *The world is gone* *Living On To Survive* is essential reading for students and scholars in literature philosophy and psychology **Gothiniad** Surazeus Astarius, 2017-10 *Gothiniad of Surazeus* Oracle of Gotha presents 150 792 lines of verse in 1 948 poems lyrics ballads sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 1993 to 2000 **Attention and information Processing in infants and Adults** B.
