Facts On File Yearbook 1993

Karin Nielsen-Saines

Facts On File Yearbook 1993:

Facts on File 1993 Yearbook Facts on File Inc,1994-04 **Wildlife Fact-file Yearbook, 1993** ,1993 The 1990s
Richard Alan Schwartz,2006 Traces the history of the United States during the 1990s through such primary sources as memoirs letters contemporary journalism and official documents **Cold War America, 1946 To 1990** Facts on File Inc,Ross Gregory,2014-05-14 Uses statistical tables charts photographs maps and illustrations to explore everyday life in the United States during the Cold War period **Africa** Air University (U.S.). Library,1993 **Beyond Gunboat Diplomacy** James O. Tubbs,1997 Military intervention short of full scale war is not a new phenomenon as a means of pursuing national interests However with the end of the cold war military intervention has taken a new twist in the form of peace operations The U S Air Force in particular is being used as a tool of national policy in peace enforcement operations with increasing regularity Currently the USAF is involved in the conflict in the former Yugoslavia and maintains an air presence in both Turkey and Saudi Arabia to control the Iraqi repression of its civilian population This raises a fundamental question about when and how airpower should be used as an effective coercive force in peace enforcement operations Peace enforcement is a military intervention in an on going conflict which uses military force to coerce one or more belligerents to comply with mandated restrictions The purpose of this intervention is to create the proper security conditions such that other peace efforts such as humanitarian relief and diplomatic peacemaking can help the belligerents resolve the conflict without the use of force This thesis uses PROVIDE COMFORT in northern Iraq and UNITAF UNISOM II in Somalia as case studies to examine how airpower influences peace enforcement operations Abstract **Collateral Damage And The United States Air Force** Major Patrick M. Shaw,2014-08-15 Minimization of collateral damage is an objective of the United States Air Force USAF whenever it conducts hostile operations While the USAF has often expressed concern about causing collateral damage its actions have not always reflected a consistent level of commitment This essay explores the evolution of USAF concerns about collateral damage and examines the causes and effects of this unfortunate by product of airpower It concludes that the concerns harbored about causing collateral damage reduce the military effectiveness of airpower This loss of effectiveness is not always important For example when a resource rich coalition conducts an air campaign against an inferior adversary that coalition can discriminate in its application of airpower by allocating great effort to the avoidance of collateral damage In a different context such asymmetry may not exist Commanders then might have to focus on achieving objectives while paying little attention to the possibility of collateral damage In either case collateral damage will likely occur varying only in degree The USAF can take actions which will help alleviate some of the causes of collateral damage Improvements in the areas of planning and technology provide certain relief but ultimately political and military leaders must accept that collateral damage is an inevitable part of airpower **Literacy as a Moral Imperative** Rebecca Powell,1999-09-08 In this important new book on literacy and teaching practices education scholar and former schoolteacher Rebecca Powell argues that the

decisions we make about literacy in a pluralistic society are fundamentally moral ones either supporting inequitable power relationships or seeking to transform them Powell explores the underlying ideological assumptions of schooled literacy and examines the ways teaching practices create tensions in the lives of students tensions that often result in alienation and educational failure particularly among those whose cultural knowledge and language tends to be marginalized in our nation's schools While primarily ground in critical theory this volume also draws from multicultural and holistic perspectives in the teaching of written and oral language and addresses the link between whole language and critical pedagogy Thus the text is both theoretical and practical Powell effectively argues that literacy instruction should encourage social responsibility and civic action should enable students and teachers to understand the transformative potential of language and should nurture a culture of compassion and care □□□□□□□□□□,2005 1400 *The Health Care Manager's Legal Guide* Charles

McConnell,2011-08-24 *The Health Care Manager's Legal Guide* provides practical information on avoiding these and other common legal hazards encountered when managing a healthcare workforce Using straightforward language this book serves as an essential resource for aspiring and practicing healthcare managers Book Jacket **American Patriotism in a Global**

Society Betty Jean Craige,1996-01-01 This book argues that the transformation of our world into a global society is causing a resurgence of tribalism at the same time that it is inspiring the ideology of political holism the understanding of human society as an evolving global system of interdependent individuals cultures and nations Betty Jean Craige examines the patriotic resistance to globalization in the United States by examining a number of recent historical events including the Persian Gulf War the 1988 presidential campaign and the Iran Contra scandal The Modern Middle East Mehran

Kamrava,2005-01-31 The first succinct and authoritative overview of the making of the modern Middle East this lucid book brings a valuable mix of historical perspectives and contemporary analysis to a wide audience of readers seeking expert knowledge about this troubled and fascinating region Giving a rich perspective on the region's historical and political evolution the book traces the influence of factors such as religion culture and economics and illuminates events and topics currently in the news With its broad thematic sweep and its balanced presentation of contentious issues it is essential reading for general readers and students who want to better understand the world today Mehran Kamrava sets the stage with a concise discussion of the evolution of Islam and the religion's profound role in the region He then looks at in turn the rise and fall of the Ottomans the trials of independence and state building the emergence and fiery spread of nationalism the two Arab Israeli wars of 1967 and 1973 the Iranian Revolution and the two Gulf Wars and beyond including discussion of the invasion of Iraq by the United States After tracing the consequences of these historical events for a host of political phenomena Kamrava gives detailed attention to three pivotal issues the challenges of economic development the Palestinian Israeli conflict and the question of democracy He also examines issues that will shape the future population growth environmental pollution and water scarcity The Modern Middle East, Third Edition Mehran Kamrava,2013-09-27 From

the fall of the Ottoman Empire through the Arab Spring this completely revised and updated edition of Mehran Kamrava's classic treatise on the making of the contemporary Middle East remains essential reading for students and general readers who want to gain a better understanding of this diverse region **The Improbable Era** Charles P. Roland, 2013-12-06 In this concise yet comprehensive thoroughly researched and crisply written study *The Improbable Era* places developments over the last three decades in Southern economics politics education religion the arts and racial revolution into a disciplined framework that brings a measure of order to the perplexing chaos of this era of fundamental change in Southern life

Everything You Pretend to Know And Are Afraid Someone Will Ask Lynette Padwa, 1996-04-01 You can fool some of the people all of the time but wouldn't you rather really know what you're talking about Why are conservatives on the right and liberals on the left What is an archetype Most people drop these and other cultural references in conversation all the time without really knowing much about them But with this witty information packed book you can quickly bone up on the actual facts behind the multitude of data events and words that come at you each day and that you've been casually bandying about without really understanding Here are invaluable explanations of a wide range of topics that are assumed to be common knowledge from deciphering newsspeak What is a spin doctor to psychobabble What's the difference between the ego and the id to cyberlingo What is cyberlingo from the supposedly obvious What makes cholesterol good or bad to the deceptively simple What is a formula race car Perfect as a quick reference tool for browsing or simply for sharing impressive newfound knowledge with family and friends this handbook will endow you with genuine cultural literacy in just a few hours of fun filled reading **World Development Report 1994** ,1994 World Development Report 1994 examines the link between infrastructure and development and explores ways in which developing countries can improve both the provision and the quality of infrastructure services In recent decades developing countries have made substantial investments in infrastructure achieving dramatic gains for households and producers by expanding their access to services such as safe water sanitation electric power telecommunications and transport Even more infrastructure investment and expansion are needed in order to extend the reach of services especially to people living in rural areas and to the poor But as this report shows the quantity of investment cannot be the exclusive focus of policy Improving the quality of infrastructure service also is vital Both quantity and quality improvements are essential to modernize and diversify production help countries compete internationally and accommodate rapid urbanization The report identifies the basic cause of poor past performance as inadequate institutional incentives for improving the provision of infrastructure To promote more efficient and responsive service delivery incentives need to be changed through commercial management competition and user involvement Several trends are helping to improve the performance of infrastructure First innovation in technology and in the regulatory management of markets makes more diversity possible in the supply of services Second an evaluation of the role of government is leading to a shift from direct government provision of services to increasing private sector provision and recent experience in many countries

with public private partnerships is highlighting new ways to increase efficiency and expand services Third increased concern about social and environmental sustainability has heightened public interest in infrastructure design and performance

Migrations And Cultures Thomas Sowell,2025-04-01 Most commentators look at the issue of immigration from the viewpoint of immediate politics In doing so they focus on only a piece of the issue and lose touch with the larger picture Now Thomas Sowell offers a sweeping historical and global look at a large number of migrations over a long period of time Migrations and Cultures shows the persistence of cultural traits in particular racial and ethnic groups and the role these groups relocations play in redistributing skills knowledge and other forms of human capital answers the question What are the effects of disseminating the patterns of the particular set of skills attitudes and lifestyles each ethnic group has carried forth both for the immigrants and for the host countries in social as well as economic terms **Donkey Cons** Lynn

Vincent,Robert Stacy McCain,2006-04-02 There is a double standard for Democrat and Republican criminals An irresistible book that reminds us what the New York Times wants us to forget David Horowitz Publisher FrontPage Magazine Shameless bribery Illicit sex Sweeping corruption The Democratic Party is like the Gambino mob but with matching federal funds In this raucous head spinning look at the follies and felonies of today s most famous and infamous liberals journalists Lynn Vincent and Robert Stacy McCain chronicle for the first time the rampant crime sex and corruption of the Democratic Party Donkey Cons reveals How corrupt Democrats in Congress outnumber corrupt Republicans by as much as three to one How Franklin Roosevelt Harry Truman and John F Kennedy were elected with the help of the Mob What two eyewitnesses said about JFK s obsession with hookers How union operatives take from working families to deliver millions of dollars to Democrats How Democrats in the 1990s covered up a conspiracy one expert called the largest incidence of obstruction of justice in American history Why Democrats ignore crime victims and take the side of rapists robbers and cop killers then stump for the right of felons to vote From bribery kickbacks and sex scandals to espionage terrorism and rape what was once the Party of the People has become a party with an appallingly long rap sheet And this hard hitting sad but funny expos of the crimes of the Democratic Party finally puts all their misdeeds into perspective Thoroughly researched using outrageous anecdotes and intimate details Donkey Cons shows that the serial corruption of the Clinton presidency wasn t an anomaly but a developing unnerving pattern in the modern Democratic ethos These are the stories the Democrats don t want you to read *A to Z of*

Women in Science and Math Lisa Yount,2007 From ancient times to the present day scientifically inclined women in many cultures have had to battle against the traditional belief that men are more cognitively adept than women At times throughout history women were persecuted for their attempts to break down traditional gender barriers Today women scientists and mathematicians must continue to defend the quality of their work and demand the respect they deserve in the mathematical and scientific communities *A to Z of Women in Science and Math* Revised Edition profiles 195 women who fought against these stereotypes throughout history and all over the world to forge new discoveries and theories that would

eventually change the way we view science This thoroughly revised book updates the story of each individual to the present day and features 38 new profiles Among the profiles included are those of chemists astronomers geologists environmental scientists and a range of other professions and careers In addition new photographs have been added and the bibliography has been updated Subject indexes allow the reader to search by such professions as microbiology and paleontology Additional subject indexes organize individuals by country of birth country of major scientific activity and year of birth

Serving Library Users from Asia John Hickok, 2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US While books on serving other target groups in libraries have been published e g disabled Latino seniors etc few books on serving library users of Asian heritage have been written Thus the timely need for this book Rather than a generalized overview of Asians as a whole this book has 24 separate chapters each on 24 specific Asian countries cultures of East Southeast and South Asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture Resources include cultural guides both print and online language helps with sample library vocabulary Asian booksellers nationwide cultural groups professional literature and more Resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians The demographics of each Asian culture numbers and distribution plus history of immigration and international student enrollment is also featured As a bonus each chapter spotlights a US public school and academic library providing model outreach to Asian library users Additionally this book provides a detailed description and analysis of libraries in each of the 24 Asian countries The history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation Country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more Based on the author s 15 years of research and travels to Asia this work is a must have for all librarians
