The Jordanares , 2022-11-15 The greatest backup group in the history of recorded music undoubtedly was the Jordanares a gospel group of mostly Tennessee boys formed in the 1940s that set the standard for studio vocal groups in the 50s 60s 70s and beyond In their sixty five year career from 1948 through 2013 the recordings they sang on have sold an estimated eight billion copies They sang on more than 200 of Elvis s recordings including most of his biggest hits They were in three of his best known movies appeared with him on most of his early nation wide TV shows and toured with him for many years Throughout Elvis s early career they were his most trusted friends and probably his most positive influence No telling how many thousands of miles we rode together over those fourteen years remembered Gordon Stoker the group s manager and high tenor and most of those miles were good miles with lots of laughs and lots of talk about life While the Jordanares bread and butter may have been Nashville s burgeoning recording industry it seemed that there was always a plane waiting to take them cross country to the pop sessions in L A They sang on most of Ricky Nelson s biggest hits and over the years backed up Andy Williams Fats Domino Willie Nelson Dolly Parton Dinah Shore The Everly Brothers Glen Campbell Patti Page Neil Young Perry Como Loretta Lynn Ringo Starr Tom Jones Andy Griffith Bobby Vinton Brenda Lee Patsy Cline Billy Ray Cyrus Clyde McPhatter and about 2 100 other recording acts

Something to Live For Walter van de Leur, 2002-01-31 Duke Ellington was one of jazz s greatest figures a composer and bandleader of unparalleled importance and influence But little attention has been given to his chief musical collaborator Billy Strayhorn who created hundreds of compositions and arrangements for his musical partner and without whom the sound of Ellington s orchestra would have been very different Now in Walter van de Leur s provocative new book *Something To Live For* Billy Strayhorn steps out from Ellington s shadow and into the spotlight Van de Leur argues that far from being merely a follower of Ellington or his alter ego Strayhorn brought a radically new and visionary way of

writing to the Ellington orchestra Making extensive use for the first time of over 3 000 autograph scores Van de Leur separates Strayhorn from Ellington establishes who wrote what and clearly distinguishes between their distinctive musical styles Both Strayhorn s and Ellington s oeuvres writes Van de Leur though historically intertwined nevertheless form coherent separate musical entities especially in terms of harmonic melodic and structural design Indeed *Something to Live For* allows us to see the characteristic features of Strayhorn s compositions and arrangements his musical fingerprints and to analyze and evaluate his music on its own terms The book also makes clear that Strayhorn s contribution to the band was much larger and more original than has been previously acknowledged Based on a decade of research and offering detailed analyses of over 70 musical examples *Something to Live For* casts new light and will surely arouse intense debate on two of the most important composers in the history of jazz [SongCite](#) William D.
