

One of feminism's biggest failures is  
its failure to insist that feminism is,  
first and foremost, about truly, deeply,  
and unapologetically loving women.

## **Failure Of Feminism:**

**The Failure of Feminism** Nicholas Davidson,1988      Feminism's Queer Temporalities Sam McBean,2015-07-16

Despite feminism's uneven movements it has been predominantly understood through metaphors of generations or waves. Feminism's Queer Temporalities builds on critiques of the limitations of this linear model to explore alternative ways of imagining feminism's timing. It finds in feminism's literary and cultural archive narratives of temporality that might now be diagnosed as queer where queer designates modes of being historical that exceed the linear and the generational. Few theorists have looked to popular feminist figures, literature and culture to theorize feminism's timing. Through

methodologically creative readings, McBean explores non-generational, anti-linear and asynchronous time in the figure of Antigone. Marge Piercy's *Woman on the Edge of Time*, the film *Ladies and Gentlemen: The Fabulous Stains*, Valerie Solanas and SCUM Manifesto and Alison Bechdel's *Fun Home*. The first to substantially bring together the ways in which time has come to matter in both feminist and queer disciplines, this book will appeal to students and scholars of feminist, queer and gender studies, cultural studies and literary studies.      **Antifeminism in America** Gillian Swanson,2013-09-13. The documents in this paperback inform the reader's understanding and appreciation of the social and political context of opposition in which the advocates of women's rights labored from 1848 to 1996. Arranged in six parts by historical periods, these original articles from mainstream magazines, specialized and academic journals and books display the tone and substance of opposition to women's rights as it appeared in popular literature. The selections reflect the public campaign fought in the popular press of opponents to the fundamental goal of all aspects of movement for women's rights to challenge the gender system by advocating equality for women.      **Toward a Feminist Theory of the State** Catharine A.

MacKinnon,1991-09-01. This book presents MacKinnon's powerful analysis of politics, sexuality and the law from the perspective of women. Using the debate over Marxism and feminism as a point of departure, MacKinnon develops a theory of gender centered on sexual subordination and applies it to the state.      **Women's Studies on the Edge** Joan Wallach

Scott,2008-06-09. Essays on the future of women's studies as an academic discipline.      **Feminism in Practice** Karen A.

Foss, Sonja K. Foss, Alena Amato Ruggerio,2021-09-23. *Feminism in Practice* uses feminism as a blueprint for exploring change strategies. It features twenty contemporary feminists from diverse arenas including activists, comedians, musicians, politicians, poets and showrunners. The women come to life through line drawings, brief biographies, extensive quotations, their definitions of feminism and the change strategies they employ. Questions for reflection encourage readers to think through their own relationship to feminism and change. Chapter 1 defines feminism, raising issues with the typical definition of feminism as the effort to achieve equality between women and men. It concludes with a description of over twenty types of feminism. Chapter 2 describes the triggering events, happening places and key ideas of the four waves of feminism. The opening chapters provide a comprehensive understanding of the diversity and complexity of feminist movement. The book is

organized around five primary objectives that animate contemporary change efforts proclaiming identity naming a problem enriching a system changing a system and creating an alternative system Each objective is developed through theoretical assumptions and twelve change strategies that show it at work in feminist movement *Feminism in Practice* also serves as a practical handbook that readers can use to experiment with the strategies and expand their toolkits for creating change in their lives and worlds The authors are uniquely qualified to explore issues of feminism and change Karen Foss and Sonja Foss are second wave feminists who have written extensively on alternative change strategies feminist communication and feminist theory Alena Ruggerio brings to the project the standpoint of a third wave feminist at home in pop culture Her scholarship lies at the intersection of rhetoric feminism and religious studies To learn more about *Feminism in Practice* listen to the authors October 2021 interview on The Jefferson Exchange *Sisterhood, Interrupted* Deborah Siegel, 2007-06-12 Contrary to clichés about the end of feminism Deborah Siegel argues that younger women are reliving the battles of its past and reinventing it with a vengeance From feminist blogging to the popularity of the WNBA girl culture is on the rise A lively and compelling look back at the framing of one of the most contentious social movements of our time *Sisterhood Interrupted* exposes the key issues still at stake outlining how a twenty first century feminist can reconcile the personal with the political and combat long standing inequalities that continue today *The Queer Art of Failure* Jack Halberstam, Judith Halberstam, 2011-09-19 Prominent queer theorist offers a new theory of culture knowledge drawn from popular texts and films

Petersen, 2004-10-11 Engendering Emotions examines the production and promotion of the idea of sex gender difference in emotional experience and expression in the contemporary West Focusing on the psychology of emotions and on the spheres of aggression and war and love intimacy and sex it explores how the idea of emotional difference serves to define and govern relations between men and women The book draws on diverse theoretical work and recent empirical data to chart new territory in the study of sex gender differences      Woman Up Julia Havas, 2022-03-15 Critically analyzes the discursive relationship between cultural value and popular feminism in American television While American television has long relied on a strategic foregrounding of feminist politics to promote certain programming s cultural value Woman Up Invoking Feminism in Quality Television is the first sustained critical analysis of the twenty first century resurgence of this tradition In Woman Up Julia Havas s central argument is that postmillennial feminist quality television springs from a rhetorical subversion of the much debated masculine coded quality television culture on the one hand and the dominance of postfeminist popular culture on the other Postmillennial quality television culture promotes the idea of aesthetic generic hierarchies among different types of scripted programming Its development has facilitated evaluative academic analyses of television texts based on aesthetic merit producing a corpus of scholarship devoted to pinpointing where value resides in shows considered worthy of discussion Other strands of television scholarship have criticized this approach for sidestepping the gendered and classed processes of canonization informing the phenomenon Woman Up intervenes in this debate by reevaluating such approaches and insisting that rather than further fostering or critiquing already prominent processes of canonization there is a need to interrogate the cultural forces underlying them Via detailed analyses of four TV programs emerging in the early period of the feminist quality TV trend 30 Rock 2006 13 Parks and Recreation 2009 15 The Good Wife 2009 16 and Orange Is the New Black 2013 19 Woman Up demonstrates that such series mediate their cultural significance by combining formal aesthetic exceptionalism

and a politicized rhetoric around a problematic postfeminism thus linking ideals of political and aesthetic value Woman Upwill most appeal to students and scholars of cinema and media studies feminist media studies television studies and cultural studies

**Ethics as Grammar** Brad J. Kallenberg, 2001-09-14 Wittgenstein one of the most influential and yet widely misunderstood philosophers of our age confronted his readers with aporias linguistic puzzles as a means of countering modern philosophical confusions over the nature of language without replicating the same confusions in his own writings In *Ethics as Grammar* Brad Kallenberg uses the writings of theological ethicist Stanley Hauerwas as a foil for demonstrating how Wittgenstein's method can become concrete within the Christian tradition Kallenberg shows that the aesthetic political and grammatical strands epitomizing Hauerwas's thought are the result of his learning to do Christian ethics by thinking through Wittgenstein Kallenberg argues that Wittgenstein's pedagogical strategy cultivates certain skills of judgment in his readers by making them struggle to move past the aporias and acquire the fluency of language's deeper grammar Theologians says Kallenberg are well suited to this task of going on because the gift of Christianity supplies them with the requisite resources for reading Wittgenstein Kallenberg uses Hauerwas to make this case showing that Wittgenstein's aporetic philosophy has engaged Hauerwas in a lifelong conversation that has cured him of many philosophical confusions Yet because Hauerwas comes to the conversation as a Christian believer he is able to surmount Wittgenstein's aporias with the assistance of theological convictions that he possesses through grace *Ethics as Grammar* reveals that Wittgenstein's intention to cultivate concrete skill in real people was akin to Aristotle's emphasis on the close relationship of practical reason and ethics In this thought provoking book Kallenberg demonstrates that Wittgenstein does more than simply offer a vantage point for reassessing Aristotle he paves the way for ethics to become a distinctively Christian discipline as exemplified by Stanley Hauerwas

*For People and the Planet* Don E. Marietta, 1995 The prevailing view of nature has begun to move away from a traditionally Western humans apart from nature attitude toward one that sees humans as a part of nature Don E. Marietta describes these changes and what he perceives as a philosophical shift toward new holistic models of environmental ethics He supports a critical holism that stresses the moral importance of the interrelationship of human beings animals plants and non living things in their common dependence on the ecosphere Considering that this humanistic approach to ethics recognizes a shared responsibility to the whole system of nature Marietta explores the apparent conflict between environmental holism and the interests of individuals incorporating the perspectives of ecofeminism anthropocentrism contextualism and pluralism This approach produces an ecologically enlightened position that calls for a commitment to protecting planet Earth while recognizing that even though it may not be easy or simple we can live according to a humanistic and holistic ethic one which seeks the good for people and for the planet Author note Don E.
