Fairtax Saying Goodbye To The Income Tax And The Irs:

The Fair Tax Book Neal Boortz, John Linder, 2009-03-17 Wouldn't you love to abolish the IRS Keep all the money in your paycheck Pay taxes on what you spend not what you earn And eliminate all the fraud hassle and waste of our current system Then the FairTax is for you In the face of the outlandish American tax burden talk radio firebrand Neal Boortz and Congressman John Linder are leading the charge to phase out our current unfair system and enact the FairTax Plan replacing the federal income tax and withholding system with a simple 23 percent retail sales tax This dramatic revision of the current system which would eliminate the reviled IRS has already caught fire in the American heartland with more than 600 000 taxpayers signing on in support of the plan As Boortz and Linder reveal in this first book on the FairTax this radical but eminently sensible plan would end the annual national nightmare of filing income tax returns while at the same time enlarging the federal tax base by collecting sales tax from every retail consumer in the country The FairTax they argue would transform the fearsome bureaucracy of the IRS into a more transparent accountable and equitable tax collection system Endorsed by scores of leading economists and supported by a huge and growing grassroots movement the FairTax Plan could revolutionize the way America pays for itself *The Fair Tax Book Saying Goodbye to the Income Tax and the IRS. Neal Boortz & Congressman John Linder* Neal Boortz, **The FairTax Book** Neal Boortz, 2006 *The Pocket Idiot's Guide to the Fairtax* Ken Clark, CFP, 2010-02-02 Keeping your job is job one In recent years the FairTax has gained a lot of attention but for the vast majority of Americans there's a sense that there's still too little unbiased information upon which to make an informed decision The Pocket Idiot's Guide to the FairTax seeks to change that In this book readers get answers to all the questions they have about the FairTax including What it is how it's calculated and who pays what Comparisons with other tax systems Economic and political effects of the FairTax Common misconceptions What supporters and opponents have to say Moral issues associated with the FairTax Author is a certified financial planner **FairTax: Can it Save the Failing U. S. Economy?** Christopher McChesney, 2009-06-02 A humorous interesting and eye opening journey through the various levels of the United States tax system A side by side comparison between the FairTax consumption tax reform plan and the current income tax plan **Making the Modern American Fiscal State** Ajay K. Mehrotra, 2013-09-30 At the turn of the twentieth century the US system of public finance underwent a dramatic transformation The late nineteenth century regime of indirect hidden partisan and regressive taxes was eclipsed in the early twentieth century by a direct transparent professionally administered and progressive tax system This book uncovers the contested roots and paradoxical consequences of this fundamental shift in American tax law and policy It argues that the move toward a regime of direct and graduated taxation marked the emergence of a new fiscal polity a new form of statecraft that was guided not simply by the functional need for greater revenue but by broader social concerns about economic justice civic identity bureaucratic capacity and public power Between the end of Reconstruction and the onset of the Great Depression the intellectual legal and administrative

foundations of the modern fiscal state first took shape This book explains how and why this new fiscal polity came to be

National Politics Is Everybody's Business John D. Rigazio, 2008 I Heard What You Said But I Saw What You Did is a coming of age story in the life of a young man growing up in the walls of both the church and the 60 s For Anthony Johnson the age was twelve The year was 1968 in the northeast region of North America The place was Jersey City New Jersey This year would always loom in his memory as his season of change his epoch of inquisition the first time in his life he recalls being able to separate the literal from the figurative He would experience the impact of life and death joy and pain friendship gained and friendship lost It would be limiting to say that this city in this time shaped Anthony s evolution The greater influence was that Anthony was a child of the cloth the son of a dynamic Pentecostal evangelist He grew up under the watchful eye and scrutiny of church folk He heard saw and experienced things that were at the very least life changing His future belief system and social conditioning could be traced back to his relationship with organized religion Traced to the church as in the body of Christ and the church as in the edifice for worship This milieu was his sanctuary and playground his lead zeppelin and 500 pound gorilla This was the place and the time when he realized there was a difference in what people said and what they did

FairTax: The Truth Neal Boortz, John Linder, 2008 In 2005 firebrand radio talk show host Neal Boortz and Georgia congressman John Linder created The FairTax Book presenting the American public with a bold new plan designed to eliminate federal taxes and the IRS jump start the U S economy bring back lost industries and jobs and recapture billions of untaxed dollars hoarded by criminal and offshore businesses Their book became an immediate 1 New York Times bestseller propelling a powerful grassroots tax reform movement that s spreading like wildfire across our nation Now three years later the authors are back to answer the outspoken and misinformed critics of their innovative proposal Offering eye opening new insights not covered in the original book FairTax The Truth debunks the negative myths and gross misrepresentations of this groundbreaking idea The FairTax plan is simple brilliant and it will work enabling you to keep all the money in your paycheck eliminating the fraud hassle and waste of our current system and revolutionizing the way America pays for itself

Tax Reform with the 20/20 Tax James C. Tanner, 2015-12-02 Many books have been written about tax reform but none offer the pragmatic and understandable approach that you ll find in this treatise filled with a nonpartisan set of solutions to fix an antiquated and indecipherable tax system James C Tanner a certified public accountant with more than four decades of experience explores how we can Create a fair and logical tax framework by rethinking income exclusions exemptions deductions credits tax brackets capital gains and other tax alternatives reform tax expenditures including health insurance and medical costs home mortgage and other interest deductions retirement plan deductions charitable donations and capital gains on assets sold and transferred lower the tax rates for most individual and corporate taxpayers while making our US companies more competitive with their foreign counterparts Tanner also outlines how historical decisions and legislative proposals led to our current tax laws under the premise that we can t fix them without

understanding why they were created in the first place For those who want to participate in the national debate on federal tax reform it begins with a firm understanding of the system and the practical proposals in Tax Reform with the 20 20 Tax

Tax Politics and Policy Michael Thom,2017-02-03 Taxes are an inescapable part of life They are perhaps the most economically consequential aspect of the relationship between individuals and their government Understanding tax development and implementation not to mention the political forces involved is critical to fully appreciating and critiquing that relationship Tax Politics and Policy offers a comprehensive survey of taxation in the United States It explores competing theories of taxation s role in civil society investigates the evolution and impact of taxes on income consumption and assets and highlights the role of interest groups in tax policy This is the first book to include a separate look at sin taxes on tobacco alcohol marijuana and sugar The book concludes with a look at tax reform ideas both old and new This book is written for a broad audience from upper level undergraduates to graduate students in public policy public administration political science economics and related fields and anyone else that has ever paid taxes The Ethics of Tax Evasion Robert W.

McGee,2011-12-21 Why do people evade paying taxes This is the central question addressed in this volume by Robert McGee and a multidisciplinary group of contributors from around the world Applying insights from economics public finance political science law philosophy theology and sociology the authors consider the complex motivations for not paying taxes and the conditions under which this behavior might be rationalized Applying theoretical approaches as well as empirical research The Ethics of Tax Evasion considers three general arguments for tax evasion 1 in cases where the government is corrupt or engaged in human rights abuses 2 where citizens claim inability to pay unfairness in the tax system paying for things that do not benefit the taxpayer excessively high tax rates or where taxes are used to support an unpopular war and 3 through philosophical moral or religious opposition The authors further explore these issues by asking whether attitudes toward tax evasion differ by country or other demographic variables such as gender age ethnicity income level marital status education or religion The result is a multi faceted analysis of tax evasion in cultural and institutional context and more generally a study in ethical dilemmas and rational decision making **The FAST Plan for Tax Reform** Donald E. Phillipson,2013 Although

nearly everyone involved with our federal taxation system agrees that simplification of this system is a positive and even necessary step achieving it has proven to be difficult Exploring the issue from start to finish this detailed blueprint to tax reform offers real solutions to the real problems of our taxation system Author Donald E Phillipson a lawyer who has studied the tax code for years reveals facts about deficit spending and the national debt and examines alternative taxation approaches He explores problems with current tax subsidies and individual income corporation income and estate taxes and presents new solutions to those problems Phillipson also offers new perspectives on the total federal tax obligations of individuals and relationships among taxes on individual income corporation income and estates and gifts Our taxation system desperately needs reform that takes into account the function of the system as a whole This study demonstrates that such

reform is possible and that taxes can be fair accountable and simple without the creation of new tax collection structures

American Tyranny Michael Sawukaytis, Robert Mackovski, 2013-08-28 2013 marks the 100th anniversary of our federal income tax enacted in 1913 This book is based on sound legal research court records compelling exhibits and actual litigation by the author To understand Our Tax Apocalypse the reader will discover that the federal income tax collected today is NOT the federal income tax enacted by the U S Congress in 1913 or defined by the U S Supreme Court in 1916 Driven by boundless arrogance this special unauthorized income tax is possibly the root cause for the destruction of our freedom and our economy Th e reader will also learn that there is a tangible remedy on the horizon IF the will of Th e People so chooses Th e remedy is a simpler tax called Th e FairTax and its designed to emancipate our citizens from acts of federal peonage and restore the prosperity of our economy so that Liberty and the Pursuit of Happiness are once again achievable goals for our future generations to come When the government fears the people there is liberty when the people fear the government there is tyranny Thomas Jefferson Thank you Michael Sawukaytis Author

The Official Handbook of the Vast Right-Wing Conspiracy 2008 Mark W. Smith, 2008-01-08 Already tired of the left wing media spin on the 2008 elections Had enough of Democratic talking heads hyping tax increases and the global warming scare Looking for an island of straight talking sanity in today s swamp of multi cultiliberal gibberish Look no further Mark Smith continues his crusade against the lunatic Left with this new edition of *The Official Handbook of the Vast Right Wing Conspiracy* Right on time for the 2008 elections this book shows you how to shoot down the latest liberal rants for bigger government a cowardly foreign policy and depraved social values Why stay silent in the face of so many leftist lies Grab a copy of *The Handbook* and you ll be ready to wade into a San Francisco cocktail party a Grateful Dead reunion concert or an Ivy League classroom and take on liberals on their home turf

The American Unity Plan Alan Nager, 2023-11-05 Can unity be achieved in America or are we too divided as a nation Can American principles such as fairness equality under the law and reasonable accommodation be applied to many of America s greatest needs America is looking for real solutions that are bold and can be supported by even the most ardent Conservatives and Progressives Without a long term plan to address the social safety net retirement healthcare and education immigration climate defenses taxation inflation and the federal budget we will continue to devolve into separate Americas The current proposals by both political parties are incrementally making these problems worse putting future generations at risk Rather *The American Unity Plan* is a fully integrated bold solution that can be supported by the American people It is a uniquely American roadmap for long term success incorporating ideas from across the political spectrum

Counterpunch Floyd G. Brown, 2023 Is it possible for renewal to come through peace rather than power This book will illuminate how we can implement peaceful resistance against the immorality and policies of the Radical Left to bring a renewal of liberty freedom and biblically based principles back to America In his groundbreaking new book *Counterpunch* Floyd G Brown issues both the battle cry and a strategic action plan for a populist movement in America that goes beyond

any president or political party Issue by issue the Left chooses new markers in the sand and waits to see who will embrace their agenda Those who don't are canceled and silenced This leads to alienation and the feeling that violence is the only option left Brown wants readers to know there is another way a civil disobedience of the state that allows us to be peaceful and potentially more successful Counterpunch explains step by step how you can take part in a second American Revolution that will completely reorder the country under new governing principles Touted as the Christian answer to Saul Alinsky's Rules for Radicals Brown's Counterpunch outlines a strategy for mobilizing a peaceful resistance that leads to collective action Utilizing an evergreen approach that isn't focused on specific public policy issues Floyd delivers a practical biblically based plan for every American that will lead to the renewal of liberty

The Oxford Introductions to U.S. Law Edward McCaffery, 2012-01-02 In The Oxford Introductions to U.S. Law Income Tax Law Edward McCaffery presents an accessible introduction to the major topics in the field of federal income taxation such as income deductions and recognition of gains and losses After discussing central rules and doctrines individually Edward McCaffery offers a very sophisticated yet clear explanation of the interplay among them carefully describing how they work together to carry out the policy goals of the U.S. tax system Professor McCaffery describes for example how the current income tax in the United States has increasingly become a wage tax that favors those with capital rather than those whose money comes from labor In explaining the consequences of tax policy on individuals he also considers important possible alternatives for income taxation in the U.S. The Oxford Introductions to U.S. Law Income Tax Law sets forth the who what when and why of income tax law and describes the essential concepts of the field in a clear and concise manner that helps students and non experts increase their understanding of the policies behind modern tax law and the ways in which these policies affect different types of individuals

Comments from a Tea Partier Jr. Foster, Jr., Thomas G. Foster, IV, 2010-03-09 Tom Foster is a retired Special Forces Officer and a combat veteran of the war in El Salvador In Comments from a Tea Partier I guess if you're not a Communist you might be a mild Fascist Tom vents his anger with our current politicians and identifies critical issues that should be the cornerstone of the 2010 elections He makes a case for specific actions such as the repeal of the 16th Amendment and the passing of Fair Tax to bring prosperity to America He shows how American foreign policy should be refocused offers a criterion for vetting the candidates for November 2010 identifies specific cuts to the federal government and speculates as to our future if we are not successful in restoring our Republic America has taken on many of the characteristics of a fascist state and Tom like all the other Tea Party members fear additional loss of our individual liberty if the American people do not take our nation away from the statist in 2010 He is married to a gal from South Georgia and has a son and daughter whom are both married and three grandchildren Tom and his wife Deborah live in Columbus Georgia with a Fair Tax sign boldly displayed in their front yard Tom is currently hiking the Appalachian Trail to enjoy the beauty of America and expects to finish in time to help us prevail in November 2010 De oppresso liber Tom
