**Jane Eyre's Fairytale Legacy at Home and Abroad** Abigail Heiniger, 2016-03-02 Exploring the literary microcosm inspired by Brontë's debut novel *Jane Eyre's Fairytale Legacy at Home and Abroad* focuses on the nationalistic stakes of the mythic and fairytale paradigms that were incorporated into the heroic female bildungsroman tradition *Jane Eyre* Abigail Heiniger argues is a heroic changeling indebted to the regional pre Victorian fairy lore Charlotte Brontë heard and read in Haworth an influence that Brontë repudiates in her last novel *Villette* While this heroic figure inspired a range of female writers on both sides of the Atlantic Heiniger suggests that the regional aspects of the changeling were especially attractive to North

American writers such as Susan Warner and L M Montgomery who responded to Jane Eyre as part of the Cinderella tradition Heiniger contrasts the reactions of these white women writers with that of Hannah Crafts whose Jane Eyre influenced The Bondwoman's Narrative rejects the Cinderella model Instead Heiniger shows Crafts creates a heroic female bildungsroman that critiques fairytale narratives from the viewpoint of the obscure oppressed workers who remain forever outside the tales of wonder produced for middle class consumption Heiniger concludes by demonstrating how Brontë's middle class American readers projected the self rise ethic onto Jane Eyre mirroring the novel in nineteenth century narratives of American identity formation

*The Classic Fairytales* Charles Way, 2017-07-05 Three timeless tales retold for the stage by one of the UK's most renowned writers of plays for children Charles Way Winner of the Writers Guild Best Children's Play Award his plays appeal to audiences of all ages and are translated into several languages and performed internationally Each of the three plays explores the journey from childhood to adulthood but each takes a specific angle Sleeping Beauty is driven by the notion of duality Everyone and everything in the play has a complimentary aspect King and Queen Castle and forest bright witch and dark witch etc Gryff half dragon half human is the physical embodiment of the idea of duality and is at war with himself This is both dramatic since it provides the conflict needed for the drama and thematically rich since it explores what all of us but more precisely children feel as they grow up Cinderella is a play about a journey from darkness to light from sickness to health Everyone in the play is under the influence of some kind of loss and the play explores these feelings and the sometimes painful route one must take to accommodate them and move on in life It's a moving and beautiful play that also manages to be tremendously funny and the introduction of Mozart as a character whose music charts the whole journey toward light and joy is a theatrical coup Where Cinderella has music at its core Beauty and the Beast has dance This is a play about overcoming fear and the subconscious world is represented through imagery and movement The play begins with a startling dream sequence and then segues into the drawing room world of a Jane Austen novel before moving to the wilds of Dartmoor Throughout this journey one is never sure if the play is in dreamtime or not and Way connects this feeling to the very act of theatre itself As ever the themes are explored through dramatic action and the result in Beauty and the Beast is a script of rare brevity that allows actors and directors room to explore the profound nature of the story
