MacCulloch,1932 The Voice R. W. Metlen,Ryan Metlen,2001 A humorous adult fable about being called to some form of new life whether by external circumstances one s innermost heart or God and our natural reactions of anger fear and finally trust With pen and ink illustrations throughout **The American Renaissance Reconsidered** Walter Benn Michaels,Donald E. Pease,1989-09 The term American Renaissance designates a period in our nation s history when the literary classics appeared works original enough to mark a beginning for America s literary history But the American Renaissance Donald Pease argues in his introduction does not belong to the nation s secular history so much as it denotes a rebirth from it Independent of the time kept by secular history the American Renaissance keeps what we could call global Renaissance time the sacred time a nation claims to renew when it claims its cultural place as a great nation existing within a world of great nations Providing each nation with the terms for cultural greatness denied to secular history the renaissance is not an occasion occurring within any specific historical time or place so much as it is a moment of cultural achievement that repeatedly demands to be reborn The American Renaissance Reconsidered examines this demand for rebirth in terms other than those ordained by the American Renaissance itself In the seven pieces collected here it is reborn not outside of but within America s secular history as the authors examine anew the period of the American Renaissance and the period in which its history was written Contributing authors are Eric J Sundquist Jane P Tompkins Louis A Renza Jonathan Arac Donald E Pease Walter Benn Michaels and Allen Grossman *Catalogue of the Free Public Library of Lynn, Mass. Keith Mascord, 2025-02-06 **An Honest Faith** tackles the thorny question of whether Christian faith is compatible with the questing and questioning spirit of philosophy The author argues that a mutually productive friendship between Athens philosophy science and Jerusalem theology faith is possible and in fact necessary given that various forms of the faith resist questioning and therefore end up holding onto outdated unsupported and damaging beliefs for example on matters of gender and sexuality The author draws upon his own experiences in the conservative Anglican Diocese of Sydney and his teaching career in philosophy to issue a challenge to Christians to have an honest faith and not hold back from the quest for answers which lies at the heart of religion philosophy and science The book's first half which can be characterized as an exercise in faith deconstruction lays out a number of the more serious challenges to historic or traditional Christian faith while noting its rapid demise in Australia the US the UK and throughout the Western world The book's second half recommends a careful reconstruction or reformation of the faith **Bridging the Divide between faith, theology and Life** Anthony
