**Faith and the Play of Imagination** David J. Bryant, 1989      The Web of Preaching Richard L. Eslinger, 2002-08-01

Preaching is not as simple as it may appear. The preacher today is confronted with a dizzying array of homiletic methods and approaches, each holding important insights into how to proclaim the Good News. While pastors wish to learn from these different ways of preaching, they often do not know where to begin. Who are the best representatives of a given approach? How do the different methods relate to one another? How has the preaching scene changed in recent years? In The Web of Preaching, Richard Eslinger addresses these and other questions about contemporary approaches to preaching. Surveying the most important current theories of preaching, he argues that no homiletic method can be understood on its own. The different schools of thought on preaching all intersect at such common points as Scripture narrative and the role of preaching in worship. A strength in one compensates for a weakness in another, and seen together they form one comprehensive web of preaching. This book is a follow-up to Eslinger's earlier A New Hearing, which has been a standard text in preaching courses since its publication in 1987.

**The Eyes of Faith** Ormond Rush, 2009. Winner of the 2010 Lynlea Rodger Australia Theological Book Prize. The Eyes of Faith presents a systematic theology of the sense of the faithful *sensus fidelium* and shows the fundamental and necessary interrelationship between *sensus fidelium*, tradition, Scripture, theology, and the magisterium. Ormond Rush provides fresh perspectives on a number of issues. He proposes that tradition and Scripture are the products of the *sensus fidelium* and that the inspiration of Scripture is best understood in terms of the Holy Spirit working through the *sensus fidelium*. In addressing the role of the *sensus fidei* in the lives of individual believers, the book provides a unique approach to the way Christians make sense of their faith within the diverse contexts of daily life. It shows how the imaginative capacity of the *sensus fidei* forms a foundational notion for understanding the diversity of spiritualities, inculturations, and contextualizations of the Gospel in the history of the church up to the present. This ecclesial activity of interpreting the Christ event through the *sensus fidelium* enables the church to proclaim the Gospel in new times and cultures throughout history. The Eyes of Faith proposes that for an effective teaching of the faith to contemporary Christians, the distinctive roles of the magisterium and of theology must be conceived primarily in terms of and in relationship to the ecclesial Spirit given capacity of the *sensus fidelium*.

**ABOUT THE AUTHOR** Ormond Rush is lecturer of theology and former president of St Paul's Theological College in Banyo, Australia, and is president of the Australian Catholic Theological Association. He is the author of *Still Interpreting Vatican II: Some Hermeneutical Principles and The Reception of Doctrine: An Appropriation of Hans Robert Jauss' Reception Aesthetics and Literary Hermeneutics*.

**PRAISE FOR THE BOOK** In addition to its internal argumentation, the book's extensive footnotes, Scriptural references, and Church documents will make it a tremendously valuable tool for advanced researchers in several theological areas, including pneumatology, ecclesiology, Scripture studies, and hermeneutics. Highly recommended. C. A. Monteverchio, *Choice*. Some works of scholarship stand out.

David Buschart, Kent Eilers, 2015-04-15 Buschart and Eilers identify six critical areas Scripture theology worship spirituality mission and culture where contemporary Christians are retrieving aspects of our Christian past for life and thought today The result is a fascinating tour and wise reflection on how Christians might receive employ and transmit the treasures of their past      *Marking the Church* Greg Peters, Matt Jenson, 2016-12-09 More than one person has joked over the years that Evangelical believers do not have an ecclesiology In one sense that is absurd Evangelical churches especially if you include Pentecostals in that group are some of the fastest growing most vibrant churches in the world Evangelicals are proclaiming the gospel praising the Lord reading the Bible and loving the poor But there is a case to be made that the Evangelical devotion to the mission of the church has left Evangelicals with little time to reflect on the church itself In this collection of essays first given at annual meetings of the Evangelical Theological Society the authors take time to reflect on the nature of the church in an Evangelical context asking after the way in which it is one holy catholic and apostolic      **Imagination in Religion** LIT Verlag, 2021-01-07 Religion would be impossible without imagination Imagination provides content that otherwise escapes discourse and perception Thus it opens up a productive realm for creative involvement that keeps religion from sinking into trivialities or abstractions The contributions in the present volume explore in various ways potentialities and problems linked to imagination s role in the context of religion The book challenges readers to think again and think differently about imagination in religion which in itself involves the power of imagination The book opens up fresh perspectives on the interactive dynamics between imagination and various faculties or dimensions of life Imagination might be involved in thinking perceiving contemplation and in practices The contributors to the volume are all members of the Nordic Society for the Philosophy of Religion Espen Dahl Professor of Systematic Theology The Arctic University of Norway Troms Jan Olav Henriksen Professor of Philosophy of Religion MF Norwegian School of Theology Religion and Society Oslo Marius T Mjaaland Professor of Philosophy of Religion Faculty of Theology University of Oslo Norway      Theology of the Old Testament Walter Brueggemann, 2012-06-01 In this powerful book Walter Brueggemann moves the discussion of Old Testament theology beyond the dominant models of previous generations Brueggemann focuses on the metaphor and imagery of the courtroom trial in order to regard the theological substance of the Old Testament as a series of claims asserted for Yahweh the God of Israel This provides a context that attends to pluralism in every dimension of the interpretive process and suggests links to the plurality of voices of our time      **The Harvard Monthly** , 1900      A *Theology of Nonsense* Josephine Gabelman, 2017-10-26 There is within all theological utterances something of the ridiculous perhaps more so in Christianity given its proclivity for the paradoxical and the childlike Few theologians are willing to discuss how consent to the Christian doctrine often requires a faith that goes beyond reason There seems to be a fear that the association of theology with the absurd will give fuel to the sceptic s refrain You can t seriously believe in all that nonsense Josephine Gabelman considers the legitimacy of the sceptic s objection and explores the possibility that an idea can

be contrary to rationality and also true and meaningful using the systematic analysis of central stylistic features of literary non sense such as Lewis Carroll s Alice stories Gabelman sets up a nonsense theology by considering the practical and evangelical ramifications of associating Christian faith with nonsense literature and conversely the value of relating theological principles to the study of literary nonsense Ultimately Gabelman says faith is always a risk and a strictly rational apologetic misrepresents the nature of Christian truth The God Who Plays Brian Edgar,2017-12-20 Many people would be surprised to hear that a playful attitude towards God and the world lies at the heart of Christian faith Traditionally Christians have focused on the serious responsibilities of service sacrifice and commitment But the prophets say that the future kingdom is full of people laughing and playing which has implications for Christians who are called to live out the future kingdom in the present Play is not trivial or secondary to work and service only a playful way of living does justice to the seriousness of life Play is the essential and ultimate form of relationship with God which is why Jesus told people to learn from children Indeed a playful attitude is an important part of all significant relationships This book explores grace faith love worship redemption and the kingdom from the perspective of a playful attitude It describes how to create a play ethic to match the work ethic and discusses play as a virtue Aquinas s warning against the sin of not playing enough and Bonhoeffer s claim that in a world of pain it is only the Christian who can truly play

*Imagination and Fantasy in the Middle Ages and Early Modern Time* Albrecht Classen,2020-08-24 The notions of other peoples cultures and natural conditions have always been determined by the epistemology of imagination and fantasy providing much freedom and creativity and yet have also created much fear anxiety and horror In this regard the pre modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees but they are fundamentally the same by content Dreams illusions projections concepts hopes utopias dystopias desires and

emotional attachments are as specific and impactful as the physical environment This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions images and notions Previous scholarship focused heavily on the history of mentality and history of emotions whereas here the history of pre modern imagination and fantasy assumes center position Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives This approach facilitates a new deep structure analysis of pre modern culture      *The Rehabilitation of Virtue* Robert T.
