Osmer, Katherine M. Douglass, 2018-10-25 What are churches doing to form the faith of their young people Many church denominations that practice infant baptism offer confirmation or an equivalent ministry when children reach adolescence and enter a new phase of spiritual growth but all churches regardless of tradition wrestle with how to get young adults to actively join the church What really works In this book twelve authors draw on a three year study of more than three thousand US congregations across five denominations United Methodist Church African Methodist Episcopal Church Episcopal Church Evangelical Lutheran Church in America and Presbyterian Church USA to answer this pressing question They tell stories of excellent and innovative confirmation programs that work and that show above all what good discipleship with young people looks like Youth pastors church leaders and parents alike will benefit from the practices and new ways of teaching presented here that have proven helpful in forming and enhancing the faith of youth Contributors Joy L Arroyo Reginald Blount Kenda Creasy Dean Katherine M Douglass Terri Martinson Elton Lisa Kimball Gordon S Mikoski Kermit Moss Richard R Osmer Kate Harmon Siberine Jacob Sorenson Kate O Unruh My Faith, My Life, Leader's Guide Revised Edition Jenifer Gamber, 2014-09 My Faith My Life is a trusted confirmation curriculum for the Episcopal Church With this leader guide leaders can create short intermediate and longer programs including confirmation sequences of six nine or twelve sessions a retreat or similar short program or a longer study that is integrated with other current programs over the entire academic year Filled with prayers to begin and end each session plus a variety of activities that tap into multiple learning styles and ways to interact with the congregation this is a primary go to resource for any youth leader New material includes how to select train and support mentors as well as how leaders can strengthen their own spiritual life *Keep It Real* Prof. Anne E. Streaty Wimberly, 2010-12-01 Offers the village of hope as a framework where pastors and leaders offer the church as a place of support guidance and accountability for youth parents and other adults who are raising today's black youth The first edition of *Working with Black Youth* edited by Charles R Foster and Grant S Shockley was published in 1989 Since that time the challenges for black youth have only intensified and grown in complexity A burning question of Black churches continues to be How can we effectively ministry with our youth Their world is fast paced media centered techno savvy hip hop violent and plagued with HIV AIDS The Church wants to guide youth toward a Christian identity with values for wise decision making Youth want their questions heard They want to see hope modeled They need leadership opportunities While there are no quick easy or singular approaches to working with black youth there can be a framework to offer vital and relevant youth ministry This book proposes a comprehensive framework that has evolved over ten years of annual youth and family convocations of the Interdenominational Theological Center as

well as youth and family forums and activities related to the Youth Hope Builders Academy of ITC The framework builds on the image of the congregation as a village of hope where pastors and leaders get real to offer the church as a place of support guidance and accountability for youth parents and other adults who are raising today s black youth Contributors Daniel O Black Philip Dunston Maisha I Handy Michael T McQueen Tapiwa Mucherera Elizabeth J Walker Herbert R Marbury Annette R Marbury and Anne E Streaty Wimberly

**Networks for Faith Formation** Steve Emery-Wright,Ed Mackenzie,2017-05-19 The spiritual formation of young people can often focus on encouraging their personal spiritual practices and perhaps linking them to a local youth group While both are important Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow The aim of Networks for Faith Formation is to describe and commend eight key networks relational bonds that nurture and nourish faith The eight networks are bedroom practices personal faith church family friends mentors small groups events and gatherings and mission and service The description of each network draws on biblical studies practical theology and the social sciences and practical ideas for helping young people engage with such networks are included throughout the book In a context where some overlook the complexity of spiritual formation Networks for Faith Formation is an important resource for church leaders youth ministers and parents seeking to help young people grow in faith Since relational bonds are key for people of any age it can also help all within the church understand the need for relationships in spiritual growth

**Meeting the Transitional Needs of Young Adult Learners** C. Amelia Davis, Joann S. Olson, 2014-09-22 This is the first New Directions volume related to young adult learners since 1984 Then as now young adults are an important segment of the adult population but have received scant attention in the adult education literature Increasingly youths and young adults are enrolling in adult education programs and in doing so are changing the meaning of adulthood Given the significant demographic technological and cultural shifts during the past 30 years there is an increasing need for practitioners and program planners to reconsider what constitutes adult and adult education An understanding of the changing meaning of adulthood is fundamental to developing programs and policies that will address the needs of younger learners and we believe it is time for an updated discussion among adult educators and scholars in other disciplines This sourcebook is designed to reignite the discussion related to meeting the educational needs of young adults along with a timely and interdisciplinary discussion that highlights the transitional needs of young adult learners Table of contents 1 Conceptualizing Transitions to Adulthood Johanna Wyn This opening chapter lays the groundwork for this volume by providing an overview of adult development theories as they relate to the transition to young adulthood along with a discussion of the blurring between youth and adult due to the ambiguity encountered when trying to define adulthood 2 Culture Conditions and the Transition to Adulthood Brendaly Drayton An individual s culture shapes both the definition of adult and the experience of the transition to adulthood Furthermore the transition to adulthood may serve as a time when an individual s cultural identity is more consciously defined and more personally salient This chapter explores the intersection of

culture and adulthood 3 Vulnerable Youth and Transitions to Adulthood Rongbing Xie Bisakha Sen E Michael Foster This chapter discusses recent research conducted that identified challenges youth in the mental health system the foster care system and the juvenile justice system face in their transition to adulthood due to limited support systems 4 Young Adulthood Transitions and Disability Jessica Nina Lester A discussion focusing on the social transitions to adulthood and independent living of an often forgotten population in adult education young adults labeled with disabilities 5 Becoming an Adult in a Community of Faith Steven B Frye The vitality and ongoing existence of any community of faith regardless of the specific religious tradition depends on incorporating the next generation as full participants This chapter focuses on how the transition to adulthood is transacted within various religious traditions and the extent to which that transition is a place where non formal learning takes place 6 Youths Transitioning as Adult Learners C Amelia Davis This chapter conceptualizes transitions with a focus on Adult Basic Education GED students as they transition from high school to adult education 7 Transitions From Formal Education to the Workplace Joann S Olson This chapter frames the transition to adulthood in the context of the moving from formal educational settings e g high school postsecondary education to the often less structured learning that occurs in workplace settings 8 Themes and Issues in Programming for Young Adults Joann S Olson C Amelia Davis In this final chapter recurring themes from the preceding chapters are identified and discussed as they pertain to program planning and instructional practice
