Faith Famine And Fatherland In The Irish Midlands:

Literature and the Irish Famine 1845-1919 Melissa Fegan, 2002-08-08 The impact of the Irish famine of 1845 1852 was unparalleled in both political and psychological terms The effects of famine related mortality and emigration were devastating in the field of literature no less than in other areas In this incisive new study Melissa Fegan explores the famine s legacy to literature tracing it in the work of contemporary writers and their successors down to 1919 Dr Fegan examines both fiction and non fiction including journalism travel narratives and the Irish novels of Anthony Trollope She argues that an examination of famine literature that simply categorizes it as minor or views it only as a silence or an absence misses the very real contribution that it makes to our understanding of the period This is an important contribution to the study of Irish history and literature sharply illuminating contemporary Irish mentalities **Faith, Famine and Fatherland in the Irish Midlands** Alfred P. Smyth, Anthony Cogan, 1992 Contains biographical material on Anthony Cogan and pedigree charts of the Cogan and Conyngham families The Course of Irish History T. W. Moody, F. X. Martin, Dermot Keogh, 2023-09-14 First published over forty years ago and now updated to cover the Celtic Tiger economic boom of the 2000s and subsequent worldwide recession this new edition of a perennial bestseller interprets Irish history as a whole Designed and written to be popular and authoritative critical and balanced it has been a core text in both Irish and American universities for decades It has also proven to be an extremely popular book for casual readers with an interest in history and Irish affairs Considered the definitive history among the Irish themselves it is an essential text for anyone interested in the history of Ireland

Irish Nationalism and the British State Brian Jenkins, 2006-05-12 No detailed description available for Irish Nationalism and the British State *Irish Pilgrimage* Michael P. Carroll, 1999 Little Kiwi is out at night with his dad going into a part of the bush he has never been to before While Dad is busy collecting worms and grubs Little Kiwi meets a terrifying monster or does he Soon the bush is in an uproar and Little Kiwi must face up to his fears **The Famine in Waterford, 1845-1850** Des Cowman, Donald Brady, 1995 Politics, Religion and the Press Anthony McNicholas, 2007 The decade of the 1860s was a turbulent period in Irish politics both at home and abroad and saw the rise and apparent failure of the separatist Fenian movement In England this period also witnessed the first realistic attempt at establishing a genuinely popular press amid Irish migrants to Britain This was to be an ideological battle as both secular nationalists and the Roman Catholic Church for their very distinct reasons desperately wished to communicate with a reading public which owed its existence in large measure to the massive immigration of the years of the Famine Based on extensive archival research this book provides the first serious study of the Irish press in Britain for any period through a detailed analysis of three London newspapers The Universal News 1860 9 The Irish Liberator 1863 4 and The Irish News 1867 In so doing it provides us with a window onto the complex of relationships which shaped the lives of the migrants with each other with their English fellow Catholics with the Catholic Church and with the state A central question for this press was how to reconcile the twin

demands of faith and fatherland **Population, providence and empire** Sarah Roddy, 2016-05-16 This electronic version has been made available under a Creative Commons BY NC ND open access license Over seven million people left Ireland over the course of the nineteenth century This book is the first to put that huge population change in its religious context by asking how the Irish Catholic Anglican and Presbyterian churches responded to mass emigration Did they facilitate it object to it or limit it Were the three Irish churches themselves changed by this demographic upheaval Focusing on the effects of emigration on Ireland rather than its diaspora and merging two of the most important phenomena in the story of modern Ireland mass emigration and religious change this study offers new insights into both nineteenth century Irish history and historical migration studies in general Its five thematic chapters lead to a conclusion that on balance emigration determined the churches fates to a far greater extent than the churches determined emigrants fates **The Course of Irish History** Theodore William Moody, Francis X. Martin, 2001 of color plates this is the complete authoritative history of Ireland from prehistoric times to the present **The Irish Conservative Party, 1852-68** Andrew Shields, 2007 Until recently the history of the Irish Conservative party had been a neglected topic among Irish historians As the main focus of Irish historiography has been on Nationalist political organisations and movements the Irish Conservative party has received insufficient attention As a result this book provides the first detailed account of the party s history in the mid Victorian period Throughout the book the focus is in general on the elite of the Irish Conservative party and on their relationship with the party leadership at Westminster The complex ways in which the Conservative party interacted with the other principal forces in Irish society in particular the Roman Catholic Church are examined The ambivalent relationship which existed between it and the Independent Irish party from 1852 onwards is also analysed Through a series of detailed analyses of Conservative party attitudes and policies on the Land National Education and Church questions the book examines whether an indigenous Irish Conservatism existed different both in tone and content from its English counterpart The period between the Famine and the disestablishment of the Church of Ireland has been generally neglected in Irish historiography This book attempts to redress that imbalance while at the same time restoring the central role played by the Irish Conservative party in those years to its proper significance **The Diocese of Meath in the Eighteenth Century** Patrick Fagan, 2001 Independent scholar Fagan presents a history of the Irish Catholic diocese of Meath in the late 17th and early 18th centuries The focus is on the lives of four bishops Luke Fagan Stephen MacEgan Augustine Cheevers and Patrick Plunket Coverage extends to the contributions of the regular clergy Writings on Irish History , 1991 **Irish Economic and Social History** , 1993 Knock Eugene Hynes, 2008 In 1879 local people reported an apparition of the Virgin Mary and other supernatural personages at Knock a poor rural village in western Ireland The author draws on both insiders views and his training as a sociologist to show how the apparition was related to the local social context including economic cultural religious political and historical dimensions *Divine Right?* David Lawlor, 2007 This unique account of the dramatic events of the Parnell split in Meath challenges the

accepted view that Irish priests could lead their people only in the political direction that they wished to go Meath people were devoted to Charles Stewart Parnell who had entered Westminster as their MP in 1875 The loyalty of many of them was unaffected by the divorce court revelation in 1890 of his adultery with Katharine O Shea which caused the split that continued even after his death in 1891 However Bishop Thomas Nulty preached that no Parnellite voter could continue a Catholic but then claimed election results as political victories David Lawlor s research shows how Dr Nulty broke the power of local Parnellites over their refusal to vote for a nun as matron of Navan workhouse The bishop then nominated Michael Davitt founder of the Land League to unseat North Meath s Parnellite MP Pierce Mahony While the Parnellites successfully petitioned the courts to have Davitt s election annulled because of undue clerical influence new anti Parnellite candidates narrowly won the ensuing by elections However clerical interference in Meath politics provided damaging evidence of Rome rule to Tories and Unionists opposing Gladstone s second Home Rule bill which was lost in the Lords in 1893 **Éigse** ,1996

Print Culture and Intellectual Life in Ireland, 1660-1941 Michael Adams,2006 Charting the impact of print and publishing in shaping the ideas that formed modern Ireland this title examines how the production circulation and reception of books reflected Irish intellectual life **Nineteenth-century Ireland** Laurence M.
