Reckless Faith Beth Guckenberger,2008-09-23 When Beth and her husband Todd took a missions trip to Mexico thirteen years ago they just thought it was an opportunity to do a little good with their summer vacation But they couldn t forget a chance encounter with a forgotten orphanage couldn t forget that transcendent feeling of having participated in something truly profound and like addicts they wanted that feeling again A year later they moved to Monterrey Mexico Some might call that reckless In the years that follow Beth and Todd establish a ministry that helps orphans the poorest most defenseless members of a needy populace And while the stories here are drawn from those experiences this book isn t a memoir It s about living with faith with the certainty that God will show up exactly where and exactly when He s needed Beth calls it a reckless faith a willingness to trust even when you don t understand And her book an inspiring collection of true stories about real people who when faced with real challenges chose to trust God is a call to every reader to live with Reckless Faith

Summary of Faith Jenkins's Sis, Don't Settle Everest Media,2022-04-26T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The media constantly sends the message to single women that it is unacceptable to not be married by a certain age It s exhausting to hear about so many relationships that failed because

someone felt pressured and made poor decisions based on an artificial timeline 2 I have never desired a love that felt like crossing something off a list I m a small town girl who has always dreamed big and it never sat right with me that I might be expected to sacrifice quality for speed I wanted a love as deep as the ocean and as strong as Gorilla Glue with nothing but room to keep growing 3 The Rules say that after a few dates with a man you should start thinking about marriage But for me it was all about Kevin I spent hours on the phone with my girlfriends gushing about him I daydreamed about him at work I found a good hairstylist in New York and made sure to see her weekly so that I d always look good just in case he called for the next date 4 I met with an attorney named Brian who seemed nice enough We dated for four months and in the end his insecurities and his need for female adulation were too much for me I ended it after four months of these philosophies being revealed

Between One Faith and Another Peter Kreeft,2017-07-07 How do we make sense of the world s different religions In this creative thought experiment Peter Kreeft invites us to encounter dialogues on the major faiths with his characters Thomas Keptic Bea Lever and Professor Fesser Ultimately Kreeft gives us

helpful tools for thinking fairly and critically about competing religious beliefs and how they relate to one another *Plain Truth, The "What's Missing?" Of the Protestant Faith* Todd D. Utey, 2014-02-18 For many generations modern Christians have sat in church week after week while ministers pound the pulpits telling them what horrible sinners they are In many cases doctrines have been handed down from parents to children professor to student and pastor to assistant with little or no study of the scriptures on a personal basis It should come as no surprise that we are missing some important pieces If you are ready for real growth then you should read the Bible for yourself and find out what it says to you first hand Reading this book may help you along the way In this book we will explore provocative truths that you may not have considered before We will look at topics the average minister will rarely if ever speak of We will discuss things that the protestant church simply cannot accept in spite of it being right in front of them in black and white and even in red and white We will also look at a few scientific discoveries that support the word and spark our imaginations Christ came to set us free from the bondage of the old law and bring salvation yet many churches today are riddled with legalism bickering envy hate all the things that contradict what Christ came to promote that being love and forgiveness Christ himself said that he came into the world not to condemn it but instead to save it and to give each person eternal life Plain Truth is a fresh look at some of the most interesting scriptures on the most controversial subjects I have shared it with the world in an effort to promote the Kingdom of God along with peace and personal growth for those that seek it I hope you enjoy reading this book as much as I have enjoyed creating it It may not be inspirational on every point to every reader but if it helps each reader discover even one small truth for them then my mission is accomplished Author Todd D Utey Founding a Faith Thomas E.

Gaston, 2020-11-03 What do you think when you hear the word faith Do you think of deep spiritual connections or irrational will to believe What even is faith how does it work and what is it founded on This book might help you answer some of these questions as it explores the interplay between faith and beliefs the foundations of religious beliefs and how someone might go from having no faith to having a faith If you are interested in faith and spirituality and let s face it you are interested enough to read the back cover of this book but don t know what that might mean then this book might be for you I hope it will help you discover what faith means and how you might explore whether it is for you If you have a faith but are struggling with doubts or uncertainties if you are feeling untethered and in need of a foundation then this book might be for you I hope it will help you find the next chapter of your faith a faith that is open to questions and flexible to challenges Age of Ambition: Chasing Fortune, Truth, and Faith in the New China Evan Osnos, 2014-05-13 Pulitzer Prize in General Nonfiction finalist Winner of the 2014 National Book Award in nonfiction As the Beijing correspondent for The New Yorker Evan Osnos was on the ground in China for years witness to profound political economic and cultural upheaval Age of Ambition provides a vibrant colorful and revelatory inner history of China during a moment of profound transformation From abroad we often see China as a caricature a nation of pragmatic plutocrats and ruthlessly dedicated students destined to rule the global economy

or an addled Goliath riddled with corruption and on the edge of stagnation What we don't see is how both powerful and ordinary people are remaking their lives as their country dramatically changes In Age of Ambition Osnos describes the greatest collision taking place in that country the clash between the rise of the individual and the Communist Party's struggle to retain control He asks probing questions Why does a government with more success lifting people from poverty than any civilization in history choose to put strict restraints on freedom of expression Why do millions of young Chinese professionals fluent in English and devoted to Western pop culture consider themselves angry youth dedicated to resisting the West's influence How are Chinese from all strata finding meaning after two decades of the relentless pursuit of wealth Writing with great narrative verve and a keen sense of irony Osnos follows the moving stories of everyday people and reveals life in the new China to be a battleground between aspiration and authoritarianism in which only one can prevail An Economist Best Book of 2014 Winner of the bronze medal for the Council on Foreign Relations 2015 Arthur Ross Book Award
