When Faith Matters Most, **Faith Matters** Judith L. Butler, 2016-06-23 FAITH EXPECTS MUCH Every word in FAITH MATTERS Standing on the Threshold of Expectation is the truth of God s deep desire to be in relationship with us These pages reveal Judith Butler s testament to the willingness of God to pull us UP and OUT of any situation The 1980 s was a decade of shattered dreams and financial calamity for farmers across this land People lost faith in God in the land and in each other while Judy s own life spiraled downward from a difficult and painful divorce Barely able to remember the peaceful years of fellowship with Christian friends church and Bible studies depression ran its course Emerging from her own point of despair meant setting her face like flint against the rulers of darkness engaging in spiritual warfare as never before Thus began her ascent through layers of forgiveness and an unrelenting search into God s Word unlocking what it means to co labor with Him through His Holy Spirit Within each chapter Butler demonstrates that the Word of God is Truth Powerful Truth beyond all understanding and it accomplishes much in the lives of Believers It is His will to make our feet like hind s feet stabilizing us until we open our eyes to the realization that He has already rescued us and given us Victory through spiritual warfare strategies as He carries us to the very mountaintops of healing restoration and happiness

Faith Matters Sondra Higgins Matthaei, 1996-01 Today's world is one of growing isolation, frantic activity and desperate violence where people find themselves longing for both solitude and companionship, intimacy and community. The result is a search for the kinds of relationships that acknowledge who people are and who they want to be. Faith Matters addresses this critical element in spiritual formation that is the role of interpersonal growth in faith.

More God, Less Crime Byron Johnson, 2011-05-15 In *More God Less Crime*, renowned criminologist Byron R. Johnson proves that religion can be a powerful antidote to crime. The book describes how faith communities, congregations and faith based organizations are essential in forming partnerships necessary to provide the human and spiritual capital to effectively address crime, offender rehabilitation and the substantial aftercare problems facing former prisoners. There is scattered research literature on religion and crime but until now there has never been one publication that systematically and rigorously analyzes what we know from this largely overlooked body of research in a lay friendly format. The data shows that when compared to current strategies, faith based approaches to crime prevention bring added value in targeting those factors known to cause crime: poverty, lack of education and unemployment. In an age of limited fiscal resources, Americans can't afford a criminal justice system that turns its nose up at volunteer efforts that could not only work better than the abysmal status quo but also save billions of dollars at the same time. This book provides readers with practical insights and recommendations for a faith based response that could do just that.

Why Faith Matters David J. Wolpe, 2008-09-03 With the simultaneous rise of New Atheism and popularity of fundamentalist movements, a rational, open minded debate on the role of religion today is sorely needed. *Why Faith Matters* is an excellent start, an articulate, nondenominational defense of established religion in America by the man *Newsweek* named the 1 Pulpit Rabbi in America. David J. Wolpe makes a strong case in favor of faith replacing both the cold reason of atheism and the virulent hatred of fanaticism with a vision of religion that is informed by faith, love and understanding. He explores the origins and nature of faith, the role of the Bible in modern life and the compatibility of God and science. *Why Faith Matters* shows that there is still a place for God, faith and religion in today's world. Named the 1 Pulpit Rabbi in America by *Newsweek*.
