Chambers,S. du Toit,Simon du Toit,2013-10-10 Religious life and public life are both passionately performed but often understood to exclude one another This book s array of voices investigates the publics hailed by religious performances and the challenges they offer to theories of the democratic public sphere      Black Prometheus Jared Hickman,2017 An innovative transnational literary study Black Prometheus tracks the mythical figure s surprising resonance in Anglo American antislavery discourse from 1800 until the end of the U S Civil War      *Living Scripture* Mitch Finley,1990-10-01 Living Scripture captures the essence of each week s Scripture readings in an easy to read easy to use format      **Baptism is a Beginning** Rebekah Rojcewicz,2009      *The Word to Go 2010-2011* Denise Simeone,2010-05-10      *Is God a Moral Monster?* Paul Copan,2011-01-01 A recent string of popular level books written by the New Atheists have leveled the accusation that the God of the Old Testament is nothing but a bully a murderer and a cosmic child abuser This viewpoint is even making inroads into the church How are Christians to respond to such accusations And how are we to reconcile the seemingly disconnected natures of God portrayed in the two testaments In this timely and readable book apologist Paul Copan takes on some of the most vexing accusations of our time including God is arrogant and jealous God punishes people too harshly God is guilty of ethnic cleansing God oppresses women God endorses slavery Christianity causes violence and more Copan not only answers God s critics he also shows how to read both the Old and New Testaments faithfully seeing an unchanging righteous and loving God in both      **Everyday Magic in Early Modern Europe** Kathryn A. Edwards,2016-03-09 While pre modern Europe is often seen as having an enchanted or magical worldview the full implications of such labels remain inconsistently explored Witchcraft demonology and debates over pious practices have provided the main avenues for treating those themes but integrating them with other activities and ideas seen as forming an enchanted Europe has proven to be a much more difficult task This collection offers one method of demystifying this world of everyday magic Integrating case studies and more theoretical responses to the magical and preternatural the authors here demonstrate that what we think of as extraordinary was often accepted as legitimate if unusual occurrences or practices In their treatment of and attitudes towards spirit assisted treasure hunting magical recipes trials for sanctity and visits by guardian angels early modern Europeans showed more acceptance of and comfort with the extraordinary than modern scholars frequently acknowledge Even witchcraft could be more pervasive and less threatening than many modern interpretations suggest Magic was both mundane and mysterious in early modern Europe and the witches who practiced it could in many ways be quite ordinary members of their communities The vivid cases described in this volume should make

the reader question how to distinguish the ordinary and extraordinary and the extent to which those terms need to be redefined for an early modern context They should also make more immediate a world in which magic was an everyday occurrence     Faith First Kindergarten: Catechist Guide ,2001     *Los Angeles Magazine* ,2005-06 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian     **Books in Print** ,1994     *American Book Publishing Record* ,1999     Hypermodernity and Visuality , Peter R. Sedgwick,2019-04-29 This book engages with the question of making sense of seeing in today s technologically dominated world It does so by exploring the notion of the hypermodern a term which is used to capture the drive in contemporary culture to achieve ever greater speed and efficiency The volume draws principally on the thought of Paul Virilio and Friedrich Nietzsche The text s key argument is that destabilizing tendencies which become increasingly evident in hypermodern culture spring from its having a dual character This duality turns on hypermodernity s uncomfortable unstable and possibly unsustainable relation to its own past The volume engages with this dual character in a unique way Its discussions are prefaced by poems and photographic images which together frame and permeate the text s arguments and analyses Part One offers linked engagements with Virilio s articulation of the hypermodernized cultural visual environment Nietzsche s accounts of history power and archaic visuality and briefer discussions of various other writers Part Two presents a creative elaboration of these engagements through a combination of poetry image and aphorism Through this combination the digital image a quintessentially hypermodern form of representation is turned against itself to allow for reflection on the ethics and politics of seeing today The volume concludes with an open ended dialogue on visual culture the archaic and the hypermodern     *Searching for the Self* Adrian T.
