

A desert landscape with a rainbow over a rocky path. The scene is set in a valley with steep, rocky hillsides. A rainbow is visible on the left side of the image, arching over a path that leads into the distance. The sky is a mix of blue and purple, suggesting a sunset or sunrise. The overall mood is inspirational and hopeful.

William Chris Hobgood

Faith Or Fear And Future Shock:

Faith Or Fear and Future Shock Cynthia C.. Wedel,1974 *Growing Faith* Bruce P. Powers,2003-12-12 Faith development cannot be divided into components Rather it can be likened to the growth of a plant seed root stem leaf bud bloom Each step happens in sequence yet all are dependent on the earlier and continuing phases All phases are the plant the bloom is no more the plant than are the leaves or roots So it is with faith all phases are faith Yet there is a distinct pattern of development from Chapter 1 **Year with American Saints** , Here in a single volume G Scott Cady and Christopher L Webber have profiled a broad and inclusive cross section of American pilgrims of the faith some very famous others less well known men and women from all periods of America s history and all major Christian faith traditions From the pre revolutionary era to the twentieth century their accomplishments and spiritual journeys are examples of perseverance courage and holiness From Robert Hunt first chaplain of the Jamestown colony in Virginia who gave pastoral care and support to settlers who were far from home and struggling with disease and hardship to Rosa Parks whose quiet dignified resistance to segregation signaled a dramatic change in the Civil Rights movement A Year with American Saints encompasses the joy and drama of the Christian story in America While entries have been arranged to provide historical and chronological variety a handy calendar guide allows the reader to remember individuals on their birthdays or death dates With one profile and related writing or saying for every day of the year A Year with American Saints is destined to become a classic an ideal volume for individual use as part of a daily reading and prayer regimen and a rich source of sermon material for preachers **The Episcopalians** David Hein,Gardiner H. invaluable resource thoroughly grounded in research and full of practical observations for clergy judicatory executives seminary professors and long range planners **Hope in the Thought of Jacques Ellul** Lawrence J. Terlizese, 2005-10-30

Hope expresses more than an area of concentration in Ellul's thought it is the central idea that binds his disparate elements together Ellul believed that at this moment of history the world since 1945 hope must preoccupy our thinking and lives To understand hope we must first comprehend its absence This entails discerning what causes the absence of hope namely the world's embrace of technique and the abandonment of God Ellul also rejected these as a positive affirmation He wanted to make a firm distinction between reality and truth He affirmed modern abandonment as a realistic fact as an accurate analysis of the present condition not as an affirmation of the truth Hope is truth in Jesus Christ but truth must be asserted against these harsh facts He used facts to incite hope in believers to shake their complacency and to realize their actual condition in the world The idea of hope in the thought of Jacques Ellul can only be properly understood in light of dialectic struggle between negatives which amount to factual representations of the modern world and positives through which hope exerts itself in the face of these facts From this tension will issue personal resolve Technique has brought the world to great collective heights and achievements but this has come at the expense of personal ends and meaning Ellul attempted to bridge this gap by asserting individual meaning against the aggregated progress of technique without destroying the gains made by collective advance This represents the central dilemma in Ellul's thought how does one maintain meaning and personal aims in a world founded on corporate necessity from the Introduction In Alien Heat Steve Dewey, John Ries, 2005-12 There has probably never been anything like it in UFO history but the UFO fever that gripped the small British town of Warminster for about a decade is now largely forgotten It was one of the largest UFO flaps ever to occur Thousands of witnesses reported seeing the Warminster Thing The hilltops around the town attracted a loyal band of followers all waiting for the magic sighting the landing the contact The authors were themselves among the skywatchers and spent nights on Cradle Hill the center of the phenomenon watching and waiting for UFOs but also watching and listening to the witnesses and ufologists IN ALIEN HEAT introduces the Warminster phenomenon to a new generation of readers It contains a short history of the phenomenon places it in its social and historical context and examines the possible mechanisms that initiated and sustained this remarkable UFO flap 21st Century Opportunities and Challenges Howard F. Didsbury, 2003 Comprises a collection of 26 futurist essays *Bound and Free* Douglas John Hall, In our largely secular postmodern environment theology perhaps appears quaint and archaic Yet Never has a thinking faith been more vital than today says Douglas John Hall when religious pluralism and fundamentalisms abound Precisely because we live in a post Christendom era he asserts serious religious reflection on the meaning and import of Christian faith is indispensable to renewing a sidelined church a disoriented society and ourselves as people of faith Hall shows how in his fifty years of theological journeying he himself has come to see in theology a personal quest or even compulsion to dive deeply into life's deepest ambiguities to take on the perplexity and

disorientation of one's age and to struggle to find meaning in the hiddenness of God Christians around North America have come to depend on Douglas John Hall's writings to keep their faith honest and relevant Now in *Bound and Free* they will find a brief but earnest apology for the theological vocation as well as a personal testimony to a life of grappling with God as glimpsed in doubt question and quest
