Faith Reason And Political Life Today:

Faith, Reason, and Political Life Today Peter Augustine Lawler, Dale McConkey, 2001-01-01 This rich and varied collection of essays addresses some of the most fundamental human questions through the lenses of philosophy literature religion politics and theology Peter Augustine Lawler and Dale McConkey have fashioned an interdisciplinary consideration of such perennial and enduring issues as the relationship between nature and history nature and grace reason and revelation classical philosophy and Christianity modernity and postmodernity repentance and self limitation and philosophy and politics These tensions are explored through the works of such eminent thinkers as Aristotle Augustine and Tocqueville but the contributors engage a wide variety of texts from popular culture American literature Flannery O Connor receives notable attention and social theory to create a remarkably comprehensive if far from harmonious introduction to political philosophy today Faith, Reason, and Political Life Today Dale McConkey, 2001-03-21 This rich and varied collection of essays

addresses some of the most fundamental human questions through the lenses of philosophy literature religion politics and theology Peter Augustine Lawler and Dale McConkey have fashioned an interdisciplinary consideration of such perennial and enduring issues as the relationship between nature and history nature and grace reason and revelation classical philosophy and Christianity modernity and postmodernity repentance and self limitation and philosophy and politics These tensions are explored through the works of such eminent thinkers as Aristotle Augustine and Tocqueville but the contributors engage a wide variety of texts from popular culture American literature Flannery O Connor receives notable attention and social theory to create a remarkably comprehensive if far from harmonious introduction to political philosophy today *Faith, Morality, and Civil Society* Dale McConkey, Peter Augustine Lawler, 2003-01-01 In this rich collection of essays editors Dale McConkey and Peter Augustine Lawler explore the contributions that religious faith and morality can make to a civil society Though the level of religious expression has remained high in the United States the shift from traditional religious beliefs to a far more individualized style of faith has led many to contend that no faith commitment collective or personal should contribute to the vibrancy of a civil democratic society Challenging those who believe that the private realm is the only appropriate locus of religious belief the contributors to this volume believe that religion can inform and invigorate the secular institutions of society such as education economics and politics Drawn from a wide variety of religious and moral traditions these diverse essays show from many perspectives the important contribution religion has to make in the public square that is civil society *History of American Political Thought* Bryan-Paul Frost, Jeffrey Sikkenga, 2003-01-01 Revised and updated this long awaited second edition provides a comprehensive introduction to what the most thoughtful Americans have said about the American experience from the colonial period to the present The book examines the political thought of the most important American statesmen activists and writers across era and ideologies helping another generation of students scholars and citizens to understand more fully the meaning of America This new second edition of the book includes

new essays on Walt Whitman Lyndon Baines Johnson Ronald Reagan and Barack Obama Significant revisions and additions have also been made to many of the original essays increasing the breadth and depth of the collection Leo Strauss and His Legacy John Albert Murley,2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss s students and their students students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss s own complete bibliography and that of one of his most revered students George Anastaplo **Private Agriculture in Armenia** Zvi Lerman,Astghik Mirzakhanian,2001-01-01 This book details and analyzes an extensive farm survey of Armenian land reform Zvi Lerman and Astghik Mirzakhanian two principal contributors to the design of the study present their invaluable insight into the rapid land reform strategy implemented in Armenia Unique among the former Soviet Republics the entire agricultural sector of this country shifted from collective large scale farm enterprises to individual production in 1992 The authors pay special attention to the commercialization of private farms and their access to supply and marketing channels outside the old state controlled system Family incomes from farming and off farm sources are discussed as well as problems of rural social services and social infrastructure The authors demonstrate how official statistical measures and record keeping practices in Armenia do not adequately account for this dramatic transition *Plato's Cleitophon* Mark Kremer,2004-01-01 It had been thought that theCleitophon was a spurious dialogue Its brevity and the fact that Socrates does not respond to accusations from Cleitophon suggested to scholars that it was only a fragment However in the last fifteen years the complete and authentic dialogue was rediscovered Upon its discovery scholars have almost universally agreed that the Cleitophon is the introduction to Plato sRepublic In Plato s Cleitophon On Socrates and the Modern Mind editor translator and author Mark Kremer has mined some of the best scholarship on the relationship of Plato s Cleitophon and its relationship to modern thought It is the contention of the editor that the Cleitophon is an ancient example of the psychic social cultural and moral strain that is put upon the citizens of a republic when their society begins to erode on all fronts This work has the potential to afford readers an ancient perspective on ourselves by showing us how we appear in Plato s mind It should be read by anyone who has ever read Plato sRepublic as well as anyone who is concerned about the social psychic cultural and moral effects of postmodernity and globalization **Behemoth Teaches Leviathan** Geoffrey M. Vaughan,2007-03-01 Did Hobbes s political philosophy have practical intentions There exists no Hobbiest school of thought no new political order was inspired by Hobbesian precepts Yet in Behemoth Teaches Leviathan Geoffrey M Vaughan revisits Behemoth to reveal hitherto unexplored pedagogic purpose to Hobbes s political philosophy The work demonstrates Hobbes s firm commitment to government and his attempts to create a system of political education to underpin his commitment to sovereignty Vaughan explore Hobbes s political education in detail and in an epilogue considers the resurgence of political education in contemporary liberal theory He discovers that contemporary political education has far more in common with Hobbes s system than it does with early liberalism *Totalitarianism and the Prospects for World*

Order Alexander Shtromas,2003-01-01 A remarkably prescient thinker Aleksandras Shtromas devoted his life to understanding totalitarianism and political change This posthumous collection of writings edited by Robert Faulkner and Daniel J Mahoney addresses some of the topics that preoccupied Shtromas throughout his life including totalitarian regimes postcommunist transitions the fates of the Baltic states and the nature of political revolutions **Liberty, Wisdom, and Grace**

John Hittinger,2002-01-01 Liberty Wisdom and Grace is a comprehensive survey of the Thomists contributions to contemporary political thought as well as a detailed analysis of their approach to democracy **Liberty, Wisdom, and Grace**

John P. Hittinger,2002-12-11 Twentieth century French philosophers Jacques Maritain and Yves R Simon pioneered new approaches to understanding and defending political democracy in the wake of two world wars Rather than break from a religious tradition that seemed to struggle against modernity and certain forms of democratic theory and practice these thinkers instead looked back to the philosophy of Aristotle and Thomas Aquinas to propel Catholic political philosophy forward The profound influence of Maritain and Simon is manifest in the dramatic achievements of Vatican II and in the work of the scholars of political philosophy who learned from them John P Hittinger one of the finest of these scholars provides in Liberty Wisdom and Grace a comprehensive survey of the Thomists contributions to contemporary political thought as well as a detailed analysis of their approach to democracy Hittinger treats criticism of Maritain including the work of Catholic political writer Aurel Kolnai and discusses the alternative democratic visions of John Locke and David Richards His portraits of thinkers who have wrestled with democracy in the Thomist tradition such as Leo Strauss and John Paul II are sensitive and engaging Addressing questions of religion and philosophy broadly understood the essays collected here offer a searching examination of democratic theory in the modern age **The Dialogue in Hell Between Machiavelli and Montesquieu**

Maurice Joly,2003-01-01 The Dialogue in Hell between Montesquieu and Machiavelli is the source of the world s most infamous literary forgery The Protocols of the Elders of Zion John Waggoner s superb translation of and commentary on Joly s Dialogue the first faithful translation in English seeks not only to update the sordid legacy of the Protocols but to redeem Joly s original work for serious study in its own right rather than through the lens of antisemitism Waggoner s work vindicates a man who was neither an antisemite nor a supporter of the kind of tyrannical politics the Protocols subsequently served and presents Maurice Joly once much maligned and too long ignored as one of the nineteenth century s foremost political thinkers Gladly to Learn and Gladly to Teach

Ernest L. Fortin,2002-01-01 For half a century Ernest Fortin s scholarship has charmed and educated theologians and philosophers with its intellectual search for the best way to live Written by friends colleagues and students of Fortin this book pays tribute to a remarkable thinker in a series of essays that bear eloquent testimony to Fortin s influence and his legacy A formidable commentator on Catholic philosophical and political thought Ernest Fortin inspired others with his restless inquiries beyond the boundaries of conventional scholarship With essays on subjects ranging across philosophy political science literature and theology Gladly to Learn and Gladly to Teach

reflects the astonishing depth and breadth of Fortin's contribution to contemporary thought *Cultivating Citizens* Dwight D. Allman, Michael D. Beaty, 2002-01-01 Civic virtues public service and personal sacrifice and responsibility have again become vital questions for Americans struggling with the moral and political problems of citizenship In *Cultivating Citizens* Dwight Allman and Michael Beaty bring together some of America's leading social and political thinkers to address the question of civic vitality in contemporary American society The resulting volume is a serious reflection on the history of civil society and a rich and rewarding conversation about the future American civic order **The Paradox of Philosophical**

Education J. Harvey Lomax, 2003-01-01 Lomax pays particular attention to the problematic concept of nobility which concerned Nietzsche during his later years This study provides a close textual analysis and a thoughtful reconceptualization of *Beyond Good and Evil* The Paradox of Philosophical Education Harvey J. Lomax, 2003-01-28 The Paradox of

Philosophical Education Nietzsche's New Nobility and the Eternal Recurrence in *Beyond Good and Evil* is the first coherent interpretation of Nietzsche's mature thought Author Harvey Lomax pays particular attention to the problematic concept of nobility which concerned the philosopher during his later years This sensitive reading of Nietzsche examines nobility as the philosopher himself must have seen it as a true and powerful longing of the human soul interwoven with poetry philosophy religion and aristocratic politics Both a close textual analysis and a thoughtful reconceptualization of *Beyond Good and Evil* The Paradox of Philosophical Education penetrates beyond the philosopher's mask of caustic irony to the face of the real Nietzsche a lover of wisdom whose work sought to resurrect it in all its Socratic splendor **Eric Voegelin's Asian**

Political Thought Lee Trepanier, 2020-06-22 The rise of Asia in global affairs has forced western thinkers to rethink their assumptions theories and conclusions about the region Eric Voegelin's *Asian Political Thought* brings together a mixture of established and rising scholars from both Asia and the West to reflect upon the political philosopher's thought about China Japan Korea Central Asia and India From Voegelin's writings readers will not only understand how Voegelin's approach can illuminate the fundamental principles and issues about Asia but also what are the challenges and possibilities that Asia offers in the twentieth first century For those who want to move past the superficial commentary and clichés about Asia Eric

Voegelin's *Asian Political Thought* is the book for you **Tocqueville and the Frontiers of Democracy** Richard Boyd, Ewa Atanassow, 2013-03-29 This collection of essays uses Alexis de Tocqueville's writings to explore the dilemmas of democratization in the twenty first century **The Political Philosophy of Pierre Manent** Joseph R. Wood, 2024-08-30

This book presents and evaluates the understanding of political form in the work of Pierre Manent The study of political form is Manent's central philosophical task He is interested in the nature of man in the action that makes us human and thus in politics and political action as privileged windows into human nature and what it is to be human Manent places himself in the classical political tradition with its foundations in human nature and in a politics that accords with nature He also situates himself within a triangle of faith philosophy and politics all of which interest him as part of the reality of things even as he

avoids an exclusive commitment to any one vertex in his investigation. The book first examines the major influences on Manent: the overarching questions that guide his work on political form, the theologico-political question, and the question of the modern difference with the ancient view of man and politics; and his two intertwined paths of inquiry into political events and political thought. Manent describes political forms as the modes of human association that no science has taken as its specific object. City, empire, Church, national monarchy, or nation-state and modern state are the principal forms that he examines. The book discusses Manent's thinking on each form in turn, together with the tensions that propel the changes or motion in political form that Manent sees as driving and revealing the course of European political development. Using the work of Alasdair MacIntyre, Russell Hittinger, Étienne Gilson, Robert Sokolowski, and Francis Slade, the book evaluates Manent's insights into the modern state and political condition, which he judges to be exhausted, as well as his call for the preservation of the form of the nation marked by Christianity.

Dissent and Philosophy in the Middle Ages Ernest L. Fortin, 2002-08-06

Dissent and Philosophy in the Middle Ages offers scholars of Dante's *Divine Comedy* an integral understanding of the political, philosophical, and religious context of the medieval masterwork. First penned in French by Ernest L. Fortin, one of America's foremost thinkers in the fields of philosophy and theology, *Dissidence et philosophie au moyen âge* brings to light the complexity of Dante's thought and art and its relation to the central themes of Western civilization. Available in English for the first time through this superb translation by Marc A. LePain, *Dissent and Philosophy* will make a supremely important contribution to the discussion of Dante as poet, theologian, and philosopher.

Unveiling the Power of Verbal Beauty: An Emotional Sojourn through **Faith Reason And Political Life Today**

In some sort of inundated with screens and the cacophony of fast interaction, the profound energy and psychological resonance of verbal art frequently fade in to obscurity, eclipsed by the regular onslaught of sound and distractions. Yet, located within the musical pages of **Faith Reason And Political Life Today**, a fascinating perform of literary elegance that pulses with fresh feelings, lies an unforgettable trip waiting to be embarked upon. Published by way of a virtuoso wordsmith, this mesmerizing opus manuals readers on an emotional odyssey, delicately revealing the latent possible and profound impact stuck within the complex web of language. Within the heart-wrenching expanse of this evocative examination, we can embark upon an introspective exploration of the book is central styles, dissect their captivating writing style, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
