Faithful Generations Race And New Asian American Churches:

Faithful Generations Russell Jeung, 2005 Religion both personal faith and institutional tradition plays a central role in the lives of the 12.5 million Asians in the United States. It provides comfort and meaning, shapes ethical and political beliefs, and influences culture and arts. This work details the significance of religion in the construction of Asian American identity.

Asian American Religious Cultures Jonathan H. X. Lee, Fumitaka Matsuoka, Edmond Yee, Ronald Y. Nakasone, 2015-09-01
A resource ideal for students as well as general readers, this two-volume encyclopedia examines the diversity of the Asian American and Pacific Islander spiritual experience. Despite constituting a fairly small proportion of the U.S. population, roughly 5 percent Asian Americans are a widely diverse group with equally heterogeneous religious beliefs and traditions. This encyclopedia provides a single source for authoritative information on the Asian American and Pacific Islander religious experience, addressing South Asian Americans such as Indian Americans and Pakistani Americans, East Asian Americans including Chinese Americans, Japanese Americans, and Korean Americans, and Southeast Asian Americans whose ethnicities include Filipino Americans, Thai Americans, and Vietnamese Americans. Pacific Islanders include Hawaiians, Samoans, Marshallese, Tongan, and Chamorro. The coverage includes not only traditional eastern belief systems and traditions such as Buddhism, Confucianism, and Hinduism, as well as Micronesian and Polynesian religious traditions in the United States, but also the culture and religious rituals of Asian American Christians.

From Arrival to Incorporation Elliott Barkan, Hasia R. Diner, Alan M. Kraut, 2008 The United States is once again in the midst of a peak period of immigration. By 2005, more than 35 million legal and illegal migrants were present in the United States. At different rates and with differing degrees of difficulty, a great many will be incorporated into American society and culture. Leading immigration experts in history, sociology, anthropology, economics, and political science here offer multiethnic and multidisciplinary perspectives on the challenges confronting immigrants adapting to a new society. How will these recent arrivals become Americans? Does the journey to the U.S. demand abandoning the past? How is the United States changing even as it requires change from those who come here? Broad thematic essays are coupled with case studies and concluding essays analyzing contemporary issues facing Muslim newcomers in the wake of 9/11. Together, they offer a vibrant portrait of America's new populations today. Contributors: Anny Bakalian, Elliott Barkan, Mehdi Bozorgmehr, Caroline Brettell, Barry R. Chiswick, Hasia Diner, Roland L. The Rowman & Littlefield Handbook of Contemporary Christianity in the United States Mark A. Lamport, 2022-02-15 The Handbook of Contemporary Christianity in the United States is a one-volume examination of Christianity in its role, contributions, and embattled engagements with the contemporary culture of the postmodern United States. While Christianity has been a sustaining force and dominant storyline of the historical foundations of America, obvious social, political, and scientific inroads have lessened

its influence and altered the issues considered The handbook explores the strengths and weaknesses of the Christian faith and traditions in the United States and its rich and textured history with a discernable eye toward how the message strategies and initiatives of Christianity has adapted to contemporary American life **Opening the Red Door** Hae-Jin Choe,2022-04-14 Many second generation Korean Americans SGKAs are living lives of marginality on the edge of Korean American and American cultures This double life often leads to heightened mental health concerns The rise of Asian hate crimes in this country in recent months have added to the distress in this population Due to cultural stigma however SGKAs may not seek out counseling or other mental health services If they do their unique cultural formation is often not fully addressed impeding growth and healing Red Door Ministry RDM a pastoral counseling center that started at a local Korean American church serves as a model for addressing this issue Built from a postcolonial understanding of third space RDM is constructed with various culturally sensitive elements that allow SGKAs to move from places of shame on the margins to empowered new centers This transformation is examined by four in depth interviews of RDM clients These clients show that healing and empowerment were possible because their complex cultural hybridity was addressed in the process of counseling This process is analyzed using concepts from Western psychological theories Korean American theology and postcolonial theory *Japanese Americans* Paul R. Spickard,2009 Since 1855 nearly half a million Japanese immigrants have settled in the United States and today more than twice that number claim Japanese ancestry While these immigrants worked hard established networks and repeatedly distinguished themselves as entrepreneurs they also encountered harsh discrimination Nowhere was this more evident than on the West Coast during World War II when virtually the entire population of Japanese Americans was forced into internment camps solely on the basis of ethnicity **T&T Clark Handbook of Asian American Biblical Hermeneutics** Uriah Y. Kim,Seung Ai Yang,2019-05-30 The first reference resource on how Asian Americans are currently reading and interpreting the Bible this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics The volume works from the important background that Asian Americans are the fastest growing ethnic racial minority population in the USA and that 42% of this group identifies as Christian This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population by country of origin China Philippines Indian Subcontinent Vietnam Korea Japan and outlines the specific concerns each group has when its members read the Bible Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible Finally Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible using what they consider to be Asian American hermeneutics Taken together the Handbook interprets the Bible both with and for the Asian American communities *Solving the Immigrant Church Crisis* Ronald M. Rothenberg,2016-08 Solving the Immigrant Church Crisis

The Biblical Solution of Parallel Ministry Acts 6 1 7 addresses the crisis of the immigrant church in which complex cultural and linguistic factors create a reticence on the part of immigrants to transfer financial and decision making authority to succeeding generations and this results in a culturally irrelevant ministry to those generations an exodus of believers from the church a spiritually immature remnant and an inability to reach the lost The thesis of this book is that parallel ministry based on Acts 6 1 7 is the biblical solution to the crisis in the immigrant church While there are at least two main aspects of this crisis a spiritual relational and an ecclesiastical aspect this book focuses on the ecclesiastical aspect of defining the biblical structure of church government Specifically this book is for immigrant churches primarily in the United States and offers them a biblical and practical solution to the problem plaguing them for over two centuries of how to minister effectively to the succeeding generations **SANACS Journal 2012-2013** Young Lee Hertig, Editor, 2013-06-11 Issue 4

Featuring articles from Asian American Equipping Symposium II III Contemporary Chinese America Min Zhou, 2009-04-07 A sociologist of international migration examines the Chinese American experience Christianity, Social Justice, and the Japanese American Incarceration during World War II Anne M. Blankenship, 2016-10-07 Anne M Blankenship's study of Christianity in the infamous camps where Japanese Americans were incarcerated during World War II yields insights both far reaching and timely While most Japanese Americans maintained their traditional identities as Buddhists a sizeable minority identified as Christian and a number of church leaders sought to minister to them in the camps Blankenship shows how church leaders were forced to assess the ethics and pragmatism of fighting against or acquiescing to what they clearly perceived even in the midst of a national crisis as an unjust social system These religious activists became acutely aware of the impact of government as well as church policies that targeted ordinary Americans of diverse ethnicities Going through the doors of the camp churches and delving deeply into the religious experiences of the incarcerated and the faithful who aided them Blankenship argues that the incarceration period introduced new social and legal approaches for Christians of all stripes to challenge the constitutionality of government policies on race and civil rights She also shows how the camp experience nourished the roots of an Asian American liberation theology that sprouted in the sixties and seventies

Catherine A. Brekus, W. Min, 2018-03-28 Faith hope and love traditionally called theological virtues are central to Christianity This book renews faith hope and love in the context

of the many contemporary challenges in many unique ways It is an ecumenical collection of papers equally divided between Catholic and Protestant positions that seek to radically renew the classical doctrine of faith hope and love and argues for their essential connection to the praxis of justice It contains eight different approaches each represented by a distinguished theologian and addressing different aspects of the issues and followed by insightful and critical responses It does not merely seek to renew the theological virtues but to also reconstruct them in the demanding context of justice and the contemporary world nor is it simply a treatise on justice but a theoretical and practical reflection on justice as vital expressions of faith in God hope in God and love of God A non dogmatic and non ideological approach it accommodates both conservative and liberal positions and avoids the separation of the theological virtues from the demands of the contemporary world as well as the separation of justice talk from the theological context of faith hope and love It seeks above all to renew not merely repeat the classical doctrine of faith hope and love in the contemporary context of the urgency of justice and to do so ecumenically comprehensively and from a variety of perspectives and aspects

The Changing Landscape of Work and Family in the American Middle

Class Elizabeth Rudd, Lara Descartes, 2008-03-14 This collection explores the dynamics of the modern middle class American family and its near constant state of transition. The editors introduce the book by situating it within the context of work family and ethnographic research on middle class families in the United States. Emerging and established scholars contributed chapters based on their original field research, following each chapter with a personal reflection on doing field work. The volume concludes with an original essay by Kathryn Dudley, an anthropologist who has spent decades studying the intersections of work family and class in American culture. As a whole, the volume highlights how culture shapes family life amid shifting social and economic landscapes. The authors, working in the fields of anthropology and sociology, observed daily life at workplaces and in homes, interviewing people about their work, their children, and their ideas about what makes a good family. They report on their fieldwork in essays rich with the detail of everyday life, revealing the fascinating diversity of American middle class families through chapters about gay co father families, African American stay at home mothers, first time fathers, rural refugees from corporate America, well off white mothers, Taiwanese immigrant churches, the fetal ultrasound, and more. *The Changing Landscape of Work and Family in the American Middle Class* is an excellent text for classes in anthropology, sociology, American culture, family studies, work and family, and gender studies.
