Fake A Meditation On Authenticity:

Paradoxes of Authenticity Julia Straub, 2014-03-15 Authenticity is one of the most crucial but also most contested concepts in literary and cultural studies. Hollowed out by postmodernist theory, it paradoxically enough persists as an important backdrop for the discussion of literature, film and the visual arts. The essays in this volume explore perspectives on authenticity and case studies dealing with the authentic. They thereby seek to show how the paradoxical persistence of authenticity in contemporary critical discourse can be turned into a fruitful point of departure for an analysis of literary texts but also films and the visual arts.

Henri Matisse Catherine C. Bock Weiss, 2014-02-25 First published in 1996. The art of the extraordinary French artist Henri Matisse 1869-1954 has provided visual pleasures and intellectual challenges to its viewers for the last hundred years. This is a collection of gathered, summarized and evaluated major literature on the artist, primarily from France, the United States, Germany and the Scandinavian countries, where major Matisse collections bear witness to early and intense interest in the artist's work.

The Culture of the Copy Hillel Schwartz, 1996-11-01 The Culture of the Copy is an unprecedented attempt to make sense of the Western fascination with replicas, duplicates and twins. In a work that is breathtaking in its synthetic and critical achievements, Hillel Schwartz charts the repercussions of our entanglement with copies of all kinds, whose presence alternately sustains and overwhelms us. Through intriguing and at times humorous historical analysis and case studies in contemporary culture, Schwartz investigates a stunning array of simulacra, counterfeits, decoys, mannequins and portraits, ditto marks, genetic cloning, war games and camouflage, instant replays, digital imaging, parrots and photocopies, wax museums, apes and art forgeries, not to mention the very notion of the Real McCoy. Working through a range of theories on biological, mechanical and electronic reproduction, Schwartz questions the modern esteem for authenticity and uniqueness. The Culture of the Copy shows how the ethical dilemmas central to so many fields of endeavor have become inseparable from our pursuit of copies of the natural world of our own creations, indeed of our very selves. This updated edition takes notice of recent shifts in thought with regard to such issues as biological cloning, conjoined twins, copyright, digital reproduction and multiple personality disorder. At once abbreviated and refined, it will be of interest to anyone concerned with problems of authenticity, identity and originality.

reflect on their own beliefs while enjoying the journey of self discovery *Authenticity* Patrick Finney, 2020-04-28 The pursuit of authenticity is a contemporary obsession From hipster fixations on artisan coffee and vintage clothing through to the electoral success of supposedly unspun populist politicians like Donald Trump a yearning for the real pervades our culture Yet while highly prized and desired authenticity is also profoundly elusive and contested This volume stages a wide ranging interdisciplinary interrogation of the concept with case studies ranging from collective memory of the Second World War through the historical fiction of Sarah Waters to the confessional art of Tracey Emin With contributors drawn from memory studies cultural history English literature theatre studies and art criticism it explores how authenticity is in play in diverse practices of reading remembering and performing The chapters demonstrate that authenticity has no single stable definition but is rather invoked in very diverse ways both descriptively and prescriptively in many diverse contexts They also make clear that it is not an inherent quality but the product of orchestration performance and inter subjective negotiation This book was originally published as a special issue of *Rethinking History* *The English Renaissance and the Far East* Adele Lee, 2017-10-25 *The English Renaissance and the Far East* Cross Cultural Encounters is an original and timely examination of cultural encounters between Britain China and Japan It challenges accepted Anglocentric models of East West relations and offers a radical reconceptualization of the English Renaissance suggesting it was not so different from current developments in an increasingly Sinocentric world and that as China in particular returns to a global center stage that it last occupied pre 1800 a curious and overlooked synergy exists between the early modern and the present Prompted by the current eastward tilt in global power in particular towards China Adele Lee examines cultural interactions between Britain and the Far East in both the early modern and postmodern periods She explores how key encounters with and representations of the Far East are described in early modern writing and demonstrates how work of that period particularly Shakespeare has a special power today to facilitate encounters between Britain and East Asia Readers will find the past illuminating the present and vice versa in a book that has at its heart resonances between Renaissance and present day cultural exchanges and which takes a cyclical long view of history to offer a new innovative approach to a subject of contemporary importance ***Faking It*** William Ian Miller, 2003-08-18 This book is about the intrusive fear that we may not be what we appear to be or worse that we may be only what we appear to be and nothing more It is concerned with the worry of being exposed as frauds in our profession cads in our love lives as less than virtuously motivated actors when we are being agreeable charitable or decent Why do we so often mistrust the motives of our own deeds thinking them fake though the beneficiary of them gives us full credit Much of this book deals with that self tormenting self consciousness It is about roles and identity discussing our engagement in the roles we play our doubts about our identities amidst this flux of roles and thus about anxieties of authenticity *A Feast of the Nectar of the Supreme Vehicle* , 2018-10-23 A full translation of an important Mah y na Buddhist treatise with a commentary by the famous Tibetan luminary Jamg n Mipham A monumental

different groups struggle for recognition **Fake** William Olander, Lynne Tillman, New Museum of Contemporary Art (New York, N.Y.), 1987 Description Fake organized by William Olander To utter the word fake to point a finger and say fraud to declare what was believed to be original counterfeit can promote an extraordinary rupture in the social fabric To create a fake to perpetrate a fraud to pass a counterfeit is literally illegal but in a broader metaphoric sense each constitutes a subversive act which if not prosecutable is not easily tolerated Yet in a global economy increasingly dominated by high technology capable of reproducing copies more real than the real thing the fake is revealed only with great difficulty Indeed for a fake to operate as a fake it must pass as an original circulating freely in our system of late capitalism from the art forgery to the knock off high fashion from the pirated record album to the copyright infringement Catalogue *Suburban Ambush* Robert Siegle, 1989-11 Suburban Ambush tells the story of the reinvention of American fiction It draws its title from a piece by Ron Kolm which has appeared in several versions and nearly twenty magazines around the world the conceit of a military strike on the heart of Suburbia has considerable resonance **Authentic Memoirs of the life and surprising adventures of John Sheppard, who was executed at Tyburn ... 1724 ...
