## **Hawthorne As Myth Maker A Study In Imagination:**

**Hawthorne as Myth-maker** Hugo McPherson, 1969      **Hawthorne's Visual Artists and the Pursuit of a Transatlantic Aesthetics** Kumiko Mukai, 2008 Among Hawthorne's primary themes the visual arts have usually been regarded as an afterthought and have only been examined to elucidate his own personal philosophy Hawthorne's own contemporaries derided him for his mediocre aesthetics and that view has been taken as received wisdom up to the present day This study reexamines Hawthorne's aesthetics and suggests that he was much more familiar with the art and artists of the time than has previously been acknowledged by critics He developed his own eclectic and transatlantic view of art a view which incorporated decorative arts like embroidery while maintaining a modest estimation of his own talents This book examines the full range of visual artists whom Hawthorne portrays It argues that these portrayals illuminate the artist's dilemma of being fettered by New England Puritanism while at the same time being attracted to the richness and depth of both Victorian aesthetics and the artistic sense of Old World Catholicism The ambiguous destinies of his artist characters include misunderstandings and disputes while at the same time they suggest a reconciliation of the conflicting sentiments and transatlantic perspectives of the writer himself      Adapting Nathaniel Hawthorne to the Screen Laurence Raw, 2008 Raw explains how some filmmakers have tackled the difficulty of Hawthorne's material by treating it as being firmly situated in American life of the mid nineteenth century while others have used Hawthorne's work to comment on various aspects of twentieth century American life This latter device is particularly evident in the many versions of *The Scarlet Letter* including a 1950 television broadcast that aired two months after senator Joseph McCarthy's speech about card carrying members of the Communist Party and 1960s and early 70s versions supporting countercultural values      *A Historical Guide to Nathaniel Hawthorne* Larry J. Reynolds, 2001-07-19 Nathaniel Hawthorne remains one of the most widely read and taught of American authors This Historical Guide collects a number of original essays by Hawthorne scholars that place the author in historical context Like other volumes in the series *A Historical Guide to Nathaniel Hawthorne* includes an introduction a brief biography a bibliographical essay and an illustrated chronology of the author's life and times Combining cultural criticism with historical scholarship this volume addresses a wide range of topics relevant to Hawthorne's work including his relationship to slavery children mesmerism and the visual arts      Nathaniel Hawthorne As Political Philosopher John E. Alvis, 2013-11-18 Using the works of Nathaniel Hawthorne as a case study John E Alvis shows that a novelist can be a political philosopher He demonstrates that much of Hawthorne's works are rooted in the American political tradition Once we view his writings in connection with the principles expressed in the Declaration of Independence we grasp that what Thomas Jefferson and John Adams had stated explicitly Hawthorne's fiction conveys dramatically With examples drawn from Hawthorne's shorter works as well as acknowledged classics such as *The Scarlet Letter* John E Alvis shows that Hawthorne's characters bear something sacred in their generic humanity yet are subject to moral judgment He conveys reciprocity

between obligations regulating individual relations and the responsibilities of individuals to their community From America's founding proclamations in the Declaration of Independence we take a sense of national aspirations for a political order that conforms to laws of nature and nature's God From this higher law emerge the principles enumerated in that revolutionary document Are these principles confined to the political or do they reach into the experience of citizens to inform conduct Do they include family local community and individual face to face relations with neighbors and strangers Can one make a distinct way of life by fidelity to such standards as higher law equality liberty natural rights and consent This study is distinguished from other writings on Hawthorne in its largely positive focus on America Alvis characterizes Hawthorne as a rational patriot who endorses America's new terms for human association This fascinating study provides new insights into the mind of one of the greatest American writers

*American Literature Studies on Emerson, Thoreau, Hawthorne, Melville and Whitman* Sujata Gurudev, 2006-12 The Present Book Attempts To Bring Before The Reading Public An In Depth Analysis Of The Literary Scenario Of 19Th Century America Focusing Mainly On Diverse Literary Talents From Men Of Letters Like Emerson And Thoreau To Novelists Like Hawthorne And Melville To The Prophetic Vision Of Whitman The Period Being One Of The Richest In American History Saw The Flowering Of A Rare Breed Of Humanism Where An All Out Attempt Was Made To Understand The Egoistic And Altruistic Motives In Man Transcendentalism Was The Crowning Glory Of Such An Attempt While The Dark Shadow Of Puritanism Cast Over Hawthorne's Fiction An Uneasy Shadow Melville Passionately Denounced In Fictional Terms The Duplicity Of What He Termed As Divine Depravity Whitman Celebrated The Word En Masse Or The Divine Average Thoreau Likewise Walked Past The Walden Pond With A Naturalistic Zeal Attempting To Come To Terms With Nature Red In Tooth And Claw The Book Attempts To Wade Through A Bewildering Literary Maze In An Attempt To Highlight Not Merely The Literary Figures Of The Age Their Celebrated Works But Also The Reasons Behind The Flowering Of Genius Replete With In Depth Critical Research The Present Book Will Serve As An Ideal Reference Book On American Literature Both Students And Teachers Of The Subject Will Find It Equally Useful And Indispensable

**Hawthorne's the Marble Faun** Richard E. Mezo, 1999-05 Since its publication in 1860 critics have questioned the artistic value of Hawthorne's *The Marble Faun* A revival of critical interest during the 1950's and 1960's has done little to change a generally unfavorable opinion of the work With a few notable exceptions most recent critics believe *The Marble Faun* to be inferior to Hawthorne's other completed romances Such opinions however usually seem to be based upon the personal taste of the individual critic rather than upon any sort of objective artistic standards The purpose of this study is to examine and evaluate the various critical approaches to *The Marble Faun* These interpretations provide the basis for a re appraisal of the work A study of the structure the main themes and the characters of *The Marble Faun* reveals that it is not an inferior work of art In many respects *The Marble Faun* reflects the maturity of Hawthorne's artistic and philosophical beliefs *The Marble Faun* is a work capable of standing on its own merits Some critics have misunderstood Hawthorne's aesthetic principles Hawthorne

thought that art should be used to suggest moral values The power of art he believed was in its suggestiveness The creation of an ideal beauty which has no exact counterpart in the material world suggests the reality of an unknowable divine providence However the value of a work of art depends upon the mood of the viewer The viewer must assist the artist with his sympathy and imagination in an act of continual creation The work of art will reflect back only those qualities which are brought to it by the viewer Hawthorne s view of life is similar to the philosophy expressed by modern Christian existentialists Throughout his writings Hawthorne s concern for humanity is evident In *The Marble Faun* Hawthorne explores a problem which has become almost an obsession of modern man This problem is the question of man s moral position in what seems to be a meaningless if not hostile universe The most important theme of *The Marble Faun* is a consideration of the consequences of man s alienation from other men from God and from nature The structure and the themes of *The Marble Faun* are developed through the actions of the major characters Hilda Miriam Donatello and Kenyon are each transformed by a fall from relative innocence into a world of suffering humanity Donatello s transformation from faun to man is more striking than the transformations of the other three characters and it is his fall which leads to the question of the *felix culpa* Although Hilda and Kenyon are ultimately less mature characters than Donatello and Miriam they also benefit from their experiences in Rome Hawthorne s belief in the brotherhood of all men is demonstrated by the experiences of the major characters in *The Marble Faun* Whether or not it is their wish each of these characters must accept the responsibility for his own actions and each must become involved with humanity It is Hawthorne s deep concern for the human condition profoundly expressed in his art which makes *The Marble Faun* a work of enduring importance to our civilization      **Nathaniel Hawthorne,**

philosophical questing      **The American Jeremiad** Sacvan Bercovitch, 2012-04-19 When Sacvan Bercovitch's *The American Jeremiad* first appeared in 1978 it was hailed as a landmark study of dissent and cultural formation in America from the Puritans writings through the major literary works of the antebellum era For this long awaited anniversary edition Bercovitch has written a deeply thoughtful and challenging new preface that reflects on his classic study of the role of the political sermon or jeremiad in America from a contemporary perspective while assessing developments in the field of American studies and the culture at large

**The Marriage of Heaven and Earth** Randall A. Clack, 2000-08-30 From the Middle Ages to the close of the 17th century alchemy was fundamental to Western culture as scores of experimenters sought to change lead into gold Though its significance declined with the rise of chemistry alchemy continued to captivate the imagination of writers and its images still appear in modern creative works This book examines the literary representation of alchemical theory and the metaphor of alchemical regeneration in the works of Edward Taylor Edgar Allan Poe Nathaniel Hawthorne and Margaret Fuller While Taylor used alchemical metaphors to illustrate the redeeming grace of God upon the soul these same metaphors were used by Poe Hawthorne and Fuller to depict a broader concept of redemption These later writers used alchemical imagery to describe both the regeneration of the individual and the possible transformation of society For Poe alchemy became a metaphor for the transforming power of imagination for Hawthorne it became a means of representing the redeeming power of love for Fuller it figured the reconciliation of gender opposites Thus these four American writers incorporated the idea of regeneration in their works and the tropes and metaphors of the medieval alchemists provided a fascinating way of imagining the transformative process      *Nathaniel Hawthorne, The Scarlet Letter* Elmer Kennedy-Andrews, 2000 At last available in a single volume comprehensive overviews and concise analyses of the key critical texts and approaches to the most studied works of literature By assembling extracts from essays reviews and articles the columbia critical guides provide students with ready access to the most important secondary writings on one or more texts by a given writer each volume Offers a balanced and nuanced approach to criticism drawing on a wide array of British and American sources Explains criticism in terms of key approaches allowing students to grasp the central issues for each work Is edited by a noted scholar who specializes in the writer or work in question Includes notes and a comprehensive bibliography and index With the publication of the scarlet letter in 1850 Nathaniel Hawthorne achieved not only critical recognition in his native New England but also an undisputed place amongst the newly emerging ranks of great American writers This guide introduces and sets in context the enormous range of critical arguments that have been generated by this enduring work From the comments and reviews of Hawthorne's contemporaries through discussions of the novel by fellow artists such as Henry James and D H Lawrence to radical re readings of the postwar decades the reader is given an invaluable guide to the critical progress of this key American text      *Children's Books on Ancient Greek and Roman Mythology* Antoine Brazouski, Mary J Klatt, 1993-11-23 The classical heritage continues to impact modern culture in many
