Baumgartner, 2019-10-07 This two volume set surveys the profound impact of political humor and satire on American culture and politics over the years paying special attention to the explosion of political humor in today's wide ranging and turbulent media environment Historically there has been a tendency to regard political satire and humor as a sideshow to the wider world of American politics entertaining and sometimes insightful but ultimately only of modest interest to students and others surveying the trajectory of American politics and culture This set documents just how mistaken that assumption is By examining political humor and satire throughout US history these volumes not only illustrate how expressions of political satire and humor reflect changes in American attitudes about presidents parties and issues but also how satirists comedians cartoonists and filmmakers have helped to shape popular attitudes about landmark historical events major American institutions and movements and the nation's political leaders and cultural giants Finally this work examines how today's brand of political humor may be more influential than ever before in shaping American attitudes about the nation in which we live **The Sacred Chronicles** Mary E. surveys political satire covering a wide range of periods and events from Aristophanes to the present His absorbing essays focus on the satires of Jonathan Swift Charlie Chaplin Will Rogers Dario Fo and the Guerrilla Girls among others Schechter furthermore examines how the histrionic behavior of some politicians and world leaders has prompted them to become unwitting contributors to political satire He argues that these politicians are as theatrical if not as comic as the plays pamphlets and films in which they are satirically impersonated As examples he cites Hitler Stalin and Reagan as performers whose acts rival anything a satirist could invent and any impersonation a comedian could stage In Schechter's view satiric impersonation is not only an art form through which one living person appears to be another it is also an act that reveals that the person imitated is an imposter For example he comments that while Hitler conquered Europe Chaplin in his film The Great Dictator in his own way conquered Hitler adding him to a repertoire that included the Little Tramp and later Bluebeard Schechter approaches satire with candor and humor personalizing his text by concluding with a memoir of his own brief career as an actor politician
