Kinnaird, 2004-08-13 Listen to radio interview with author Bryan J Kinnaird Sean Delaney explains The KISS show is my show In 1966 a young hippie named Sean Delaney arrived in New York City and checked into the YMCA with only 2 98 in his pocket Sean became one of the top ten record producers in the music industry and was in part responsible for signing a little known band to their first six month contract The band was KISS and the rest became history that has forgotten his presence This is the story KISS doesn t want you to know After years of exile Sean Delaney the self proclaimed creator of theatrical KISS comes forth thirty years after KISS first exploded onto the music scene and changed the face of rock a journey versed in the trials of lucid mayhem that epitomized a radical lifestyle and spanned over a

broad spectrum of events that led to the creation of KISS Through revelations of a fractured upbringing gut wrenching hardships and big dreams fulfilled then lost in the irony of success he survived it all and became the man that nurtured an uncontrollable rock roll monster HELLBOX tells of formidable betrayals and gives unique insight into a secret alliance that was quite possibly a conspiracy that corrupted the partnerships of the powers that originally guided KISS to superstardom This is a story that dares to defy the myths that have been passed off as popularized truths in the history of the legendary band Silenced no longer the first Director of Rock Roll delivers previously untold tales from behind the mystical veil that shrouds KISS painting a fascinating and candid portrait that depicts the band s creation while it follows the life of Sean Delaney one of the most enigmatic and best forgotten legendary songwriters and record producers ever to work in the music industry Littered with intimate trysts explicit scenes from his own unabashed lifestyle and destructive relationships Sean s story is an exposition for KISS fans and connoisseurs of biographies alike HELLBOX chronicles the soul of a rebellious young man with a career filled with achievements He spent the better part of his life searching for a sense of home and an ideal relationship The story of Sean Delaney mends damaging and apocryphal untruths that he claims have been published over the years for the consumption of devoted KISS fans It finally gives voice to a collection of facts that have never been accounted for and rewrites an erased volume of missing history which was the void responsible for sending Sean into his self imposed exile from the music industry for nearly fifteen years Sean exposes his roller coaster ride through life a life that traveled through a band called KISS Sean s riveting account of a tragedy marred by deception proposes a theory that conspiracy may have rocked the behind the scenes business behind the business that became the most lucrative rock roll dynasty in the history of music Sean gives an uncustomary keen look into his past and delves into the history of KISS a history that has forgotten his presence Now let history reflect that Sean Delaney was there This is Sean Delaney s HELLBOX his last and only authorized testament
