The Parables Brad H. Young,2008-03-01 Fully one third of Jesus words in the Synoptic Gospels occur in parables It could be said that knowing the parables is essential for understanding the person of Christ In this work Brad Young displays his unique perspective as a scholar steeped in both Jewish and Christian studies While parables have timeless messages reinterpretations in new contexts throughout the centuries have distorted the original meanings and undermined the essence of what Jesus intended for his initial listeners Young examines the parables that best illustrate the parallels between the rabbinic and Gospel parables He challenges readers to remember that first century Judaism was not merely the backdrop for Jesus teachings but the very stage from which Jesus delivered the message of the kingdom Jesus ethics and theology can be properly understood only in the light of first century Jewish teachings Young focuses on the historical development and theological significance of parables in both traditions and examines five theological subjects that are dealt with in parables prayer grace reconciliation calling and sovereignty

Between Faith and Reason Dr. Martin Sicker,2020-07-13 The studies in this volume discuss some of the issues implicit but not resolved in the Hebrew Scriptures including the problems inherent in the topics of theology and religious philosophy as discussed and argued by scholars for more than two millennia The studies address the problem of philosophy the troublesome issues of moral autonomy and divine omniscience and theodicy from a Judaic perspective In addition it includes a study of the biblical story of the Golden Calf and its religious implications that are more complex than a cursory reading of the biblical text will suggest Finally it includes a discussion of the often misunderstood concepts of the prophet and prophecy as set forth in the biblical texts Although this book does not and cannot resolve the philosophical and theological issues that have persisted through the millennia it hopes

to make clear how these issues have been wrestled with from a Judaic perspectives which will have relevance with regard to the perspectives on these matters of other monotheistic faiths

Calvinism in the Las Vegas Airport Richard J. Mouw, 2010-12-21 What do the Canons of Dordt mean to people in the Las Vegas airport and does anyone there even care? In the movie *Hardcore*, a pious Calvinist elder tries unsuccessfully to explain the TULIP theology of his Dutch Reformed faith to a prostitute in the Las Vegas airport. This incongruous conversation demonstrates how Calvinism is often perceived today: irrelevant, harsh, even disrespectful. Beginning with this movie scene, *Calvinism in the Las Vegas Airport* addresses the weaknesses of Calvinism and points to its strengths. How does Calvinism shed light on today? Instead of reciting the Canons of Dordt, what's a more compassionate way to relate to nonbelievers? What might it look like to live out the doctrines of TULIP with gentleness and respect? This conversational book provides answers and shatters some stereotypes. *Calvinism in the Las Vegas Airport* encourages you to live every aspect of life—business, family, education, politics, activities, and more—before the face of a generous sovereign God. Calvinists and non-Calvinists alike will find this an enjoyable read. You will discover that Reformed theology can speak relevantly and compellingly today, both to you and to people in the Las Vegas airport. Does Calvinism Have Anything to Do with the 21st Century? What do you think about Calvinism? Do you view it positively or negatively? Or has its day passed? Let's face it: many non-Calvinists hold a less-than-positive view, sometimes due to caricatures. This friendly conversational book helps clear up some misconceptions and distorted views. If you're not a Calvinist, here is an engaging inside look. And if you are a Calvinist, Richard Mouw shows how to live gently and respectfully with others. Christians and non-Christians who hold different perspectives. *Calvinism in the Las Vegas Airport* focuses not on what Calvinists believe but on how they live. From a movie scene to the author's personal experiences in Las Vegas, you are invited to travel with Mouw and see the Reformed faith in a new light. Yes, it still does travel well.

Speaking Silences Andrew V. Ettin, 1994 The loss of a public voice has implications for both the dominant and the dominated culture.

[Send My Roots Rain](#) Megan McKenna, 2010-05-05 Megan McKenna has long been well known in the Catholic community as a writer, speaker, and teacher. In her lectures and writings, McKenna focuses on the central place of storytelling in the spiritual life and on the role of the storyteller as a teacher. She explores the illuminating power of stories, examining both traditional and contemporary tales that are integral parts of Christian, Zen, Jewish, Sufi, Native American, and many other spiritual traditions.

Stories of Desire and Narratives of Faith Victor Hunter, Lanny Hunter, 2019-04-02 Stories are the foundation for identity and the ground of understanding. *Stories of Desire*

and Narratives of Faith addresses humankind's search for identity and meaning through the stories of science and religion. Both arose in the mists of history. Both are awe inspiring. Both beggar the imagination. Both have always competed for authority. Science gained preeminence in our postmodern pluralistic globalized world as evidenced based while religion for many reasons lost credibility. Yet religion has not disappeared. Stories is a concise engaging inspiring accessible account of the history of science geological and biological evolution perceived through increasingly sophisticated technology and the history of nine text based world religions of antiquity. Stories avoids insider language democratizing both God talk and scientific jargon without patronizing either. There is no attempt to identify the best or truest religion and Stories disavows dogmatic religious triumphalism. The authors do follow the tradition of giving an account of their Christian faith the only religious story with which they have experience. They invite others to do the same paying attention to their own stories as they grapple with modern science do theology and engage faith. Stories proposes how and in what manner these disciplines can meaningfully converse in today's world.
