Hennigan's Law Dan Claymaker,1996 The shack came into view at the height of the blizzard and Hennigan felt relief until he discovered a dead body on the doorstep and came face to face with those inside the shack *Paloma Brooks Harrington*,2022-06-02 Two people from very different backgrounds and circumstances struggle together to find God in a world of random injustice and human evil Paloma has suffered bitter poverty and neglect as a child and exploitation and addiction as a teen and an adult John Levi is a lawyer from a privileged sheltered home who answers the call of God to pastor an inner city church Together Paloma and John Levi hunger and thirst for justice and mercy for the neighbors of the church and for Paloma and her daughter At first Paloma is angered by any talk about the presence and power of a God whom she believes has failed to answer her prayers John Levi is convinced that God is calling him to rescue Paloma from her plight but crosses a line in protecting her from evil men Facing the consequences of his actions John Levi struggles with the limitations imposed upon his hunger for justice by the Way of Jesus Both Paloma and John Levi transcend the crisis to find a new faith

Toward the Reform of Private Waqfs Hamid Harasani, 2015-10-05 Using a combination of the comparative legal method and hermeneutics this book reconciles Islamic law with English trust s law in these two main areas It does not find it necessary for one legal system to reign supreme over the other as such solutions will be questioned by the internal subjects of the dominated legal system undermining the efficacy of this study Rather reconciliation is a mutual step to congruence taken by both legal systems In the area of perpetuities the book finds that neither Islamic Waqfs must be perpetual nor common law trusts must have a rule against perpetuities Regarding ownership theories the multiplicity of rendered theories in both legal systems presents more than one avenue of reconciliation Overall the study finds that private Waqfs and private trusts can be reconciled without undermining the internal hermeneutic standpoints of both legal systems

The Winter Stranger James Livingston, 2005-05-05 In *The Winter Stranger* *The Wishing Well* Sequel the residents of Jasper Virginia unite to protect the children of the orphanage and return some sense of safety to their town Timothy left as the sun was coming up heading for the orphanage as instructed by the stranger He followed the route given to him by the

stranger staying off the main road Within an hour and a half Timothy came upon the location where he was instructed to stop and wait He tied his horse to a tree deep in the woods so it could not be seen from the road and walked back to the road He removed the bullets from his pistol and cautiously tossed the pistol onto the road near the middle so it could be seen He walked back and hid beside the road in a cluster of trees and large boulders It wasn't long before he heard a rider coming As the rider approached Timothy recognized him it was Scott Hennigan As Scott followed the road to the orphanage he noticed an object shining in the road just ahead and slowed his horse to a walk As he neared the object he saw it was a pistol
