Henry Vaughan; Experience and the Tradition Ross Garner, 1959      Henry Vaughan. Experience and the Tradition Ross Garner, 1959      **Henry Vaughan** Jonathan F.S. Post, 2014-07-14 Combining historical scholarship and intertextual criticism this study reassesses Henry Vaughan's entire literary career with particular reference to his relationship to George Herbert Originally published in 1982 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      *Henry Vaughan, the Achievement of Silex Scintillans* Thomas O. Calhoun, 1981 This is an extensive study of Henry Vaughan's use of the sonnet cycle Calhoun attempts to interrelate major historical theoretical and biographical details as they contribute to Vaughan's craft style and poetic form This study takes into account Vaughan's work over two decades approximately 1640-1660      Essential Articles for the Study of Henry Vaughan Alan Rudrum, 1987      The Johannine Renaissance in Early Modern English Literature and Theology Paul Cefalu, 2017-11-03 The Johannine Renaissance in Early Modern English Literature and Theology argues that the Fourth Gospel and First Epistle of Saint John the Evangelist were so influential during the early modern period in England as to share with Pauline theology pride of place as leading apostolic texts on matters Christological sacramental pneumatological and political The book argues further that in several instances Johannine theology is more central than both Pauline theology and the Synoptic theology of Matthew Mark and Luke particularly with regard to early modern polemicizing on the Trinity distinctions between agape and eros and the ideologies of radical dissent especially the seventeenth century antinomian challenge of free grace to traditional Puritan Pietism In particular early modern religious poetry including works by Robert Southwell George Herbert John Donne Richard Crashaw Thomas Traherne and Anna Trapnel embraces a distinctive form of Johannine devotion that emphasizes the divine rather than human nature of Christ the belief that salvation is achieved more through revelation than objective atonement and expiatory sin a realized eschatology a robust doctrine of assurance and comfort and a stylistic and rhetorical approach to representing these theological features that often emulates John's mode of discipleship misunderstanding and dramatic irony Early modern Johannine devotion assumes that religious lyrics often express a revelatory poetics that aims to clarify typically through the use of dramatic irony some of the deepest mysteries of the Fourth Gospel and First Epistle      **Thomas Vaughan and the Rosicrucian Revival in Britain** Thomas Willard, 2022-09-19 The first scholarly book on Thomas Vaughan 1621-1666 draws from recent studies in Western esotericism to place his famously difficult writings in their proper context It shows that they develop themes from a distinctively Rosicrucian synthesis of alchemy magic and Christian cabala Vaughan introduced Rosicrucian documents to English readers

and placed them in older philosophical contexts during the breakdown of censorship that followed the English Revolution against the old order in politics and religion Willard's book will appeal to students of early modern ideas about religion science and society as they were seen by an intelligent and eloquent outsider      **Doctrine and Devotion in**

composers Town collates the substantial secondary literature on these composers and brings to bear his own study of the autograph manuscripts The latter form an unparalleled record of compositional process and shed new light on the compositions as they have come down to us in their published and recorded form This close study of the sources allows Town to identify for the first time instances of similarity and imitation continuities and connections between the works *Style* Harriett Hawkins,2005 The late Harriett Hawkins was a senior research fellow of Linacre College Oxford University and author of several influential works of Renaissance literary criticism and cultural studies such as *Likenesses of Truth in Elizabethan and Restoration Drama Poetic Freedom and Poetic Truth The Devil s Party Classics and Trash Traditions and Taboos in High Literature and Popular Modern Genres and Strange Attractors Literature Culture and Chaos Theory* Her friends family and colleagues pay tribute to her sense of style personal and literary with essays inspired by her own interdisciplinary interests and high scholarly standards Jacket *The Westminster Dictionary of Christian Spirituality* Gordon S. *Symbolic Action in the 1655 Edition of Henry Vaughan's Silex Scintillans* Hugh Brian Fitzpatrick,1974 *Darke Hieroglyphicks* Stanton J. Linden,2021-05-11 The literary influence of alchemy and hermeticism in the work of most medieval and early modern authors has been overlooked Stanton Linden now provides the first comprehensive examination of this influence on English literature from the late Middle Ages through the sixteenth and seventeenth centuries Drawing extensively on alchemical allusions as well as on the practical and theoretical background of the art and its pictorial tradition Linden demonstrates the pervasiveness of interest in alchemy during this three hundred year period Most writers including Langland Gower Barclay Erasmus Sidney Greene Lyly and Shakespeare were familiar with alchemy and references to it appear in a wide range of genres Yet the purposes it served in literature from Chaucer through Jonson were narrowly satirical In literature of the seventeenth century especially in the poetry of Donne Herbert Vaughan and Milton the functions of alchemy changed Focusing on Bacon Donne Herbert Vaughan and Milton in addition to Jonson and Butler Linden demonstrates the emergence of new attitudes and innovative themes motifs images and ideas The use of alchemy to suggest spiritual growth and change purification regeneration and millenarian ideas reflected important new emphases in alchemical medical and occultist writing This new tradition did not continue however and Butler s return to satire was contextualized in the antagonism of the Royal Society and religious Latitudinarians to philosophical enthusiasm and the occult Butler like Shadwell and Swift expanded the range of satirical victims to include experimental scientists as well as occult charlatans The

literary uses of alchemy thus reveal the changing intellectual milieus of three centuries      Typology of Seventeenth-Century Literature Joseph A. Galdon, 2019-01-14 No detailed description available for Typology of Seventeenth Century Literature
