## Her Mothers:

Mother and Myth in Spanish Novels Sandra J. Schumm, 2011 Remembering the forgotten mother is a major theme in Myth and Mother in Spanish Novels and reflects the current interest in the recuperation of historic memory in Spain The novels in this study feature mature protagonists who recall their mothers as a way to define their own identities and to nullify the fictional matricide prevalent in post war Spanish novels this twenty first century fiction highlights the haunting presence of the mother and begs comparison with myth

*Consuming Fire* Areal Seas, 2012-07-05 Consuming Fire A Shape Shifters Journey The art of shape shifting happens with each breath we take Throughout our lives each time we move our intent and make a choice we are plucking the threads of change The deeper we go within ourselves the more profound these changes and places of transformation become In Consuming Fire A Shape Shifters Journey I offer you a glimpse of possibilities and how the moments we are in reflects off the greater tapestry called our lives We shape shift from infant to child to teenager to adult and then into old age so it is with different forms we take The purity of our heart and intent define what forms and elements we are drawn to Our animal connections have much to teach us about their ways as well as who we are When we reach into the depths of the balances within us knowing what we are capable of so might we open to the profound place of our energy being with respect humbleness and sacredness Grandfather Ya Tae Grandmother Cooper Jed Ray and many others show us that sometimes our hearts must break our worlds must turn upside down and our beliefs must shatter before we can emerge from our cocoons As we learn how to fly we also learn how to heal ourselves and embrace the reasons we are here in both individual and collective realities Life is not what is done to us but what we choose to become in the forms we take

*THE ARITHMETIC OF THE DEVIL* Clara Griffin King,2014-03-17 We are in a continual battle with the devil and it is pleasing to know in God s Word that there is a solution to all that you go through and that solution is Jesus Christ It is only through Him that we will find our way to victory When you feel you are in a no win situation STAND STAND on the Word of God STAND on the promises of God STAND on what you believe His Word is still standing after 2000 years and counting SPIRITUAL WARFARE IS REAL Laboring Positions: Black Women, Mothering and the Academy Sekile

Nzinga-Johnson,2013-06-01 *Laboring Positions* aims to disrupt the dominant discourse on academic women s mothering experiences Black women s maternity is assumed and yet is also silenced within the disembodied patriarchal racist antifamily and increasingly neoliberal work environment of academia This volume acknowledges the salience of the institutional challenges facing contemporary caregiving academics yet it is centrally concerned with expanding the academic mothering conversation by speaking against the private public spheres approach *Laboring Positions* does so by privileging the hybridity between Black women s mothering experiences and their working lives within and beyond the academy The collection also intentionally blurs essentialist boundaries of mother and other which dictates and generates alternate border zones of knowledge production concerning Black academic women s working lives In doing so the diverse perspectives captured herein offer us cogent starting points from which to interrogate the interlocking cultural political and economic hierarchies of the academy The editorial goal of *Laboring Positions* is to offer a polyvocal collection embodying themes that privilege and arouse Black mothering as central in the narratives research and models of existence and resistance for Black women s survival within the academy The contributors utilize a wide variety of methods and perspectives including Black feminist theory intersectional feminism Womanist research ethics hip hop feminism African centered epistemologies literary analysis autoethnography policy analysis memoir qualitative research survival strategies and frameworks and situated testimony that are all collectively bound by Black women s intellectual lives activist impulses and experiences of mothering or being mothered The critical embodied perspectives herein serve as evidence that Black women exist beyond the institutional and ideological boundaries that have attempted to define their journeys *Laboring Positions* chapters speak to each other and some conversations are louder than others yet together they offer us a complexly nuanced portrait of the emergent literature on race gender mothering and work People and piety Elizabeth Clarke,Robert W.
