Military Saints in Byzantium and Rus, 900-1200 Monica White, 2013-02-21 The rulers of the Byzantine Empire and its commonwealth were protected both by their own soldiers and by a heavenly army the military saints The transformation of Saints George Demetrios Theodore and others into the patrons of imperial armies was one of the defining developments of religious life under the Macedonian emperors This book provides a comprehensive study of military sainthood and its roots in late antiquity The emergence of the cults is situated within a broader social context in which mortal soldiers were equated with martyrs and martyrs of the early Church recruited to protect them on the battlefield Dr White then traces the fate of these saints in early Rus drawing on unpublished manuscripts and other under utilised sources to discuss their veneration within the princely clan and their influence on the first native saints of Rus Boris and Gleb who eventually joined the ranks of their ancient counterparts

To whom the majesty of kingship has not been conferred Samuel Tuominen, 2022-05-31 How did Sir Isaac Newton the most important figure of the Scientific Revolution believe in literal fulfillment of the biblical prophecies on the end times What did he say about the foretold Antichrist What Paul really taught in 2 Thessalonians 2 3 on the revelation of the man of lawlessness Will Rapture precede that or vice versa How and why did Princess Diana think that her husband Charles the Prince of Wales was a murderer How and why did she think that there was a conspiracy against her and that he would murder also her in a staged car accident How does this relate to the biblical prophecies on the foretold Antichrist Why so many students of the Bible prophecy have taught since the early 1980s that Prince Charles could be actually the foretold Antichrist To many of us he seems superficially the most unlikely candidate for this role But is he in fact the most likely candidate based on the number of biblical prophecies on that man what Charles can fulfill more literally than any other presumed Antichrist candidate How there is hardly any biblical prophecy on that man's foretold attributes that Charles cannot already fulfill one way or another How has he taken lately a more prominent and visible political role Why Joe Biden and many other world leaders follow the post pandemic agenda called Build Back Better that Prince Charles launched in January 2020 at Davos together with the founder of World Economic Forum Klaus Schwab Why does its expert Justin Haskins think it represents the most significant threat to capitalism and individual liberty in more than a half century Why Prince Charles has been compared already with such bloodthirsty tyrants as Pol Pot like Michael Rubin did in his op ed in the Washington Examiner an American conservative news website and weekly magazine How Charles himself likes to compare himself with the cruel tyrants of the past centuries like Henry VIII How the Book of Daniel foretold the whole world history of the last twenty five centuries How it relates to Prince Charles Did Daniel see the history of the British Empire and its

monarchy Did he see something epoch making to happen in 2023 What about the mysterious relic of the Middle Ages called True Cross And so much more in this book that one reader characterized as revolutionary Maximus the Confessor Paul M. Blowers,2016-02-04 This study contextualizes the achievement of a strategically crucial figure in Byzantium s turbulent seventh century the monk and theologian Maximus the Confessor 580 662 Building on newer biographical research and a growing international body of scholarship as well as on fresh examination of his diverse literary corpus Paul Blowers develops a profile integrating the two principal initiatives of Maximus s career first his reinterpretation of the christocentric economy of creation and salvation as a framework for expounding the spiritual and ascetical life of monastic and non monastic Christians and second his intensifying public involvement in the last phase of the ancient christological debates the monothelete controversy wherein Maximus helped lead an East West coalition against Byzantine imperial attempts doctrinally to limit Jesus Christ to a single divine activity and will devoid of properly human volition Blowers identifies what he terms Maximus s cosmo politeian worldview a contemplative and ascetical vision of the participation of all created beings in the novel politeia or reordered existence inaugurated by Christ s new theandric energy Maximus ultimately insinuated his teaching on the christoformity and cruciformity of the human vocation with his rigorous explication of the precise constitution of Christ s own composite person In outlining this cosmo politeian theory Blowers additionally sets forth a theo dramatic reading of Maximus inspired by Hans Urs von Balthasar which depicts the motion of creation and history according to the christocentric plot or interplay of divine and creaturely freedoms Blowers also amplifies how Maximus s cumulative achievement challenged imperial ideology in the seventh century the repercussions of which cost him his life and how it generated multiple recontextualizations in the later history of theology **The Routledge Handbook on Identity in Byzantium** Michael Stewart,David Parnell,Conor Whately,2022-03-30 This volume is the first to focus solely on how specific individuals and groups in Byzantium and its borderlands were defined and distinguished from other individuals and groups from the mid fourth to the close of the fifteenth century It gathers chapters from both established and emerging scholars from a wide range of disciplines across history art archaeology and religion to provide an accurate representation of the state of the field both now and in its immediate future The handbook is divided into four subtopics that examine concepts of group and specific individual identity which have been chosen to provide methodologically sophisticated and multidisciplinary perspectives on specific categories of group and individual identity The topics are Imperial Identities Romanitas in the Late Antique Mediterranean Macro and Micro Identities Religious Regional and Ethnic Identities and Internal Others and Gendered Identities Literature Memory and Self in Early and Middle Byzantium While no single volume could ever provide a comprehensive vision of identities on the vast variety of peoples within Byzantium over nearly a millennium of its history this handbook represents a milestone in offering a survey of the vibrant surge of scholarship examining the numerous and oft times fluctuating codes of identity that shaped and transformed Byzantium and its neighbours during the empire s long life

History as Literature in Byzantium Ruth Macrides, 2016-12-05 Although perceived since the sixteenth century as the most impressive literary achievement of Byzantine culture historical writing nevertheless remains little studied as literature Historical texts are still read first and foremost for nuggets of information as main sources for the reconstruction of the events of Byzantine history Whatever can be called literary in these works has been considered as external and detachable from the facts The classical tradition inherited by Byzantine writers the features that Byzantine authors imitated and absorbed are regarded as standing in the way of understanding the true meaning of the text and furthermore of contaminating the reliability of the history Chronicles whose language and style are anything but classicizing have been held in low esteem for they are seen as providing a mere chronological exposition of events This book presents a set of articles by an international cast of contributors deriving from papers delivered at the 40th annual Spring Symposium of Byzantine Studies They are concerned with historical and visual narratives that date from the sixth to the fourteenth century and aim to show that literary analyses and the study of pictorial devices far from being tangential to the study of historical texts are preliminary to their further study exposing the deeper structures and purposes of these texts
