lovers often use terms which only they can understand For someone who is interested about horses here are some common terms that you need to learn

- 1 Aged this is what you call a horse that is more than nine years old already
- 2 Backyard horse this is a kind of horse that does not live in a barn Instead it lives with its owner or master
- 3 Colt this refers to a young horse that is less than four years old and has not been castrated yet
- 4 Dam this is what you call the mother of the horse
- 5 Filly this refers to a young female horse that is below four years old
- 6 Foal this is a baby pony or horse that is still under its mother's care
- 7 Mare this is what you call a female horse that is already more than four years old
- 8 Stallion this refers to a male horse that hasn't been castrated and already more than four years old

How Old Does a Horse or Pony Get Unlike people horses only have short lifespans Normally a horse reaches 30 years but it can still extend up to 40 years old To determine its age veterinarians examine and check the incisors teeth of the upper and lower jaws It is very normal to talk about a horse speed The slowest speed is called walk and a bit faster than this is called trot If you see a little faster than a trot it is called canter and the fastest speed is called gallop
