Literature Works:

How Literature Works John Sutherland, 2011 A minefield of ambiguous concepts leaden prose and circular definitions await anyone who wishes to tackle the terms used to describe literature Indeed words like hermeneutics heteroglossia and mimesis more often impede than enhance one's appreciation of a great literary work Cutting through the cant *How Literature Works* offers a reader friendly easy to navigate guide that will aid anyone from the undergraduate to the general reader who's seeking a greater appreciation of their favorite novel poem or play With a series of pithy jaunty essays the renowned literary critic John Sutherland widely admired for his wit and crystal clear reasoning strips away the obscurity and pretension associated with literature His book offers concise definitions and clear examples of 50 terms and concepts that all book lovers should know An indispensable reference tool *How Literature Works* will be a boon to readers of all sorts from fans of William Shakespeare and Philip Roth to readers of Jane Smiley and J K Rowling Library of Congress Subject

Headings Library of Congress, 1991 **User's Guide to Sears List of Subject Headings** M. P. Satija, 2019-11-05 The Sears List of Subject Headings an outstanding name amongst subject headings lists is used all over the world in small and medium sized libraries It has constantly been revised and kept up to date both in its methods and contents by incorporating new subjects and updated organizational machinery Being handy simple inexpensive and always current the Sears List is a convenient choice for teaching subject headings work in library schools User's Guide to Sears List of Subject Headings 2nd Edition is a companion book which although based on the 22nd edition of the Sears List should also be useful to the libraries using some previous edition It attempts to explain the theoretical foundations history and application of the Sears List as well as of the subject headings work in general It explicates the various hidden potentials of the system to construct subject headings needed for local situations The object of this small practical introduction is to be simple clear and illustrative The book assumes no prior knowledge either of the Sears List or of subject headings work in general It is a manual for beginners to understand the importance of vocabulary control the process of subject analysis the structure and organization of the Sears List and the methods to locate specify and construct subject headings and provide cross references for the public catalogue Subject headings in the complex areas of languages literatures biographical and geographical works are given a chapter each Review questions and exercises conclude most chapters A bibliography and glossary are valuable features of this work **User's Guide to Sears List of Subject Headings** Mohinder P. Satija, Dorothy Elizabeth

Haynes, 2008-05-16 This book is a companion to the 19th edition of the Sears List and a complete course in the theory and practice of the List for practitioners teachers and learners The object of this small practical introduction is to be simple clear and illustrative assuming the reader has little prior knowledge either of the Sears List or of subject headings work in general
