and the early modern Chinese fiction This book is an excellent reference in the study of early modern Chinese literature since it conveys a point of view to the readers with abundant and solid historical materials At the heart of the book it is the matter of a specific value in trans cultural studies between the western world and China *Lu Xun and World Literature* Xiaolu Ma, Carlos Rojas, 2025-01-07 In *Lu Xun and World Literature* Xiaolu Ma Carlos Rojas and other contributors examine various aspects of Lu Xun who is known as the father of modern Chinese literature Essays in this book focus on Lu Xun s works in relation to the notions of world literature and processes of literary worlding The contributors offer detailed analyses of Lu Xun s own literary oeuvre and of foreign works that engage with his writings This volume also focuses on many facets of the publication and dissemination of Lu Xun s works from printing and binding to the discussions and debates that followed their release in China and abroad This book not only makes an important contribution to the field of Lu Xun studies but also proposes a reexamination of the category of world literature This exceptional volume sheds new and important light on the increasingly incumbent question of the relationship between the literary giant Lu Xun and world literature Rather than dwell on how the author s work fits into some pre existing rubric the essays in this volume explore new territory in investigating how Lu Xun s work contributes to the way in which the character of world literature itself must be continually reconstructed and reimagined Theodore D Hutters University of California Los Angeles This volume examines questions surrounding the relationship between Lu Xun world literature and the underlying processes of worlding situating his work as a writer and a translator in a global context both among and interacting with prominent international works and literary movements as well as influencing writers and readers in countries well beyond China As such it is a milestone in our understanding of this challenging always witty and engaging gadfly of the state Just as *Lu Xun and His Legacy* edited by Leo Ou fan Lee brought together much of the best in twentieth century scholarship on Lu Xun ours is a massive dose of good fortune to have *Lu Xun and World Literature* to steer us into the twenty first Jon Eugene von Kowallis University of New South Wales Sydney author of *The Lyrical Lu Xun A Study of His Classical Style Verse* *The Saturday Review of Politics, Literature, Science and Art*, 1898 *Politics of Art* Zhiguang Yin, 2015-02-04 In *Politics of Art* Zhiguang Yin investigates members of the Creation Society and their social network while in Japan The study contextualises the Chinese left wing intellectual movements and their political engagements in relation with the early 20th century international political events and trends in both East Asia and Europe The Creation Society was largely viewed as a subject of literary studies This research however evaluates these intellectuals in the context of Chinese revolution and elaborates their theoretical contribution to the Chinese Communist Party s practice of theoretical struggle as a main driving force of ideological construction As this study tries to demonstrate theoretical struggle drives the ideological politics forward while maintaining its political vigour **1763-1776** Moses Coit Tyler, 1897 **Political Theory, Science Fiction, and Utopian Literature** Tony Burns, 2010-02-19 Ursula K Le Guin s *The Dispossessed* is of interest to political theorists partly because of its association with anarchism and partly because it is

thought to represent a turning point in the history of utopian dystopian political thought and literature and of science fiction Published in 1974 it marked a revival of utopianism after decades of dystopian writing According to this widely accepted view The Dispossessed represents a new kind of literary utopia which Tom Moylan calls a critical utopia The present work challenges this reading of The Dispossessed and its place in the histories of utopian dystopian literature and science fiction It explores the difference between traditional literary utopia and novels and suggests that The Dispossessed is not a literary utopia but a novel about utopianism in politics Le Guin's concerns have more to do with those of the novelists of the 19th century writing in the tradition of European Realism than they do with the science fiction or utopian literature It also claims that her theory of the novel has an affinity with the ancient Greek tragedy This implies that there is a conservatism in Le Guin's work as a creative writer or as a novelist which fits uneasily with her personal commitment to anarchism

Sandino's Nation Stephen Henighan, 2014-04-01 Ernesto Cardenal and Sergio Ramirez are two of the most influential Latin American intellectuals of the late twentieth and early twenty first centuries Addressing Nicaragua's struggle for self definition from divergent ethnic religious generational political and class backgrounds they constructed distinct yet compatible visions of national history anchored in a reappraisal of the early twentieth century insurgent leader Augusto C sar Sandino During the Sandinista Revolution of 1979 90 Cardenal appointed Nicaragua's minister of culture became one of the most provocative and internationally recognized figures of liberation theology while Ramirez a member of the revolutionary junta and later elected vice president of Nicaragua emerged as an authoritative figure for third world nationalism But before all else the two were groundbreaking creative writers Through a close reading of the works by Nicaragua's best known and most prolific modern authors Sandino's Nation studies the construction of Nicaraguan national identity during three distinct periods of the country's recent history before during and after the 1979 90 revolution Stephen Henighan offers rigorous textual analyses of poems memoirs essays and novels interwoven with a sharply narrated history of Nicaragua The only comprehensive study of the careers of Cardenal and Ramirez Sandino's Nation is essential to understanding transformations to both Nicaragua and the role of the writer in Latin America
