Hawthorne Brenda Wineapple, 2012-01-11 Handsome reserved almost frighteningly aloof until he was approached then playful cordial Nathaniel Hawthorne was as mercurial and double edged as his writing Deep as Dante Herman Melville said Hawthorne himself declared that he was not one of those supremely hospitable people who serve up their own hearts delicately fried with brain sauce as a tidbit for the public Yet those who knew him best often took the opposite position He always puts himself in his books said his sister in law Mary Mann he cannot help it His life like his work was extraordinary a play of light and shadow In this major new biography of Hawthorne the first in more than a decade Brenda Wineapple acclaimed biographer of Janet Flanner and Gertrude and Leo Stein Luminous Richard Howard brings him brilliantly alive an exquisite writer who shoveled dung in an attempt to found a new utopia at Brook Farm and then excoriated the community or his attraction to it in caustic satire the confidant of Franklin Pierce fourteenth president of the United States and arguably one of its worst friend to Emerson and Thoreau and Melville who unlike them made fun of Abraham Lincoln and who also unlike them wrote compellingly of women deeply identifying with them he was the first major American writer to create erotic female characters Those vibrant independent women continue to haunt the imagination although Hawthorne often punishes humiliates or kills them as if exorcising that which enthralls Here is the man rooted in Salem Massachusetts of an old pre Revolutionary family reared partly in the wilds of western Maine then schooled along with Longfellow at Bowdoin College Here are his idyllic marriage to the youngest and prettiest of the Peabody sisters and his longtime friendships including with Margaret Fuller the notorious feminist writer and intellectual Here too is Hawthorne at the end of his days revered as a genius but considered as well to be an embarrassing puzzle by the Boston intelligentsia isolated by fiercely held political loyalties that placed him against the Civil War and the currents of his time Brenda Wineapple navigates the high tides and chill undercurrents of Hawthorne s fascinating life and work with clarity nuance and

insight The novels and tales the incidental writings travel notes and children s books letters and diaries reverberate in this biography which both charts and protects the dark unknowable core that is quintessentially Hawthorne In him the quest of his generation for an authentically American voice bears disquieting fruit A History of the African American Novel Valerie Babb,2017-07-31 This History is intended for a broad audience seeking knowledge of how novels interact with and influence their cultural landscape Its interdisciplinary approach will appeal to those interested in novels and film graphic novels novels and popular culture transatlantic blackness and the interfacing of race class gender and aesthetics **The Last**

Generation Peter S. Carmichael,2015-12-01 Challenging the popular conception of Southern youth on the eve of the Civil War as intellectually lazy violent and dissipated Peter S Carmichael looks closely at the lives of more than one hundred young white men from Virginia s last generation to grow up with the institution of slavery He finds them deeply engaged in the political economic and cultural forces of their time Age he concludes created special concerns for young men who spent their formative years in the 1850s Before the Civil War these young men thought long and hard about Virginia s place as a progressive slave society They vigorously lobbied for disunion despite opposition from their elders then served as officers in the Army of Northern Virginia as frontline negotiators with the nonslaveholding rank and file After the war however they quickly shed their Confederate radicalism to pursue the political goals of home rule and New South economic development and reconciliation Not until the turn of the century when these men were nearing the ends of their lives did the mythmaking and storytelling begin and members of the last generation recast themselves once more as unreconstructed Rebels By examining the lives of members of this generation on personal as well as generational and cultural levels Carmichael sheds new light on the formation and reformation of Southern identity during the turbulent last half of the nineteenth century

for the United States to steer clear of Civil War Yet fundamental differences between North and South about slavery and the meaning of freedom caused political conflicts to erupt again and again throughout the decade as the country lurched toward secession and war With their grudging acceptance of the Compromise of 1850 and the election of Franklin Pierce as president in 1852 most Americans hoped that sectional strife and political upheaval had come to an end Extremists in both North and South abolitionists and secessionists testified to the prevailing air of complacency by their shared frustration over having failed to bring on some sort of conflict Both sets of zealots wondered what it would take to convince the masses that the other side still menaced their respective visions of liberty And as new divisive issues emerged in national politics with slavery still standing as the major obstacle compromise seemed more elusive than ever As the decade progressed battle lines hardened The North grew more hostile to slavery while the South seized every opportunity to spread it Immigrant Aid Societies flourished in the North raising money men and military supplies to secure a free soil majority in Kansas Southerners flocked to the territory in an effort to fight off antislavery After his stirring vilification of the institution of slavery Massachusetts senator Charles Sumner was brutally attacked on the floor of the United States Senate Congress whose function was to peacefully resolve disputes became an armed camp with men in both houses and from both sections arming themselves within the capitol building In October 1858 Senator William Henry Seward said that the nation was headed for an irrepressible conflict In spite of the progress ushered in by the decade s enormous economic growth the country was self destructing The Shattering of the Union America in the 1850s is a concise readable analysis and survey of t decade progressed battle lines hardened The North grew more hostile to slavery while the South seized every opportunity to spread it Immigrant Aid Societies flourished in the North raising money men and military supplies to secure a free soil majority in Kansas Southerners flocked to the territory in an effort to fight off antislavery After his stirring vilification of the institution of slavery Massachusetts senator Charles Sumner was brutally attacked on the floor of the United States Senate Congress whose function was to peacefully resolve disputes became an armed camp with men in both houses and from both sections arming themselves within the capitol building In October 1858 Senator William Henry Seward said that the nation
