## **Faces Of Faith:**

*Faces of Faith* David Kerrigan Fly, 2017-06-05 In *Faces of Faith* Reflections in a Rearview Mirror David Fly writes A few years ago I noticed that automakers had come up with the line I've looked for all my life They put it on the rearview mirror on the passenger side Objects in the mirror are closer than they appear That's the way it is with my family They are the faces in my rearview mirror Telling stories about them has brought them closer has taught me who I am and where I belong and has revealed the Spirit of God If I didn't tell those stories again I would miss them terribly That's what this book is all about

**The Face of Faith** George Kranzler, 1972      **Faces of Faith: Or, Passages from the History of My Creed... - 3. Edition** Francis William Newman, 1853      **The Many Faces of Faith** Holly Weston, 2012-02      *Faces Of Faith* Roxane Runyon, 2018-05-29 *Faces of Faith* is a delightful collection of heartfelt short stories highlighting God's unending love The author Roxane Runyon relates many occasions throughout her life that the people around her have shared moments of faith that ultimately proved God's presence in our daily lives The narratives are rich with scripture passages relevant to the story which emphasizes God's messages We often overlook many small things and everyday life occurrences that are mini miracles which God has sent us through friends and family *Faces of Faith's* short stories are highly descriptive some humorous and sweet sometimes deeply moving and difficult but all the stories relate God's grace freely given to us all *Faces of Faith* remind us to cherish the people in our busy day to day life for they are God's love      **The Many Faces of Faith** Michael Taylor, 2009-12-02 Faith is one of the most critical aspects of the Christian life because it is the means by which we receive all that God has secured for us yet the nature of faith is one of the most misunderstood concepts of Christianity Some conceptualize faith as some mental state that one must reach before they are able to tap into God's resources Others view faith as some sort of incorporeal substance that is out there for which we must reach All of these concepts of faith are deficient if not heretical and yet all of them are found in the church Others view faith as a mere fantasy or hope with no basis in reality and thus religious claims are excluded from the arena of knowledge For a number of years my heart has been troubled over the doctrine of faith as it is received and taught among evangelical Christians everywhere Great emphasis is laid upon faith in orthodox circles and that is good but still I am troubled Specifically my fear is that the modern conception of faith is not the biblical one that when the teachers of our day use the word they do not mean what Bible meant when they used it I also share the same concerns with A W Tozer when he said the cause of my uneasiness are these 1 The lack of spiritual fruits in the lives of so many who claim to have faith 2 The rarity of a radical change in the conduct and general outlook of persons professing their new faith in Christ as their personal Savior 3 The failure of our teachers to define or even describe the thing to which the word faith is supposed to refer 4 The heartbreaking failure of multitudes of seekers is they are even so earnest to make anything out of the doctrine or to receive any satisfying experience through it 5 The real danger that a doctrine that is parroted so widely and received so uncritically by so many is false as understood by them 6 I have seen

faith put forward as an escape from reality a refuge from the necessity of hard thinking a hiding place for weak character natural optimism emotional thrills and nervous tics Therefore in the pages of this book I will endeavor to outline for your benefit the dynamics of faith What is faith How does faith works How to grow in faith The power of faith the Excellency of faith the demand of faith the perseverance of faith the challenges of faith the object of faith the effect of faith the response of faith the discipline of faith the necessity of faith and many more are discussed Faces of Faith James F. together Should believers think Can thinking people believe Does religion have to make sense Does careful thinking help or hinder religious experience People have wrestled with such questions for hundreds of years and they are just as perplexing today as ever Reason the Contours of Faith explores the wide ranging issues these questions raise from biblical interpretation and proofs for God s existence to the nature of religious conversion Its central purpose is to find an alternative to both fideism the idea that reason has nothing to do with faith and rationalism the conviction that reason has everything to do with it Part One Reason and the Contents of Faith argues that reason contributes in important but limited ways to our understanding of religion Part Two Reason and the Experience of Faith shows that reason can support religious commitment but never produces it **Arcana coelestia.
