Faces Of Forgiveness Searching For Wholeness And Salvation:

The Faces of Forgiveness F. LeRon Shults, Steven J. Sandage, 2003-05-01 While forgiveness has historically been regarded as a religious concern it has also become a popular topic in contemporary psychology Unfortunately there has been little effort to combine a Christian understanding of forgiveness with psychology The Faces of Forgiveness winner of the Narramore Award from the Christian Association for Psychological Studies steps in to fill this void The authors fuse Christian forgiveness and psychology with the unifying motif of the face thereby building on the considerable psychological research linking emotions related to forgiveness with the human face At a deeper level the face can serve as a metaphor for integrating forgiveness wholeness and salvation The authors argue that forgiveness should take a central role in our understanding of salvation because it is warranted by the Bible and engages our postmodern context Pastors psychologists family counselors and students of psychology and theology will find *The Faces of Forgiveness* a helpful resource

Reforming Theological Anthropology F. LeRon Shults, 2003-02-20 With the profound changes in today's intellectual and scientific landscape traditional ways of speaking about human nature sin and the image of God have lost their explanatory power In this volume F. LeRon Shults explores the challenges to and opportunities for rethinking current religious views of humankind in contemporary Western culture From philosophy to theology from physics to psychology we find a turn to the categories of relationality Shults briefly traces this history from Aristotle to Levinas showing its impact on the Christian doctrine of anthropology and he argues that the biblical understanding of humanity has much to contribute to today's dialogue on persons and on human becoming in relation to God and others Shults's work stands as a potent effort to reform theological anthropology in a way that restores its relevance to contemporary interpretations of the world and our place in it

From Misery to Hope Joe Egan, 2010 How can one believe in a God of love amid all the evil and suffering found in the world How does one do theology after Auschwitz while vast numbers of people still

have to endure violent oppression every day This book seeks to address such questions from a standpoint informed by life in Africa which in the face of extraordinary difficulties bears witness to Gospel hope by demonstrating forgiveness in action and promoting reconciliation The work unfolds in two parts In the first part a description of the misery that characterises much of life in Africa in the recent past opens up to a theological consideration of the underlying causes and of God's response to them In the second part the joy which is so characteristic of life in Africa even in places of immense suffering sets the scene for detailed reflections on liturgy memory forgiveness and hope

Christology and Science F. LeRon Shults, 2021-11-18

The dialogue between theology and science has blossomed in recent decades but particular beliefs about Jesus Christ have not often been brought to the forefront of this interdisciplinary discussion even in explicitly Christian contexts This book breaks new ground by explicitly bringing the specific themes of Christology into dialogue with contemporary science It engages recent developments in late modern philosophy of science in order to articulate the Christian beliefs about Jesus Christ in a way that responds to challenges and opportunities that have arisen in light of various scientific discoveries The main chapters deal with Incarnation Atonement and Parousia After a brief treatment of the history of the shaping of these ideas the author traces developments in some of the sciences that have challenged these formulations evolutionary biology cultural anthropology and physical cosmology Each chapter also summarises some of the popular constructive responses to these developments After clarifying the way in which the Christian understanding of God and of humanity shape the task of reforming Christology each chapter concludes with a programmatic outline of ways in which we might articulate the identity agency and presence of Jesus Christ in dialogue with late modern science and culture

Tackling Trauma Paul A. Barker, 2019-03-14

Trauma is a universal phenomenon that can be caused by international catastrophes or individual personal tragedy Trauma is also a severely neglected topic in Christian literature and while it can challenge someone's faith in Christ God and the ministry of his Word is central to dealing with the emotional and psychological impact of trauma By his Spirit through his Word and through his church God is available to minister to people suffering from trauma and bring transformation to their lives In this book a team of experienced and informed Christian professionals from around the world promote a deep biblical

response to trauma through clinical and theological wisdom and their first hand experience of witnessing and experiencing trauma The contributions provide practical responses to people s trauma rather than mere descriptions of the problems making it an ideal resource for pastors counsellors humanitarian workers and students Forgiveness and Justice Bryan Maier,2019-03-21 Bringing practicality back to the work of forgiveness for counselors and pastors Much work in both academic and clinical counseling has focused on forgiveness and what precisely it means We now know forgiveness offers both physical and psychological benefits Yet despite all this exploration most Christians are far from having a clear consistent theologically informed definition Bryan Maier wants this conceptual ambiguity to end especially for the pastor or counselor sitting across from a hurting person seeking immediate practical help The Christian counselor needs to be able to walk the client through the question Can forgiveness coexist with justice To this end Maier examines current popular models of forgiveness considering where they merge and diverge and what merits each type of forgiveness has He then delves directly into Scripture to discover the original model of God s forgiveness to humankind From there he builds a new construct of human forgiveness with practical guidance to help those in counseling understand the concept theologically In doing so he demonstrates that our understanding that forgiveness leads to healing is inverted being whole leads to true forgiveness not the other way around *Forgiveness and Justice* is extremely useful for any practitioner needing to form a useful theologically sound understanding of forgiveness for those who come for help *A Shared Mercy* Jon Coutts,2016-10-02 Combining systematic and pastoral theology Jon Coutts explores what it means to forgive and reconcile in the context of the Christ confessing community Both a constructive practical theology and a critical commentary on Barth s theology in Church Dogmatics this work explains the place and meaning of interpersonal forgiveness in Christ s ongoing ministry of reconciliation *Psychology of Religion and Workplace Spirituality* Peter C. Hill,Bryan J. Dik,2012-04-01 This book the first of a groundbreaking series provides a solid theoretical and empirical grounding from the psychology of religion and spirituality to the emerging field of workplace spirituality Leading researchers in the psychology of religion have contributed up to date reviews within their areas of expertise to help guide the emergence of this exciting new discipline Each chapter is written with the workplace researcher in mind Not only is the relevant literature from the psychology of religion reviewed but it is also made relevant to the workplace setting The religious and spiritual aspects of such topics as meaning making emotional resilience sense of calling coping with stress occupational health and well being and leadership among others are discussed within the context of work life Surely researchers interested in workplace spirituality will keep this book as well as others in the series within arm s reach for years to come *Reconcilable Differences* Virginia Todd Holeman,2004-10-01 Counselor and teacher Virginia Todd Holeman weaves together biblical insight and rich theological reflection while drawing from the best of current psychological studies on forgiveness repentance and reconciling to help couples work towards healing and transformation of broken relationships **Lifespace** Robert A. Pyne,Joni Grace Powers,2007-09-04 Life with

God is a huge gulp of fresh air Our existence as children of God should reflect unending unbounded delight in the infinite glory of our Father Too often this is not the case in our lives as we stagger far from God s expansive vision But hope reigns God has promised abundant life brightly illuminated with His glory In LifeSpace Joni Powers and Bob Pyne write for all who want to experience anew the life giving breath of the Creator They encourage readers to embrace the gift of expansive life that God is offering to each of us This is only realized they explain as we properly understand the person of God our relationship with Him and the radical freedom of grace This visionary book is a life altering call to a way of being that results in transformation with every breath Come and join the conversation with those seeking lives that delight in God a place of transcendent rest and a limitless horizon of possibility *American Theology, Superhero Comics, and Cinema* Anthony Mills,2013-10-01 Stan Lee who was the head writer of Marvel Comics in the early 1960s co created such popular heroes as Spider Man Hulk the X Men the Fantastic Four Iron Man Thor and Daredevil This book traces the ways in which American theologians and comic books of the era were not only both saying things about what it means to be human but starting with Lee they were largely saying the same things Author Anthony R Mills argues that the shift away from individualistic ideas of human personhood and toward relational conceptions occurring within both American theology and American superhero comics and films does not occur simply on the ontological level but is also inherent to epistemology and ethics reflecting the comprehensive nature of human life in terms of being knowing and acting This book explores the idea of the American monomyth that pervades American hero stories and examines its philosophical and theological origins and specific manifestations in early American superhero comics Surveying the anthropologies of six American theologians who argue against many of the monomyth s assumptions principally the staunch individualism taken to be the model of humanity and who offer relationality as a more realistic and ethical alternative this book offers a detailed argument for the intimate historical relationship between the now disparate fields of comic book superhero film creation on the one hand and Christian theology on the other in the United States An understanding of the early connections between theology and American conceptions of heroism helps to further make sense of their contemporary parallels wherein superhero stories and theology are not strictly separate phenomena but have shared origins and concerns **Repentance in Late Antiquity** Alexis Torrance,2013 This study provides a fresh perspective on the concept of repentance in early Christianity Alexis Torrance focuses on writings by several ascetic theologians of the fifth to seventh centuries and also examines texts from Scripture early Christian treatises and homilies apocalyptic material and canonical literature **Christianity and the Disciplines** Mervyn Davies,Oliver D. Crisp,Gavin D'Costa,Peter Hampson,2012-11-02 This volume will show how various intellectual disciplines most found within the modern university can learn from theology and philosophy in primarily methodological and substantitive terms It will explore the possible ways in which current presuppositions and practices of the disipline might be challenged It will also indicate the possibilities of both a Christian Culture in relation to that discipline or the way in which

that discipline might look within a real or theoretical Christian university

Walk Humbly with the Lord Viggo Mortensen, Andreas Osterund Nielsen, 2010-12-17 In June of 1910 delegates gathered in Edinburgh for the first World Missionary Conference One hundred years later the 2010 Church and Mission in a Multireligious Third Millennium conference sought to reconcile a century of seismic shifts in the worldwide landscape of the church with its ongoing mandate to make disciples of all nations Arising out of that recent conference *Walk Humbly with the Lord* presents a broad multinational spectrum of contemporary approaches to both theology and missiology Recognizing that the old Western notion of Christendom which formed the cultural backdrop of Edinburgh 1910 is now long obsolete the book's twenty seven forward thinking contributors respond to globalization and the enormous growth of religious pluralism worldwide offering reflections on the future of missiology and the relationship of church and mission Together they speculate about the possible shape of Christianity in a multireligious age as God works out new and unforeseen schemes in the reconciliation of the world I wish I could have been at the conference from which this book comes Viggo Mortensen and Andreas Nielsen have assembled a marvelous collection of reflections on mission that will be especially helpful to Christians committed to living faithfully and missionally in today's pluralistic world If a new postsecular reality is emerging as some are saying these essays will help the church be a sign of hope and stability in such a new age Stephen Bevans SVD Catholic Theological Union Chicago *The Entangled God* Kirk Wegter-McNelly, 2012-03-12 In *The Entangled God* Kirk Wegter McNelly addresses the age old theological question of how God is present to the world by constructing a novel scientifically informed account of the God world relation Drawing on recent scientific and philosophical work in quantum entanglement Wegter McNelly develops the metaphor of divine entanglement to ground the relationality and freedom of physical process in the power of God's relational being *The Entangled God* makes a three fold contribution to contemporary theological and religious discourse First it calls attention to the convergence of recent theology around the idea of relationality Second it introduces theological and religious readers to the fascinating story of quantum entanglement Third it offers a robust plerotic alternative to kenotic accounts of God's suffering presence in the world Above all this book takes us beyond the view of theology and science as adversaries and demonstrates the value of constructively relating these two important areas of intellectual investigation *The Cosmic Breath* Amos Yong, 2012-05-10 Recent thinking in the interfaith dialogue and in the theology science dialogue have taken a pneumatological turn *The Cosmic Breath* explores this pneumatological theology as unfolded in the Christian Buddhist dialogue alongside critical interaction with the theology and science conversation As an attempt in comparative and constructive Christian philosophical theology its central thesis is that a pneumatological approach to Buddhist traditions in further dialogue with modern science generates new philosophical resources that invigorate Christian thinking about the natural world and humanity's place in it The result is a transformation of the Buddhist Christian dialogue from insights generated in the theology and science interface and a contribution to the religion and science dialogue from a comparative
