Facets Of The Conflict In Northern Ireland:

Facets of the Conflict in Northern Ireland Seamus Dunn, 2016-07-27 an important volume for anyone anxious to understand the fundamentals of politics in Northern Ireland today Margaret O Callaghan Irish Times Facets of the Conflict in Northern Ireland is written by practising social science researchers all currently or recently working within Northern Ireland It provides an up to date background to the conflict and much of the material used arises from the wide range of funded researches carried out at the Centre for the Study of Conflict University of Ulster during the past sixteen years Each chapter focuses on a different facet of the problem and these include social legal political religious economic and cultural matters

Consensus Decision Making, Northern Ireland and Indigenous Movements Patrick G. Coy, 2003 Presents a study of social movement decision making through seven case studies This book focuses on Northern Ireland where frustration with inter community conflict resolution spawned a movement promoting intra community or single tradition programs

Ethnic Dignity and the Ulster-Scots Movement in Northern Ireland Peter Gardner, 2019-12-11 In this book Peter Gardner contends that the production of narratives of ethnic peoplehood is an attempt to regain a sense of collective dignity among the previously dominant After introducing the concept of ethnic dignity and locating its place within postconflict identity politics Gardner focuses his analysis on the Ulster Scots story of peoplehood Drawing on a wealth of primary data the chapters explore a variety of core issues including ethnopoltics social class political economic ideology colonialism and heteromascularity The book concludes by taking a global view of post conflict ethnic dignity among the once dominant analysing the New Afrikaans movement in South Africa white pride and ethnic whiteness studies and Maronite Phoenicianism in Lebanon This will be an important contribution for students and scholars of ethnicity divided societies and more broadly political sociology

Adolescents, Cultures, and Conflicts Jari-Erik Nurmi, 2020-03-12 First published in 1998 Adolescent development and well being are both affected by socio political change political violence immigrant status and various types of cultural social and institutional diversity These are realities faced by many adolescents in Europe today This book examines these circumstances and also the impact of recent socio political changes in Eastern Europe and conflicts in Northern Ireland Adolescent identities are looked at as well as the effects of prejudice towards immigrant youths from their host societies

Community Relations and the Troubles in Northern Ireland Joana Etchart, 2024-11-19 Community relations policy has been an almost permanent feature in Northern Ireland since 1969 yet it has rarely been considered as an object of study This book provides historical depth to its analysis by documenting the various manifestations of the notion of community relations in public policy during the Troubles period Drawing on a variety of written and oral primary and secondary sources it offers a unique rich perspective on the meaning and intent behind community relations policy at certain critical junctures In addition by examining this period through the lens of one policy the book sheds light on important questions such as who intervened in policy making during the conflict who sought to influence the process and eventually

who took the decisions It also considers the varied roles played by community workers This meticulous analysis reveals previously unknown aspects of the evolution of community relations policy and presents a compelling micro history of policy making and governance during the Troubles in Northern Ireland

Identity, Reconciliation and Transitional Justice Nevin Aiken, 2013-04-15 Building upon an interdisciplinary synthesis of recent literature from the fields of transitional justice and conflict transformation this book introduces a groundbreaking theoretical framework that highlights the critical importance of identity in the relationship between transitional justice and reconciliation in deeply divided societies Using this framework Aiken argues that transitional justice interventions will be successful in promoting reconciliation and sustainable peace to the extent that they can help to catalyze those crucial processes of social learning needed to transform the antagonistic relationships and identifications that divide post conflict societies even after the signing of formal peace agreements Combining original field research and an extensive series of expert interviews Aiken applies this social learning model in a comprehensive examination of both the South African Truth and Reconciliation Commission and the uniquely decentralized approach to transitional justice that has emerged in Northern Ireland By offering new insight into the experiences of these countries Aiken provides compelling firsthand evidence to suggest that transitional justice interventions can best contribute to post conflict reconciliation if they not only provide truth and justice for past human rights abuses but also help to promote contact dialogue and the amelioration of structural and material inequalities between former antagonists Identity Reconciliation and Transitional Justice makes a timely contribution to debates about how to best understand and address past human rights violations in post conflict societies and it offers a valuable resource to students scholars practitioners and policymakers dealing with these difficult issues

The new countryside? Neal, Sarah, Agyeman, Julian, 2006-03-22 This book explores issues of ethnicity identity and racialised exclusion in rural Britain in depth and for the first time It questions what the countryside is problematises who is seen as belonging to rural spaces and argues for the recognition of a rural multiculturalism The book brings together the latest and most extensive research findings to provide an authoritative account of current theory policy and practice Using interdisciplinary frameworks and new empirical data the book provides a critical and comprehensive account of the shifting contested connections between rurality national identity and ethnicity discusses the relationships between ethnicity exclusion policy practice and research in a range of rural settings from the experiences of gypsy traveller children in schools to attempts to encourage black and minority ethnic visitors to National Parks and contributes towards establishing the rural ethnicity nation relationship as a key consideration on political and policy agendas The new countryside is essential reading for students academics and researchers in a wide range of disciplines including sociology geography social policy and cultural rural and environment studies It will also be an invaluable resource for practitioners and policy makers across a wide range of sectors and services

Social Psychology of Inclusion and Exclusion Dominic Abrams, Michael A. Hogg, José M. Marques, 2004-06-02 This book is about the social psychological dynamics and

phenomenology of social inclusion and exclusion The editors take as their starting point the assumption that social life is conducted in a framework of relationships in which individuals seek inclusion and belongingness Relationships necessarily include others but equally they have boundaries that exclude Frequently these boundaries are challenged or crossed The book will draw together research on individual motivation small group processes stigmatization and intergroup relations to provide a comprehensive social psychological account of social inclusion and exclusion *Politics and Gender in Ireland* Fiona Buckley, Yvonne Galligan, 2016-02-08 This book explores the relationship between women the state and democratic politics in Ireland today It highlights the conservatism of the political culture shared by all traditions on the island and how this culture circumscribes women's political agency in Northern Ireland and Ireland The book explores the opportunities and obstacles to women's participation and representation on each side of the border The chapters take the view that public decision making institutions and processes are subject to rules and practices that reinforce the gendered foundations of democratic politics They document women's continuing quest for full participation and equal representation in these male gendered arenas The contributors focus on the marginalised experiences of women in modern politics in Ireland and detail their efforts to challenge the masculinized status quo The book addresses the classical issues of citizenship participation representation and equal rights in a sustained analysis of the political systems on the island It also deals with modern issues multiculturalism peace building the male gendered legislature and the unequal nature of women's citizenship in constitutional institutional and policy contexts The book is completed by a comprehensive appendix of all women elected to political office on the island from 1918-2013 This book was published as a special issue of Irish Political Studies Teacher Education in Plural Societies (RLE Edu N) Maurice Craft, 2012-04-27 The educational implications of cultural pluralism attracted a good deal of attention in Western societies in the 1970s and 1980s on the grounds of equality and human rights maximising national talent and maintaining social cohesion Maurice Craft and the international contributors to this book highlight the potential of teacher education and in this wide ranging analytical review for its key role in providing for ethnic minority children in respect of access and achievements and also for all children to acquire informed and tolerant attitudes This book makes an important contribution to a small but growing literature concentrating on initial rather than in service teacher education and it brings together papers from experienced specialists from eleven countries worldwide Australia Britain Canada Israel Malaysia Northern Ireland South Africa Spain Sweden The Netherlands and the USA The papers are concerned with the needs both of diverse classrooms and diverse societies and also consider general principles and comparative perspectives Of interest to the specialist and non specialist alike *Teacher Education in Plural Societies An International Review* deals with an important and timely issue how best to prepare teachers to meet the needs of both minority and majority culture pupils who are growing up in plural societies **The SAGE Handbook of Identities** Margaret Wetherell, Chandra Talpade Mohanty, 2010-04-14 Increasingly identities are the site for interdisciplinary initiatives

and identity research is at the heart of many transdisciplinary research centres around the world No single social science discipline owns identity research which makes it a difficult topic to categorize The SAGE Handbook of Identities systematizes this complex field by incorporating its interdisciplinary character to provide a comprehensive overview of its themes in contemporary research while still acknowledging the historical and philosophical significance of the concept of identity Drawing on a global scholarship the Handbook has four parts Part 1 Frameworks presents the main theoretical and methodological perspectives in identities research Part 2 Formations covers the major formative forces for identities such as culture globalisation migratory patterns biology and so on Part 3 Categories reviews research on the core social categories which are central to identity such as ethnicity gender sexuality disability and social class and intersections between these Part 4 Sites and Context develops a series of case studies of crucial sites and contexts where identity is at stake such as social movements relationships and family life work places and environments and citizenship

Discrimination in Football Christos Kassimeris, 2021-05-17 While football does not generate discriminatory behaviour it often replicates the very same social issues that concern any given society Evidently football has witnessed an alarming increase in the number of disturbing incidents on the grounds of racism ethnocentrism sectarianism homophobia and sexism Given the variety of forms that discrimination can take it is imperative that football addresses with effect all such anti social phenomena in order to continue to promote notions pertaining to social inclusion equality and cultural diversity all central to the game s philosophy and overall popularity Assessing the nature and causes of discrimination in football is key to identifying the much needed remedies but also because discrimination poses a serious challenge to long established practices deeply rooted in democracy Discrimination in Football provides a comprehensive and in depth investigation into these key issues affecting football today This new book will appeal to academics and students with an interest in social science law sport and humanities as well as football fans and professionals in the football industry

Violence, Law and the Impossibility of Transitional Justice Catherine Turner, 2016-07-07 The field of transitional justice has expanded rapidly since the term first emerged in the late 1990s Its intellectual development has however tended to follow practice rather than drive it Addressing this gap Violence Law and the Impossibility of Transitional Justice pursues a comprehensive theoretical inquiry into the foundation and evolution of transitional justice Presenting a detailed deconstruction of the role of law in transition the book explores the reasons for resistance to transitional justice It explores the ways in which law itself is complicit in perpetuating conflict and asks whether a narrow vision of transitional justice underpinned by a strictly normative or doctrinal concept of law can undermine the promise of justice Drawing on case material as well as on perspectives from a range of disciplines including law political science anthropology and philosophy this book will be of considerable interest to those concerned with the theory and practice of transitional justice

The Ulster Question since 1945 James Loughlin, 2017-03-14 This major work of synthesis presents an up to date assessment of the issues at the very root of the troubles in Northern Ireland Framed

against the background of Ulster history since the early 17th century the major factors in the development of the Ulster question since 1945 are examined These include The evolution of Ulster Unionism and the Nationalist and Republican traditions The role of Britain The increasingly important part played by external actors especially the USA Since the outbreak of the present troubles in August 1969 a thriving academic literature on Ulster and its history has emerged Based on the most authoritative texts this thoroughly revised and updated edition includes new materials on the period as a whole and an assessment of the developments since the signing of the Good Friday Agreement in 1998 **Transforming Politics** S.

Roseneil,2016-07-27 This volume examines the transformation of politics and social movements at various levels Starting with a transformation of identity within social movements it goes on to discuss changes in the scale of social movement mobilisation The impact of social movements on the state is also considered with a particular focus upon the ways in which the state is able to incorporate apparently radical political agendas Finally the book examines those intellectual and theoretical debates stimulated by recent political transformations **Religion** Meredith B. McGuire,2008-04-10 In this insightful examination of religions in their local and global context the author shows how analyzing religions social context helps us understand individuals lives social movements national and ethnic politics and widespread social changes Well researched and theory based the text is filled with intriguing anecdotes empirical data thought provoking discussions of both mainstream and nonofficial religions and historical and contemporary examples that illustrate the interplay between religion and society across cultures This volume takes an integrated approach to examining religion and includes cross cultural historical and methodological viewpoints Readers will learn to identify the complex interactions between religion and societal contexts as well as the ways in which these interactions shape individuals communities national politics and the world

With God on their Side Timothy Chandler,Tara Magdalinski,2005-07-12 Sport and religion are cultural institutions with a global reach Each is characterised by ritualised performance and by the ecstatic devotion of its followers whether in the sports arena or the cathedral of worship This fascinating collection is the first to examine in detail the relationship between these two cultural institutions from an international religiously pluralistic perspective It illuminates the role of sport and religion in the social formation of collective groups and explores how sport might operate in the service of a religious community The book offers a series of cutting edge contemporary historical case studies wide ranging in their social and religious contexts It presents important new work on the following fascinating topics sport and Catholicism in Northern Ireland Shinto and sumo in Japan women sport and the American Jewish identity religion race and rugby in South Africa sport and Islam in France and North Africa sport and Christian fundamentalism in the US Muhammad Ali and the Nation of Islam *With God on their Side* is vital reading for all students of the history sociology and culture of sport It also presents important new research material that will be of interest to religious studies students historians and anthropologists

Global Youth Marc V. Felizzi,Karen M. Rice,2015-09-04 Youth violence is not a unique phenomenon and in fact youth

have been plagued with challenges throughout the centuries that have placed them at risk of violent tendencies. These challenges include poverty, inadequate healthcare, limited educational opportunities, exploitation, gender inequality, substance abuse, mental health concerns, homelessness, gang involvement, and family dysfunction. Further, these challenges are not unique to youth within the United States; however, these experiences may differ in terms of chronicity, intensity, and impact. In all youth, these challenges create stress and trauma that compromise well-being. This book explores the challenges that youth experience and provides context to better understand the factors related and contributing to those issues. The chapters describing realistic and practical violence prevention and remediation programs, which are both innovative and effective, are particularly unique. Additionally, there are a number of chapters that discuss the latest technological advances in helping young people, as well as evidence-based assessments and evaluations to help those who work with young people understand the needs of at-risk youth.

Young People's Attitudes to Religious Diversity Elisabeth Arweck, 2016-07-01. Investigating the hitherto unexplored topic of how young people understand and relate to religious diversity in the social context in which they are growing up, this book makes a significant contribution to the existing body of literature on religious diversity and multiculturalism. It closes a gap in knowledge about young people's attitudes to religious diversity and reports data gathered across the whole of the UK, as well as comparative chapters on Canada, USA, and continental Europe. Reporting findings from both qualitative and quantitative research, which reveal, for example, the importance of the particular social and geographical context within which young people are embedded, the volume addresses young people's attitudes towards the range of world religions, as well as non-religious stances, and offers an interdisciplinary approach through the different analytical perspectives of the contributors.

Work with Youth in Divided and Contested Societies, 2007-01-01. There is increasing recognition that protective and therapeutic approaches to youth in conflict and post-conflict societies have limitations, especially with older youth. Because youth are not only victims but also participants in conflict, they can be participants in building peace, and this book is a survey of the expertise emerging around the world of those who work with young people as participants in community development and as a peace constituency. Work with youth in conflict societies has been seen as a unique experience because of the extraordinary and extenuating circumstances, but as the focus has changed from protection of youth to the participation of youth, a second aim of this volume is to draw connections between the skills needed under these circumstances and the practices of youthwork and human services in other contexts. The content includes program descriptions, profiles of youth workers, and essays about policy, practice, and theory.
