## **Facing Zero Population Growth Studies In Social And Economic Demography:**

**Facing Zero Population Growth** Joseph John Spengler, 1978 **Journal of Economic Literature**, 1979 *Housing and Planning References*, 1979 International Research Document, 1975 **The Economics of Individual and Population Aging** Robert L. Clark, Joseph J. Spengler, 1980-04-30 This study aims to identify and describe the principle economic issues associated with individual and population ageing In addition the study surveys and assess the existing knowledge including research by scholars of many countries and different fields in the social sciences of the economic and social problems associated with ageing Although the study covers a wide range of issues it focuses primarily on the economic complexities of individual ageing and the macro economic problems that arise from age structure changes in the population The authors giving examples from many countries trace the development of concern for population ageing and examine theoretical concepts and changing demographic conditions Cross national econometric studies are cited along with time series and cross sectional research on individual countries In assessing the state of the literature on the economic problems of ageing the authors have attempted to indicate fruitful avenues for further research *Research Reports: Demographic and social aspects of population growth* United States. Commission on Population Growth and the American Future, 1970

*Zero Population Growth* Joseph John Spengler, 1975 Collection of papers on the social implications and economic implications of zero population growth in the USA includes projections of the effect of stationary population on unemployment labour mobility social security and pension schemes educational development energy policy and economic growth in general Graphs references and statistical tables **Economic Books**, 1978 Demography: Analysis and Synthesis, Four Volume Set, 2005-12-20 This four volume collection of over 140 original chapters covers virtually everything of interest to demographers sociologists and others Over 100 authors present population subjects in ways that provoke thinking and lead to the creation of new perspectives not just facts and equations to be memorized The articles follow a theory methods applications approach and so offer a kind of one stop shop that is well suited for students and professors who need non technical summaries such as political scientists public affairs specialists and others Unlike shorter handbooks Demography Analysis and Synthesis offers a long overdue thorough treatment of the field Choosing the analytical method that fits the data and the situation requires insights that the authors and editors of Demography Analysis and Synthesis have explored and developed This extended examination of demographic tools not only seeks to explain the analytical tools themselves but also the relationships between general population dynamics and their natural economic social political and cultural environments Limiting themselves to human populations only the authors and editors cover subjects that range from the core building blocks of population change fertility mortality and migration to the consequences of demographic changes in the biological and health fields population theories and doctrines observation systems and the teaching of demography The international perspectives brought to these subjects is vital for those who want an unbiased rounded overview of these

complex multifaceted subjects Topics to be covered Population Dynamics and the Relationship Between Population Growth and Structure The Determinants of Fertility The Determinants of Mortality The Determinants of Migration Historical and Geographical Determinants of Population The Effects of Population on Health Economics Culture and the Environment Population Policies Data Collection Methods and Teaching about Population Studies All chapters share a common format Each chapter features several cross references to other chapters Tables charts and other non text features are widespread Each chapter contains at least 30 bibliographic citations

**Demographic and Social Aspects of Population Growth** Robert Parke, 1972 **Demography As an Interdiscipline** J. Mayone Stycos, This volume draws together some of the pioneer figures in the social science arena who have been working at the margins of demography and other social sciences These articles show the willingness of the new demography to venture into a variety of other disciplines to better appreciate its own special contributions to the world of interdisciplinary research Joint Force Quarterly, 2009 **Black Migration in America** Daniel Milo Johnson, Rex R. Campbell, 1981 Beginning with the slave trade Johnson and Campbell trace the migration forced and free of blacks through the antebellum period into the 1970s They examine the major causes of the migrations and the personal motivations of the migrants Drawing widely from historic economic sociological and demographic sources Johnson and Campbell have presented a comprehensive and concise review of black migration in America from back cover

**History of Humanity** UNESCO, 2008-12-31 This is the seventh and final volume in this comprehensive guide to the history of world cultures throughout historical times **Monographic Series** Library of Congress, **Interregional Migration in the U.S.S.R.** Peter J. Grandstaff, 1980 A revision of the author's thesis Duke University 1973 **Congressional Record** United States. Congress, 1970 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Library of Congress Catalogs** Library of Congress, 1980 *Nationalizing Sex* Richard Togman, 2019-02-13 Government sponsored breeding programs medals of motherhood forced abortions and surgical sterilization on park benches all of these policies have come out of government efforts to nationalize sex and harness procreation as a tool of the state Over 170 countries or 85% of governments worldwide have active policies designed to manipulate the fertility of their citizenry with the aim of influencing the rate of growth of their populations While over 90% of least developed states are trying to combat population growth with policies designed to reduce fertility over two thirds of all developed countries are actively crafting legislation to increase their populations Despite over a hundred years of relative failure and innumerable studies questioning the viability and utility of government attempts to manipulate the fertility rate of the population as a whole the majority of governments worldwide continue to uphold and develop such policies What drives

government to try to control how many children people will have Nationalizing Sex traces why population emerged as an object of governance and how natalist policy has changed over time and place using case studies from France Germany Russia India and China It analyzes the origins growth and development of fertility as a national and international political issue the rise and fall of the narratives used to ascribe meaning to natality and the global proliferation of oddly similar policies adopted by widely dissimilar states As importantly it explains why after hundreds of years countries continue to pursue natalist policy even though it has been such a widespread failure      *Current Catalog* National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70
