A Factory of Cunning Philippa Stockley, 2012-04-16 First published in 2005 this story tells how in the years before the French Revolution London is an unsettled dangerous place the scene of an exquisite thrilling tale of revelation and revenge One freezing May morning two veiled women step off the boat from Holland A French lady calling her Mrs Fox and her maid they are on the run Fearing for her life Mrs Fox must make her way in a strange new city but both her past and present crackle with danger Immoral and beautiful Mrs Fox has always used men to support and amuse her Trusting on her wits to keep ahead of the hangman she manipulates others to survive gullible Lord Danceacre sweet Violet Denyss and degenerate predator Earl Much Yet in the Earl Mrs Fox has met an adversary whose sadistic viciousness is a match for her own attempts to destroy him Games are played with ever higher stakes until someone must pay the penalty but will it be the innocent or the damned Through a dark quick world of liars and lechers where infidelity and intellect cross swords with desire or death Mrs Fox hurtles towards a horrible climax Here is London 1784 Welcome to a factory of cunning

The Edge of Pleasure

Philippa Stockley, 2012-04-16 Gilver Memmer a successful and handsome artist was always lucky His artistic skills were spotted at an early age and his good looks made him popular with the girls He studied at Oxford where he was admired by teachers and students alike and by the age of twenty eight he was rich famous and could have any woman he wanted His life was all glamour and extravagant parties and even his exhibition flop in New York could not shake Gilver s confidence Having been fortunate and popular all his life Gilver rarely paid attention to his financial affairs a decade later much to his great surprise he finds himself out of money with nowhere live On his forty second birthday Gilver Memmer woke up and realised he had slept for over ten years He does not know the name of the girl in his bed he is broke and not many people remember that he used to be a celebrated painter He is ready to change his life and redeem mistakes of his youth but will this egocentric artist and dissolute womaniser be able to change Will his friends stick around when he has no money and his fame is forgotten Will he find a love that will conquer his promiscuous habits The Edge of Pleasure is Phillipa Stockley s debut novel and was first published in 2002 Stockley a Londoner and painter herself sets her intriguing change of fortune and change of life plot in the capital over the eighties and nineties Reminiscent of a young Beryl Bainbridge or Muriel Spark The Edge of Pleasure is a stylish first novel from a wonderful writing talent

The Political Economy of Rural-Urban Conflict

Topher L. McDougal, 2017-07-07 In some cases of insurgency the combat frontier is contested and erratic as rebels target cities as their economic prey In other cases it is tidy and stable seemingly representing an equilibrium in which cities are effectively protected from violent non state actors What factors account for these differences in the interface between urban based states and rural based challengers To explore this question this volume examines two regions representing two dramatically different outcomes In West Africa Liberia and Sierra Leone capital cities became economic targets for rebels who posed dire threats to the survival of the state In Maoist India despite an insurgent ideology aiming to overthrow the

state via a strategy of progressive city capture the combat frontier effectively firewalls cities from Maoist violence This book argues that trade networks underpinning the economic relationship between rural and urban areas termed interstitial economies may differ dramatically in their impact on and response to the combat frontier It explains rebel predatory tendencies towards cities as a function of transport networks allowing monopoly profits to be made by urban based traders It explains combat frontier delineation as a function of the social structure of the trade networks hierarchical networks permit elite elite bargains that cohere the frontier These factors represent what might be termed respectively the hardware and software of the rural urban economic relationship Of interest to any student of political economy and violence this book presents new arguments and insights about the relationships between violence and the economy predation and production core and periphery Working Detroit Steve Babson, David Elsila, John Revitte, Ron Alpern, 2018-02-05 The book concludes with an examination of the present day crisis facing the labor movement The Automobile, 1913 **Andrzej Wajda** Janina Falkowska, 2007-12-01 The work of Andrzej Wajda one of the world's most important filmmakers shows remarkable cohesion in spite of the wide ranging scope of his films as this study of his complete output of feature films shows Not only do his films address crucial historical social and political issues the complexity of his work is reinforced by the incorporation of the elements of major film and art movements It is the reworking of these different elements by Wajda as the author shows which give his films their unique visual and aural qualities **Gimme Indie Rock** Andrew Earles, 2014-09-15 Music journalist Andrew Earles provides a rundown of 500 landmark albums recorded and released by bands of the indie rock genre **Automotive Industries**, 1928 **History of Behar Indigo Factories** Minden Wilson, 1908 *Spokesman of the Carriage and Associate Trades*, 1914 A history of England, 1930 Annual Report of the Department of Inspection of Workshops, Factories and Public Buildings, to the General Assembly of the State of Ohio, for the Year ...
