Auto-ethnography in Public Policy Advocacy Louise Sinden-Carroll,2018-07-28 This book explores how public policy advocacy can be used to approach policy issue identification resolution or at the least support the management of wicked policy issues By describing how this type of advocacy draws on participatory action research including ethnographic and auto ethnographic models this book offers a tool for public policy consumer advocates on how to apply the Human Capabilities Approach to address presenting public policy issues worldwide By applying these models to the situation of prisoners with hearing loss in New Zealand s prisons it identifies multiple causal factors for quality of life limiting marginalization e g social barriers e g disability discrimination environmental limitations e g geographical and those introduced by incarceration and individual responses in line with negative attitudes both social and political including the State s denial of prisoners right to democratic participation by revoking their right to vote in general elections after sentencing In addition two other areas namely blood safety and broadcast media captioning are highlighted showing that the skill of auto ethnography is transferrable and can be applied to ensure effective consumer advocacy for a diverse range of issues that affect marginalized sectors Navigating Fake News, Alternative Facts, and Misinformation in a Post-Truth World Dalkir, Kimiz,Katz, Rebecca,2020-02-28 In the current day and age objective facts have less influence on opinions and decisions than personal emotions and beliefs Many individuals rely on their social networks to gather information thanks to social media s ability to share information rapidly and over a much greater geographic range However this creates an overall false balance as people tend to seek out information that is compatible with their existing views and values They deliberately seek out facts and data that specifically support their conclusions and classify any information that contradicts their beliefs as false news Navigating Fake News Alternative Facts and Misinformation in a Post Truth World is a collection of innovative research on human and

automated methods to deter the spread of misinformation online such as legal or policy changes information literacy workshops and algorithms that can detect fake news dissemination patterns in social media While highlighting topics including source credibility share culture and media literacy this book is ideally designed for social media managers technology and software developers IT specialists educators columnists writers editors journalists broadcasters newscasters researchers policymakers and students

Black Rock William A. Dodge, 2010-02-17 To visiting geologists Black Rock New Mexico is a basaltic escarpment and an ideal natural laboratory To hospital workers Black Rock is a picturesque place to earn a living To the Zuni the mesas arroyos and the rock itself are a stage on which the passion of their elders is relived William A Dodge explores how a shared sense of place evolves over time and through multiple cultures that claim the landscape Through stories told over many generations this landscape has given the Zuni an understanding of how they came to be in this world More recently paleogeographers have studied the rocks and landforms to better understand the world as it once was Archaeologists have conducted research on ancestral Zuni sites in the vicinity of Black Rock to explore the cultural history of the region In addition the Anglo American employees of the Bureau of Indian Affairs came to Black Rock to advance the federal Indian policy of assimilation and brought with them their own sense of place Black Rock has been an educational complex an agency town and an Anglo community Today it is a health care center commercial zone and multiethnic subdivision By describing the dramatic changes that took place at Black Rock during the twentieth century Dodge deftly weaves a story of how the cultural landscape of this community reflected changes in government policy and how the Zunis themselves through the policy of Indian self determination eventually gave new meanings to this ancient landscape

Tourism Public Policy, and the Strategic Management of Failure William Revill Kerr, 2003-09-04 First Published in 2003 The development of tourism and tourism public policy and the strategic management of failure of tourism to realize its commercial potential are all considered in this book The particular salience of this research lies in the fact that it has been conducted during an interesting politically and volatile globally period for the world s tourism industry Increasing competition economic and environmental issues combined with the continued threat of terrorism and instability in the Middle East necessitated governments assessing and redefining their tourism public policies How they approached this in the late nineties and new Millennium is reflected in the first part of the book The second part focuses on Scotland whose tourism public policy issues in the late nineties were focused concentrated and mutated by globalization political devolution and the restoration of the Scottish Parliament in 1999 In consequence tourism and economic development powers were devolved to Edinburgh from Westminster However other powers such as fiscal and employment policies which impacted greatly on tourism were reserved to Westminster a complex situation which the book has also set out to explain as it does the Scottish Parliament s inability to influence such powers During the lifetime of the first parliament in almost three hundred years Scottish tourism was confronted by significant challenges e g the foot and mouth epidemic the terrorist atrocities in the USA

Indonesia and Kenya the combination of which for a short but crucial period virtually decimated North American tourism trade to Europe and of course recession *Handbook of Geotourism* Ross Dowling, David Newsome, 2018-10-26 Ross Dowling and David Newsome present an original substantial and much needed contribution to the field which will further our understanding of geotourism in theory and practice This Handbook defines characterizes and explores the subject through a range of international perspectives and case studies identifying geotourism as a rapidly emerging form of urban and regional sustainable development With extensive case studies from North and South America Europe Asia Australasia and Africa this global Handbook examines and explains the relationship between geology and tourism Thematically arranged sections cover the relationship of geology with tourism sustainability and society geotourism in urban areas and interpretation and education strategies The final two sections assess geotourism s impact through wide ranging case studies of UNESCO global geoparks and geotourism in a range of countries The eminent academics and practitioners demonstrate how geotourism is a vehicle future for engaging the public and protecting geosites as well as emphasising the importance of sustainability An essential resource for students and educators this Handbook provides an international perspective for those interested in tourism environmental geography ecology and geology Written with practitioners in mind this book reveals how tourism professionals and geologists can build a common vision by working together in sharing knowledge at the nexus of geology and tourism Contributors include M Allan E Aparecida Del Lama R S Aquino A Asrat N Azman T Brown M Burlando H S Cahyadi R M Clary K Crawford E da Silva Guimar es R Dowling A Dumaliang B C Dumaliang P Erfurt S Espiner N T Farsani M Garofano A Gates C Gomez J E Gordon M Gray N Gr nert S A Halim Herlina Y Jeon J Johnston H T Kobryn I Komoo L Kubal kov U Lagally J Larwood E A Lima M Machado P Migon R Miller C Neto de Carvalho D Newsome R Pe a H Purdie A Riganti J P R Rivera D A Ruban H Samodra L Sheydder de Oliveira Lopes R C Soares K Takenouchi M Thomas H Torigoe M Van Kranendonk J Weber G Worton K Xu
