authorship Breaking with the tendency to categorize and characterize Persian literature according to the dynasty in power this book argues for the indirectness and complexity of the relations between poetics and politics Among its original contributions is an interpretation of B dil s Sufi adaptation of a Braj Avadhi tale of utopian Hindu kingship a novel hypothesis on the historicism of Sir j al Din Al Kh n rz s oeuvre and a study of how Bindr ban D s Khvushg entwined the contrasting models of authorship in B dil and rz to formulate his voice as a Sufi historian of the Persian poetic tradition The first book length work in English on Abd al Q dir B dil and his circle of Persian literati this is a valuable resource for students and scholars of both South Asian and Iranian studies as well as Persian literature and Sufism
