Faded Glory James C. Clark,1985

Presidents in Retirement Paul B.

Wice,2009-04-16 *Presidents in Retirement* Alone and Out of the Office describes and analyzes the behavior of those thirty four former presidents who survived their terms and were faced with deciding how to make the most of their new lives as private citizens Rather than simply present a chronology of presidential behavior the book explores the variety of retirement activities with chapters on partisan politics public service economic pursuits leisurely activities health concerns and relationships with a successor The book s emphasis is on the range of social psychological factors affecting the behavior of ex presidents once they leave the White House What did these once powerful men do to fill many empty hours of retirement Why did they pursue particular avenues of endeavor and to what degree did these choices provide satisfaction What discernible patterns of behavior can be identified which can be of predictive value in understanding the retirement behavior of future presidents This book offers a unique opportunity to examine the personality and beliefs of our presidents in a relatively pristine setting The reader can observe these former chief executives without having to factor in the influence of advisors and staff Retirement grants a personal freedom to engage in activities and express oneself without great concern with political repercussions Additionally once out of the White House ex presidents are no longer trapped by political crises which are likely to circumscribe their behavior Retirement is therefore a time when a person can express true inner feelings and behave in a manner consistent with these beliefs Freeing them from the dictates of a difficult job retirement offers former presidents the freedom and enjoyment to live their final years in comfort and happiness or under stressful conditions caused by economic or health concerns Although the step down from the presidency may be much greater than the average person s experiences of entering retirement the relative problems and rewards are only of a qualitative difference

Presidential Diversions Paul F. Boller,2007 Paul F Boller Jr s widely admired and bestselling anecdotal histories have uncovered new aspects and hidden dimensions in the lives of our presidents Now he turns to an uncharted but unexpectedly revealing element of our leaders personalities as he brings us stories of what the presidents did for fun In thumbnail portraits of every president through George W Bush Boller chronicles their taste in games sports and cultural activities George Washington had a passion for dancing and John Quincy Adams skinny dipped in the Potomac Grover Cleveland loved beer gardens and Woodrow Wilson made a failed effort to write fiction Calvin Coolidge cherished his afternoon naps as did Lyndon Johnson his four pack a day cigarette habit Jimmy Carter was a surprisingly skilled high diver and Bush Senior loved to parachute The sketches revitalize even the most familiar of our leaders showing us a new side of our presidents and their presidencies Former Leaders in Modern Democracies K. Theakston,J. de Vries,Jouke de Vries,2012-04-05 What comes next for a former leader in a democracy a Prime Minister or President obliged to leave office because they have lost an election come to the end of their constitutionally fixed term lost the backing of their party or chosen to leave This book

analyses the role and political influence of former leaders in Western democratic states Guide to the Presidency Michael Nelson, 2015-05-01 The Guide to the Presidency is an extensive study of the most important office of the U S political system Its two volumes describe the history workings and people involved in this office from Washington to Clinton The thirty seven chapters of the Guide arranged into seven distinct subject areas ranging from the origins of the office to the powers of the presidency to selection and removal cover every aspect of the presidency Initially dealing with the constitutional evolution of the presidency and its development the book goes on to expand on the history of the office how the presidency operates alongside the numerous departments and agents of the federal bureaucracy and how the selection procedure works in ordinary and special circumstances Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day and the detailed overview of the vice presidents and first ladies of each particular office Also included are two special appendices one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton s Inaugural Address and another which provides results from elections and polls and statistics from each office Watergate Remembered M. Genovese, 2012-01-02 As the fortieth anniversary of the Nixon resignation approaches it is time to take a fresh look at Watergate s impact on the American political system and to consider its significance for the historical reputation of the president indelibly associated with it **The Legacy of Watergate and the Nixon Presidency** Michael A. Genovese, 2023-11-09 This book examines the Nixon presidency reviews the events surrounding Watergate and the President resignation and unpacks the effects of Watergate on our politics and public attitudes about the political process Genovese a prolific scholar of the American presidency who has published three previous books on Nixon and Watergate argues that the roots of modern political dysfunction and slash and burn politics can be traced to the impact of the Vietnam War the Watergate Crisis the policies and activities of the Nixon presidency and the hyper partisanship they spawned Now 50 years on from the scandal it is time for a reappraisal of Nixon s impact and a review of the impact he has had on our political system and political culture **Coolidge** Robert Sobel, 2012-04-01 In the first full scale biography of Calvin Coolidge in a generation Robert Sobel shatters the caricature of our thirtieth president as a silent do nothing leader Sobel instead exposes the real Coolidge whose legacy as the most Jeffersonian of all twentieth century presidents still reverberates today **Franklin Delano Roosevelt** Conrad Black, 2012-03-13 Franklin Delano Roosevelt stands astride American history like a colossus having pulled the nation out of the Great Depression and led it to victory in the Second World War Elected to four terms as president he transformed an inward looking country into the greatest superpower the world had ever known Only Abraham Lincoln did more to save America from destruction But FDR is such a large figure that historians tend to take him as part of the landscape focusing on smaller aspects of his achievements or carping about where he ought to have done things differently Few have tried to assess the totality of FDR s life and career Conrad Black rises to the challenge In this magisterial biography Black makes the case that FDR was the most important

person of the twentieth century transforming his nation and the world through his unparalleled skill as a domestic politician war leader strategist and global visionary all of which he accomplished despite a physical infirmity that could easily have ended his public life at age thirty nine Black also takes on the great critics of FDR especially those who accuse him of betraying the West at Yalta Black opens a new chapter in our understanding of this great man whose example is even more inspiring as a new generation embarks on its own rendezvous with destiny *A Companion to Gerald R. Ford and Jimmy Carter* Scott Kaufman,2015-12-21 With 30 historiographical essays by established and rising scholars this Companion is a comprehensive picture of the presidencies and legacies of Gerald Ford and Jimmy Carter Examines important national and international events during the 1970s as well as presidential initiatives crises and legislation Discusses the biography of each man before entering the White House his legacy and work after leaving office and the lives of Betty Ford Rosalynn Carter and their families Covers key themes and issues including Watergate and the pardon of Richard Nixon the Vietnam War neoconservatism and the rise of the New Right and the Iran hostage crisis Incorporates presidential diplomatic military economic social and cultural history Uses the most recent research and newly released documents from the two Presidential Libraries and the State Department **Faded Glory** James C. Clark,1985-02 James Clark delves deeply into the archives of our nation s presidential history to reveal that for many former presidents life after the White House was far from a gratifying experience and often brought poverty despair and the hope that somehow they might return to power Focusing on individual presidential lives Clark relates how Thomas Jefferson slipped into poverty and spent his final days trying to sell his beloved Monticello how Franklin Pierce succumbed to alcoholism how James Buchanan was suspected of being a Confederate spy and more Clark reveals uncharacteristic behavioral patterns of former presidents who filled with frustration and resentment leveled undue criticism at their successors He also observes that those men who wished to remain in the White House often left with great bitterness unable to deal with the loss of power and prestige **FDR** Jean Edward Smith,2008-05-13 NATIONAL BESTSELLER A model presidential biography Now at last we have a biography that is right for the man Jonathan Yardley The Washington Post Book World One of today s premier biographers has written a modern comprehensive indeed ultimate book on the epic life of Franklin Delano Roosevelt In this superlative volume Jean Edward Smith combines contemporary scholarship and a broad range of primary source material to provide an engrossing narrative of one of America s greatest presidents This is a portrait painted in broad strokes and fine details We see how Roosevelt s restless energy fierce intellect personal magnetism and ability to project effortless grace permitted him to master countless challenges throughout his life Smith recounts FDR s battles with polio and physical disability and how these experiences helped forge the resolve that FDR used to surmount the economic turmoil of the Great Depression and the wartime threat of totalitarianism Here also is FDR s private life depicted with unprecedented candor and nuance with close attention paid to the four women who molded his personality and helped to inform his worldview His mother Sara Delano Roosevelt formidable yet ever supportive

and tender his wife Eleanor whose counsel and affection were instrumental to FDR's public and individual achievements Lucy Mercer the great romantic love of FDR's life and Missy LeHand FDR's longtime secretary companion and confidante whose adoration of her boss was practically limitless Smith also tackles head on and in depth the numerous failures and miscues of Roosevelt's public career including his disastrous attempt to reconstruct the Judiciary the shameful internment of Japanese Americans and Roosevelt's occasionally self-defeating Executive overreach Additionally Smith offers a sensitive and balanced assessment of Roosevelt's response to the Holocaust noting its breakthroughs and shortcomings Summing up Roosevelt's legacy Jean Smith declares that FDR more than any other individual changed the relationship between the American people and their government It was Roosevelt who revolutionized the art of campaigning and used the burgeoning mass media to garner public support and allay fears But more important Smith gives us the clearest picture yet of how this quintessential Knickerbocker aristocrat a man who never had to depend on a paycheck became the common man's president The result is a powerful account that adds fresh perspectives and draws profound conclusions about a man whose story is widely known but far less well understood Written for the general reader and scholars alike FDR is a stunning biography in every way worthy of its subject

Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues, 1789-2015 John R. Vile, 2015-07-20 Now in its fourth edition and completely updated this is the most comprehensive book on constitutional amendments and proposed amendments available Although only 27 amendments have ever been added to the U.S. Constitution the last one having been ratified in 1992 throughout American history members of Congress have introduced more than 11,000 amendments and countless individuals outside of Congress have advanced their own proposals to revise the Constitution the wellspring of America's legal political and cultural foundations At a time when calls for a new constitutional convention are on the rise it is essential for students of political science and history as well as American citizens to understand proposed alternatives This updated edition of the established standard for high school and college libraries as well as public and law libraries serves as the go-to reference for learning about existing constitutional amendments proposed amendments and the issues related to them An alphabetically arranged two-volume set it contains more than 500 entries that discuss amendments that have been proposed in Congress from 1789 to the present It also discusses prominent proposals for extensive constitutional changes introduced outside Congress as well as discussions of major amending issues

Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues, 1789-2023 John R. Vile, 2023-10-19 Written by a leading scholar of the constitutional amending process this two-volume encyclopedia now in its fifth edition is an indispensable resource for students legal historians and high school and college librarians This authoritative reference resource provides a history and analysis of all 27 ratified amendments to the Constitution as well as insights and information on thousands of other amendments that have been proposed but never ratified from America's birth until the present day The set also includes a rich bibliography of informative books articles and

other media related to constitutional amendments and the amending process **A First-Class Temperament** Geoffrey C. Ward, 2014-09-09 In this classic of American biography based upon thousands of original documents many never previously published the prize winning historian Geoffrey C Ward tells the dramatic story of Franklin Roosevelt s unlikely rise from cloistered youth to the brink of the presidency with a richness of detail and vivid sense of time place and personality usually found only in fiction In these pages FDR comes alive as a fond but absent father and an often unfeeling husband the story of Eleanor Roosevelt s struggle to build a life independent of him is chronicled in full as well as a charming but pampered patrician trying to find his way in the sweaty world of everyday politics and all too willing willing to abandon allies and jettison principle if he thinks it will help him move up the political ladder But somehow he also finds within himself the courage and resourcefulness to come back from a paralysis that would have crushed a less resilient man and then go on to meet and master the two gravest crises of his time Guide to the Presidency and the Executive Branch Michael

Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House

organizations and the president's role as chief economist. Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions.

Tampa Bay Magazine, 2011-11 Tampa Bay Magazine is the area's lifestyle magazine. For over 25 years it has been featuring the places, people, and pleasures of Tampa Bay, Florida that includes Tampa, Clearwater, and St. Petersburg. You won't know Tampa Bay until you read Tampa Bay Magazine.

Faded Glory Thomas E. Alexander, Dan K. Utley, 2012-09-24 Each of the wars fought by Texans spawned the creation of scores of military sites across the state from the lonely frontier outpost at Adobe Walls to the once bustling World War II shipyards of Orange. Today although vestiges of the sites still exist, many are barely discernible; their once proud martial trappings now faded by time, neglect, the elements, and most of all, public apathy. In *Faded Glory: A Century of Forgotten Texas Military Sites Then and Now*, Thomas E. Alexander and Dan K. Utley revisit twenty-nine sites, many of them largely forgotten, associated with what was arguably the most tumultuous hundred-year period in a five-century span of Texas history. Whether in the war with Mexico, the American Civil War, in clashes between Indians and the frontier army, or in two worldwide conflicts fought on foreign shores, Texas and Texans have often answered the call to arms. Beginning in 1845 and continuing through 1945, the Lone Star State and its people were fully involved in seven major conflicts. In this thoroughly researched and absorbing guide, Alexander and Utley recount the full story of the sites from their days of fame to the present. Comparing historic sketches, paintings, and period photographs of the original installations with recent photographs, they illustrate how time has dealt with these important places. Providing maps to aid readers in locating each site, the authors close with a resounding call for preservation and interpretation for future generations. The descriptions and images restore at least in the mind's eye a touch of vitality and color to these forgotten and disappearing sites. Thanks to *Faded Glory: A Century of Forgotten Texas Military Sites Then and Now*, both the traveler and the armchair tourist can recover a sense of these places and events that did so much to shape the military history of Texas.

Jimmy Carter as Peacemaker Rod Troester, 1996-06-30 Examines the post-presidency of Jimmy Carter, arguing that through active involvement in world affairs and humanitarian causes, Carter has redefined the role of former presidents.
