Fair To Middlin:

Fair to Middlin' Lynn Willoughby, 2009-04-19 Explores the livelihood of the regional antebellum economy surrounding the Apalachicola Chattahoochee River valley and the resulting global impact of this industry This study focuses on the port of Apalachicola Florida and the business men who lived the trade flourishing amongst the poor conditions of transportation communication money and banking Cotton businessmen located along the waterway and on the coast neatly divided the labour necessary to market the region s major source of income Early regional economics revolved around and grew from the rivers that served as the primary form of transportation and each patchwork of economy in the antebellum South relied on a different river system and its major transportation artery Few people truly understand and realize how important cotton was to the world s economy and no other American export came close to the importance of cotton This power and success allowed the South to function self sufficiently eliminating the need to rely on other regions for goods It was not until the introduction of the railroad system that these individual river economies blurred and faded into one another gradually uniting to one integrated national economy Lippincott's Monthly Magazine ,1902 **Rich Man's War** David Williams, 2011-03-15 In **Rich Man's War** historian David Williams focuses on the Civil War experience of people in the Chattahoochee River Valley of Georgia and Alabama to illustrate how the exploitation of enslaved blacks and poor whites by a planter oligarchy generated overwhelming class conflict across the South eventually leading to Confederate defeat This conflict was so clearly highlighted by the perception that the Civil War was a rich man s war and a poor man s fight that growing numbers of oppressed whites and blacks openly rebelled against Confederate authority undermining the fight for independence After the war however the upper classes encouraged enmity between freedpeople and poor whites to prevent a class revolution Trapped by racism and poverty the poor remained in virtual economic slavery still dominated by an almost unchanged planter elite The publication of this book was supported by the Historic Chattahoochee Commission **It's Gonna Rain All Night** JOHN EATON, 2014-02-21 An ultra egotistical radio disc jockey and a ten year old boy set the wheels in motion on this story which takes the reader on a journey based in truth but with the names changed to protect the author It gives a light hearted and somewhat irreverent insight into the worlds of pop music road transport radio and television high finance and sandwich making Dark Passions A.
