## **Fairbank Remembered:**

Fairbank Remembered Paul A. Cohen, Merle Goldman, 1992 John King Fairbank 1907 1991 was best known to the public as the dean of Chinese studies in the United States John Hersey Hanu Reischauer Harrison Salisbury and Arthur Schlesinger Jr are among the more than 125 friends students and colleagues to contribute to this volume Each author attempts to capture the essence of the Fairbank he or she knew The resulting pieces are alternately incisive affectionate intimate deeply affecting and hilariously funny Fairbank Remembered is an endearing and moving portrait of America's doyen on China *Fairbank Remembered* Paul A. Cohen, Merle Goldman, 2020-10-26 John King Fairbank 1907 1991 was best known to the public as the dean of Chinese studies in the United States John Hersey Hanu Reischauer Harrison Salisbury and Arthur Schlesinger Jr are among the more than 125 friends students and colleagues to contribute to this volume Each author attempts to capture the essence of the Fairbank he or she knew The resulting pieces are alternately incisive affectionate intimate deeply affecting and hilariously funny Fairbank Remembered is an endearing and moving portrait of America's doyen on China

**Encyclopedia of Historians and Historical Writing** Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies *A Path Twice Traveled* Paul A. Cohen, 2021-02-01 In this memoir Paul A. Cohen one of the West's preeminent historians of China traces the development of his work from its inception in the early 1960s to the present offering fresh perspectives that consistently challenge us to think more deeply about China and the historical craft in general A memoir of course is itself a form of history But for a historian writing a memoir on one's career is quite different from the creation of that career in the first place This is what Cohen alludes to in the title *A Path Twice Traveled* The title highlights the important disparity between the past as originally experienced and the past as later reconstructed by which point both the historian and the world have undergone extensive change This distinction which conveys nicely the double meaning of the word history is very much on Cohen's mind throughout the book He returns to it explicitly in the memoir's final chapter appropriately titled *Then and Now The Two Histories* *The Limits of Westernization* Jon Davidann, 2018-07-11 The goal of this project is to locate the origins and development of modern thought in the United States and East Asia in the late nineteenth and early twentieth century While a strong literature on post war modernization exists there is a gap in the pre war origins and development of modern ideas This book re evaluates the

influence of the United States on East Asia in the twentieth century and gives greater voice to East Asians in the construction of their own ideas of modernity      Remembering Ezra Vogel Martin K. Whyte, Mary C. Brinton, 2023-11-20 Ezra F Vogel July 11 1930 December 20 2020 was one of America's foremost experts on Asia mastering the Japanese and Chinese languages and contributing important scholarly works on both countries and on their relationships with each other and with the world Starting from modest roots in an immigrant family in a small town in Ohio he came to Harvard in 1953 to train as a sociologist He then shifted his focus to Asia spending almost the entirety of his life at Harvard Vogel had a dramatic impact around the world not only through his scholarship and the students he trained but also through his friendship and mentoring of journalists diplomats business executives and foreign leaders as well as through his public policy advice and devotion to institution building at Harvard as well as nationally and internationally Active until the end his sudden death provoked outpourings of gratitude and grief from countless people whose lives he had affected The present volume containing fond reminiscences from 155 diverse individuals conveys what was so extraordinary about the character and life of Ezra Vogel

*Government, Imperialism and Nationalism in China* Chihyun Chang, 2013-08-06 The Chinese Maritime Customs Service which was led by British staff is often seen as one of the key agents of Western imperialism in China the customs revenue being one of the major sources of Chinese government income but a source much of which was pledged to Western banks as the collateral for and interests payments on massive loans This book however based on extensive original research considers the lower level staff of the Chinese Maritime Customs Service and shows how the Chinese government struggling to master Western expertise in many areas pursued a deliberate policy of encouraging lower level staff to learn from their Western superiors with a view to eventually supplanting them a policy which was successfully carried out The book thereby demonstrates that Chinese engagement with Western imperialists was in fact an essential part of Chinese national state building and that what looked like a key branch of Chinese government delegated to foreigners was in fact very much under Chinese government control      **China Bibliography** Harriet T. Zurndorfer, 2021-12-06 This volume serves as a guide to all facets of China study from advice on choosing an appropriate literary dictionary to finding the most recent yearbooks that offer statistical data about the contemporary economy China Bibliography does not restrict itself to one particular discipline but considers the development of Chinese civilization as a whole from its imperial beginnings to the present and therefore demonstrates how one would find information about Chinese history literature religion linguistics collectanea as well as present day PRC economic and political policies Because this book also explains how bibliographical data on China has accumulated over the last 300 years including within China itself it also may help the reader understand the significance of a particular type of reference work

**Western Perspectives on Chinese Higher Education** Xiuwu R. Liu, 1996 This book argues that constructivism and realism two prominent theories of scholarly inquiry in a variety of fields both have their strengths and weaknesses as descriptive models of how research is conducted and written up and as normative models for

improving inquiry     Chinese Wood Sculptures of the 11th to 13th centuries Petra R[ösch, 2007-11-16 Chinese Buddhist wooden sculptures of Water moon Guanyin a Bodhisattva sitting in a leisurely reclining pose on a rocky throne are housed in Western collections and are thus removed from their original contexts Not only are most of them of unknown origin but also lack a precise date Tracing their sources is difficult because of the scant information provided by art dealers in previous periods Thus only preliminary investigations into their stylistic development and technical features have been made so far Moreover until recently none of the Chinese temples that provided their original context i e their precise position within those temple compounds and their respective place in the Buddhist pantheon have been examined at all In her study Petra R[ösch investigates these very aspects including questions about the religious position and function of the sculptures of this special Bodhisattva She also looks at the technical construction the collecting of Chinese Buddhist sculptures in general and those made of wood in particular She uses a combination of stylistic iconographical buddhological as well as technical methodologies in her investigation of the Water moon Guanyin images and sheds light on the Buddhist temples in Shanxi Province the works of art they once housed and the religious practices of the eleventh to thirteenth centuries connected with them     *Douglas Fairbanks* Jeffrey Vance, 2008 Douglas Fairbanks takes the full measure of the star's remarkable life Jeffrey Vance bases his portrait on a rich array of sources including Fairbanks's personal and professional papers and scrapbooks newly available documentation and rediscovered films and his own extensive interviews with those who knew or worked with Fairbanks Engagingly written and sumptuously designed with 237 photographs the book goes beyond Fairbanks's public persona to thoroughly explore his art and his far reaching influence BOOK JACKET     The Chinese Journals of L.K. Little, 1943-54 Chihyun Chang, 2022-07-30 Lester Knox Little kept a detailed journal of his time in China and Taiwan Covering the years 1943 to 1954 it provides important new insights about some of the most dramatic episodes in China's mid twentieth century history Sino Japanese military and economic competition China's domestic political struggle between the Nationalist Party Kuomintang and the Chinese Communist Party and the post war Cold War balance of power in Southeast and East Asia It also contains rich first hand materials for understanding conditions in Chongqing and post war Shanghai the last years of the Republic of China on the Chinese mainland and its early years in Taiwan and a new inner history of his beloved Chinese Maritime Customs Service Little's account with his insightful comments and explicit descriptions provides us with a continuous record from the viewpoint of a capable American citizen in Chinese employ who felt responsible for his Chinese and foreign colleagues and for the modernisation of Free China as well as allowing a unique insight into the heart of government during a time of intense social and political change In addition to the original texts this edition includes extensive explanatory notes providing detailed contextual information regarding the people and places mentioned     *Britain in China* Robert Bickers, 2017-03-01 This is a study of Britain's presence in China both at its peak and during its inter war dissolution in the face of assertive Chinese nationalism and declining British diplomatic support Using archival materials

from China and records in Britain and the United States the author paints a portrait of the traders missionaries businessmen diplomats and settlers who constituted Britain in China challenging our understanding of British imperialism there Bickers argues that the British presence in China was dominated by urban settlers whose primary allegiance lay not with any grand imperial design but with their own communities and precarious livelihoods This brought them into conflict not only with the Chinese population but with the British imperial government The book also analyzes the formation and maintenance of settler identities and then investigates how the British state and its allies brought an end to the reign of freelance settler imperialism on the China coast At the same time other British sectors missionary and business renegotiated their own relationship with their Chinese markets and the Chinese state and distanced themselves from the settler British

*Biographical Dictionary of Modern American Educators* Shirley Ohles, Frederik Ohles, John Ramsay, 1997-10-28 Widely praised Greenwood's *Biographical Dictionary of American Educators* Greenwood 1978 quickly became a standard reference work for students and scholars of American education This new volume includes biographical sketches of more than 400 notable researchers leaders reformers critics and practitioners from all major fields of education and extends the coverage of its predecessor to the mid 20th century Its topical range encompasses such diverse areas as psychology music health measurement and evaluation science special education history and administration It treats education at all levels including early childhood elementary and secondary higher and adult Most of the educators profiled were active in the 20th century but several dozen have been included from the 19th century A special effort has been made to include women and educators of color whose contributions have often been overlooked in the past Each biographical sketch includes information on family background a description of the educator's accomplishments and a digest of the person's education and career professional and civic service major publications and principal honors Each profile ends with a list of references and the volume closes with appendices listing birth places states of major service fields of work a chronological listing of educators and a list of important dates in American education A comprehensive index concludes the volume Educators are included from all fifty states and were selected from numerous suggested candidates for inclusion Most of the educators profiled were active in the 20th century but several dozen have been included from the 19th century A special effort has been made to include women and educators of color whose contributions have often been overlooked in the past **Journal of Asian History**, 1992

**Brian W. Fairbanks - Writings** Brian W. Fairbanks, 2005-12-01 In the words of one reader Brian W Fairbanks has a real talent for extracting the essence of a given subject and articulating it in a meaningful way In *WRITINGS* the author collects some of his finest essays and criticism spanning the years 1991 2005 and covering four subjects FILM LITERATURE MUSIC SOCIETY Whether offering an insightful analysis of film noir examining Benjamin Franklin's impact on American society taking a clear eyed non partisan look at democrats republicans the 2004 presidential campaign George W Bush and the war on terror or lambasting the corruption of television news Brian W Fairbanks is ingenious with a sophisticated yet effortlessly

readable style Also available in two hardcover editions **The Sinosphere and Beyond** Joan Judge, Joachim Kurtz, Ori Sela, Dan Shao, Hugh Shapiro, 2024-07-22 The history of East Asia can be most productively studied through a transnational translingual and transcultural approach to the region In *The Sinosphere and Beyond* twenty six leading and emerging scholars use such approaches in rich clusters of essays on Historiography Sino Japanese Encounters Law and Justice Politics Art Literature and Translation Each essay builds on the legacy of Joshua Fogel whose scholarship defined the contours of the Sinosphere in the Western world and beyond The collection will be of interest to scholars and students with specific research concerns within these broader rubrics from the towering progenitors of Japanese Sinology to gendered diplomatic and cultural dimensions of Sino Japanese encounters from Sinitic poetry to legal culture and revolutionary life from art commerce and levels of literary expression to the quandaries of translation In addition to offering a broad range of case studies the volume is testimony to the methodological importance of a dynamic intra and transregional approach for an understanding of the layered history of East Asia **Edwin O. Reischauer and the American Discovery of Japan** George R.

Packard, 2010-04-09 In 1961 President Kennedy named Edwin O Reischauer the U S Ambassador to Japan Already deeply intimate with the country Reischauer hoped to establish a more equal partnership with Japan which had long been maligned in the American imagination Reischauer pushed his fellow citizens to abandon caricature and stereotype and recognize Japan as a peace loving democracy Though his efforts were often condemned for being too soft the immensity of his influence and the truth of his arguments can be felt today Having worked as Reischauer s special assistant in Tokyo George R Packard writes the definitive and first biography of this rare charismatic talent Reischauer reset the balance between two powerful nations During World War II he analyzed intelligence and trained American codebreakers in Japanese He helped steer Japan toward democracy and then wrote its definitive English language history Reischauer s scholarship supplied the foundations for future East Asian disciplines and his prescient research foretold America s missteps with China and involvement in Vietnam At the time of his death in 1990 Reischauer warned the U S against adopting an attitude toward Asia that was too narrow and self centered India Pakistan and North Korea are now nuclear powers and Reischauer s political brilliance has become more necessary and trenchant than ever **The Harvard-Yenching Institute and Cultural Engineering** Shuhua

Fan, 2014-08-21 Through an empirical multi archival study of a transnational foundation the Harvard Yenching Institute HYI from the 1920s to the early 1950s this book presents the story of transplanting Western American humanities scholarship into Asia China and addresses central questions in U S China relations This book focuses on the HYI s programs in teaching research and publication of Chinese humanities within China to the early 1950s and to a lesser extent its activities at Harvard that had close ties with its China side Through the HYI story the author examines in depth the cooperation tensions adaptation and integration in the operation management and governance of the HYI s programs on both sides of the Pacific and the complex multi layered interactions between American educators and their Chinese partners treating each side

sympathetically but without losing sight of the big picture As the first comprehensive study on the subject the book adopts a concept of cultural engineering which is defined as a conscious design to use cultural heritage to recreate culture in order to promote a society's development to look at key issues in a way which accounts for interactions and initiatives on both sides and shows the difficult path toward developing common interests without neglecting tensions and conflicts thus going beyond the various one-sided historiographies which pit Chinese against Americans or nativist rejection of modernity against cultural imperialism The HYI experience in China from the 1920s to the early 1950s resonates down to the present day in American relations with the world The United States faces many similar challenges in the Middle East Asia Africa and Latin America today as in revolutionary China of the 1920s to 1950s Therefore this study offers a window onto many issues relating to cross cultural interactions today especially between the United States and non Western nations **Empire in the**

**Western Ocean** Lo Jung-pang, 2023-03-01 In this ground breaking posthumous study the late Lo Jung pang discusses the geographic political and commercial factors that led to the emergence of seapower and a navy under the Ming While Zheng He and his seven expeditions have received some scholarly attention few understand the long history of maritime engagement which provided the nautical and technical background for these voyages The evolution of this maritime engagement and its extension into the Indian Ocean is the focus of Lo's still timely and highly significant work In addition to detailing the rise of the Ming navy and its extraordinary accomplishments Lo also examines some of the factors that led to the end of China's first great maritime era Why did China suddenly seem to turn away from the seas Were the military defeats in Annam and on the northern borders significant in this Or were financial pressures key **Empire in the Western Ocean** represents the most comprehensive and insightful English language treatment to date of the evolution and activities of the early Ming navy Moreover it encourages further inquiry into contemporary questions of China's maritime aspirations To aid the reader a Foreword by Richard J Smith discusses how Lo viewed the early Ming navy not simply in terms of its evolution and military strength but also in terms of the commerce and shipping that it promoted This history is presented in the context of the centuries long shift of China's demographic center of gravity from the northwest to the southeast by the Song period 960 1279 In the Afterword Ming scholar Geoff Wade explains how the Ming rulers eager to widely display their legitimacy sent military forces abroad collected treasure for the imperial court and urged rulers of all known states to demonstrate their submission to the Ming court He also shows how this often gave rise to violence during the Ming expeditions

Getting the books **Fairbank Remembered** now is not type of challenging means. You could not and no-one else going bearing in mind books buildup or library or borrowing from your contacts to log on them. This is an extremely easy means to specifically acquire guide by on-line.
