**Alexandre Lefebvre**

## **Fairness In A Liberal Society:**

*Justice as Fairness* John Rawls, 2001-05-16 This book originated as lectures for a course on political philosophy that Rawls taught regularly at Harvard University in the 1980s In time the lectures became a restatement of his theory of justice as fairness revised in light of his more recent papers and his treatise *Political Liberalism* 1993 **Fairness in a Liberal Society** Richard Allen Epstein, 2005 Outlines opposing notions of fairness according to thinkers John Locke and John Rawls each of whose ideas have enormous contemporary influence cover **Liberalism Beyond Justice** John Tomasi, 2021-04-13 Liberal regimes shape the ethical outlooks of their citizens relentlessly influencing their most personal commitments over time On such issues as abortion homosexuality and women's rights many religious Americans feel pulled between their personal beliefs and their need as good citizens to support individual rights These circumstances argues John Tomasi raise new and pressing questions Is liberalism as successful as it hopes in avoiding the imposition of a single ethical doctrine on all of society If liberals cannot prevent the spillover of public values into nonpublic domains how accommodating of diversity can a liberal regime actually be To what degree can a liberal society be a home even to the people whose viewpoints it was formally designed to include To meet these questions Tomasi argues the boundaries of political liberal theorizing must be redrawn Political liberalism involves more than an account of justified state coercion and the norms of democratic deliberation Political liberalism also implies a distinctive account of nonpublic social life one in which successful human lives must be built across the interface of personal and public values Tomasi proposes a theory of liberal nonpublic life To live up to their own deepest commitments to toleration and mutual respect liberals he insists must now rethink their conceptions of social justice civic education and citizenship itself The result is a fresh look at liberal theory and what it means for a liberal society to function well *Beyond Justice as Fairness* Paul Nnodim, 2020-10-21 *Beyond Justice as Fairness Rethinking Rawls from a Cross Cultural Perspective* by Paul Nnodim explores the three foundational topics in Rawls's theories of justice social justice multiculturalism and global justice while deconstructing ideas of democratic citizenship public reason and liberal individualism latent in Rawls's treatment of these subjects to uncover their cultural and historical underpinnings Furthermore it investigates whether these ideas are compatible with the concept of the person in a non Western context

**The Legacy of John Rawls** Thom Brooks, Fabian Freyenhagen, 2005-09-08 John Rawls was unquestionably the most important moral and political philosopher of the last one hundred years His *A Theory of Justice* published in 1971 is already a classic text and his political philosophy is more widely studied than that of any other theorist Interest in Rawls's work has increased still further since his recent death and the publication of his complete works but until now there has been no single volume that explores the legacy of his work This book fills the void making a substantial contribution not only to work on Rawls's thought but to contemporary debates in ethics and justice as well The book will be of great interest to academics and students in philosophy politics and law departments alike *Why Political Liberalism?* Paul Weithman, 2011-02-01 In *Why*

Political Liberalism Paul Weithman offers a fresh rigorous and compelling interpretation of John Rawls's reasons for taking his so called political turn Weithman takes Rawls at his word that justice as fairness was recast as a form of political liberalism because of an inconsistency Rawls found in his early treatment of social stability He argues that the inconsistency is best seen by identifying the threats to stability with which the early Rawls was concerned One of those threats often overlooked by Rawls's readers is the threat that the justice of a well ordered society would be undermined by a generalized prisoner's dilemma Showing how the Rawls of A Theory of Justice tried to avert that threat shows that the much neglected third part of that book is of considerably greater philosophical interest and has considerably more unity of focus than is generally appreciated Weithman painstakingly reconstructs Rawls's attempts to show that a just society would be stable and just as carefully shows why Rawls came to think those arguments were inconsistent with other parts of his theory Weithman then shows that the changes Rawls introduced into his view between Theory of Justice and Political Liberalism result from his attempt to remove the inconsistency and show that the hazard of the generalized prisoner's dilemma can be averted after all Recovering Rawls's two treatments of stability helps to answer contested questions about the role of the original position and the foundations of justice as fairness The result is a powerful and unified reading of Rawls's work that explains his political turn and shows his enduring engagement with some of the deepest concerns of human life

*Ideal and Non-ideal Theory of the Postcolonial African State* Frank Aragbonfoh Abumere, 2025-09-08 The fundamental question asked in this book is what is the basic structure of the postcolonial African state Taking the postcolonial African state as it is and as it ought to be Frank Abumere defines the basic structure of the postcolonial African state as how the scope and contents of the rights and obligations that govern the vertical and horizontal relationships within the postcolonial African state are determined In his conception of the basic structure of the postcolonial African state on the one hand vertical relationship is the relationship between the state and its citizens and residents what the state owes to its citizens and residents and what they owe to the state On the other hand horizontal relationships are the relationships among citizens and residents and what they owe to one another

**Liberal Modernity and Its Adversaries** Milan Zafirovski, 2007-06-30 This is a book about modern liberal society and its adversaries The book rediscovers and rehabilitates much maligned especially in America liberalism as the ideal system of liberty in relation to anti liberalism as one of unfreedom It rediscovers liberal modernity as a free equal and just social system and time thus most compatible with and enhancing of human civilization ushering in the 21st century It exposes anti liberal adversaries especially conservatism as ideologies and systems most inappropriate with and destructive of civilization The book rediscovers liberal modernity as the master process and destination of Western civilization and its anti liberal adversaries notably conservatism as the ghosts of a dead past The anti liberal rumors of the death of liberalism are greatly exaggerated

**Ensuring Justice, Fairness, and Inclusion in America** Charles A. Washington, 2019-04-18 The world is currently plagued by polarization hyper partisanship authoritarianism Majoritarian Democracy Identity Politics zero

sum politics and economics inequality racism sexism populism Nativism and dystopian societies There is a desperate cry for solutions to these problems This book is dedicated to solving these problems This book identifies the extent of the problems as they are manifested in America Then this book takes the novel approach of operationalizing Justice as Fairness as the foundation of it uses the myriad works of John Rawls to devise solutions to these problems Specifically it uses Rawls Justice as Fairness as the foundation of a revolutionary set of solutions to these global problems This book is at once observational diagnostic prophylactic and prognostic in its focus This book takes an observational diagnostic and prophylactic approach to solve the problems above According to Rawls Justice as Fairness is an exercise in ideal metaphysical theory This book goes beyond the metaphysical by rendering Justice as Fairness into the realm of nonideal real world theory It does this by first deciphering and explaining Justice as Fairness challenging concepts using ideas borrowed from many disciplines The book then moves on to develop a Justice as Fairness Logic Model which identifies the structures mechanics and dynamics of Justice as Fairness Then this book operationalizes Justice as Fairness through the creation of a revolutionary management system Equity Management and a companion license fee free web based software system Plato Equity Management Plato was developed using Justice as Fairness Systems Theory program evaluation techniques the judicial principle strict scrutiny and Environmental Scanning and Forecasting Finally this book outlines how Equity Management Plato can be used to manage six public sector environments ultimately creating a level playing field and just fair and inclusive circumstances for all Americans The historical political social and economic contexts of this book derive from the American experience However the problems and solutions identified in this book are universal Therefore the prognosis for countries adopting Equity Management Plato is the development of new social contracts the adoption of Representative Consensus Democracy justice fairness inclusion reconciliation and the realization of E Pluribus Unum If affirmatively adopted and implemented the solutions proposed in this book will result in the creation of Rawls realistic utopias the saving of liberal democracy worldwide and ultimately the creation of a better world Author\_Bio Charles A Washington is currently the President of Washington Justice Fairness Inclusion Positive Sum Politics And Economics Reconciliation

**Liberalism as a Way of Life** Alexandre Lefebvre, 2024-06-04 Why liberalism is all you need to lead a good fun worthy and rewarding life and how you can become a better and happier person by taking your liberal beliefs more seriously Where do you get your values and sensibilities from If you grew up in a Western democracy the answer is probably liberalism Conservatives are right about one thing liberalism is the ideology of our times as omnipresent as religion once was Yet as Alexandre Lefebvre argues in Liberalism as a Way of Life many of us are liberal without fully realizing it or grasping what it means Misled into thinking that liberalism is confined to politics we fail to recognize that it's the water we swim in saturating every area of public and private life shaping our psychological and spiritual outlooks and influencing our moral and aesthetic values our sense of what is right wrong good bad funny worthwhile and more This eye opening book shows how so many of us are liberal to the core why liberalism

provides the basis for a good life and how we can make our lives better and happier by becoming more aware of and more committed to the beliefs we already hold A lively engaging and uplifting guide to living well the liberal way Liberalism as a Way of Life is filled with examples from television movies stand up comedy and social media from Parks and Recreation and The Good Place to the Borat movies and Hannah Gadsby Along the way you ll also learn about seventeen benefits of being a liberal including generosity humor cheer gratitude tolerance and peace of mind and practical exercises to increase these rewards You re probably already waist deep in the waters of liberalism Liberalism as a Way of Life invites you to dive in

*Radicalizing Rawls* G. Chartier,2014-02-05 This book is a critical examination of John Rawls s account of the normative grounds of international law arguing that Rawls unjustifiably treats groups rather than particular persons as foundational to his model of international justice      **What is a Fair International Society?** Emmanuelle Tourme Jouannet,2014-07-18 Today s world is post colonial and post Cold War These twin characteristics explain why international society is also riddled with the two major forms of injustice which Nancy Fraser identified as afflicting national societies First the economic and social disparities between states caused outcry in the 1950s when the first steps were taken towards decolonisation These inequalities to which a number of emerging states now contribute are still glaring and still pose the problem of the gap between formal equality and true equality Second international society is increasingly confronted with culture and identity related claims stretching the dividing line between equality and difference The less favoured states those that feel stigmatised but also native peoples ethnic groups minorities and women now aspire to both legal recognition of their equal dignity and the protection of their identities and cultures Some even seek reparation for injustices arising from the past violation of their identities and the confiscation of their property or land In answer to these two forms of claim the subjects of international society have come up with two types of remedy encapsulated in legal rules the law of development and the law of recognition These two sets of rights are neither wholly autonomous and individualised branches of law nor formalised sets of rules They are imperfect and have their dark side Yet they can be seen as the first milestones towards what might become a fairer international society one that is both equitable as an answer to socio economic injustice and decent as an answer to cultural injustice This book explores this evolution in international society setting it in historical perspective and examining its presuppositions and implications      **Narrative Theology and Moral Theology** Alexander Lucie-Smith,2016-04-15 Moral thinking today finds itself stranded between the particular and the universal Alasdair MacIntyre s work on narrative discussed here along with that of Stanley Hauerwas and H T Engelhardt aims to undo the perceived damage done by the Enlightenment by returning to narrative and abandoning the illusion of a disembodied reason that claims to be able to give a coherent explanation for everything It is precisely this a theory that holds good for all cases that John Rawls proposed drawing on the heritage of Emmanuel Kant Who is right Must universality be abandoned Must we only think about morality in terms that are relative bound by space and time Alexander Lucie Smith attempts to answer these questions by examining

the nature of narrative itself as well as the particular narratives of Rawls and St Augustine Bound and rooted as they are in history and personal experience narratives nevertheless strain at the limits imposed on them It is Lucie Smith's contention that each narrative that points to a lived morality exists against the background of an infinite horizon and thus it is that the particular and the rooted can also make us aware of the universal and unchanging **Politics and Culture: Working**

**Hypotheses for a Post-Revolutionary Society** Michael Ryan, 1989-06-18 A political sociology textbook which examines the impact of political thought on a society's culture and theorizes on the attitudes a post revolutionary society would adopt towards such subjects as feminism the arts and ideology Christianity and Liberal Society Robert Song, 2006-01-13

Liberalism forms the dominant political ideology of the modern world but despite its pervasive influence this is the first book length treatment of liberal political thought from a Christian theological perspective Song discusses the different aspects and interpretations of liberalism with reference to the critiques of three twentieth century theologians the American Protestant Reinhold Niebuhr on the liberal progressivist philosophy of history the lesser known Canadian George Grant on the threat of technology to fundamental liberal values as articulated in the recent work of John Rawls and the French Thomist Jacques Maritain on the defence of political pluralism Further to this Song explores the implications of this political theology for the issues in fundamental constitutional theory raised by a bill of rights and judicial review of legislation and concludes with an account of the critical but supportive stance of liberalism Christian theology should take **Between Deontology and**

**Justice** Genyou Wu, 2019-12-05 In China political philosophy is still a comparatively new academic discipline While there is no such phrase as political philosophy in ancient Chinese texts there are elements within them that could be considered part of that field Central questions of Chinese ancient political philosophy include the legitimacy of the source of political power the foundation of moral rationality for the use of political power and the purpose of political activities This book explores the ideas of rights the foundations of law transference of power democracy and other topics as debated in ancient times Focusing on important political thinkers in Chinese history such as Kongzi Laozi Xu Fuguan Liang Qichao and Li Dazhao the book explains characteristics that are particular to China such as the system of abdication the general will of the people and the society of Great Harmony While making comparisons between Chinese and Western political philosophy the book also discusses how to establish a Chinese modern state and how to promote Chinese culture today so that it can influence more and more people around the world The book will be a valuable reference for scholars of Chinese philosophy political philosophy and Chinese culture Rawls, Political Liberalism and Reasonable Faith Paul Weithman, 2016-08-11 This volume brings together ten of Paul Weithman's papers on John Rawls's liberalism and his defense of reasonable political faith

**Unleashing Social Justice through EU Public Procurement** Antoinette Calleja, 2015-10-05 The dramatic results of the 2014 European Parliament elections have highlighted the European Union's urgent need for a review of the scope and purpose of its social objectives and for a reordering of European priorities This book advocates a radical and original

alternative to the current philosophy that determines the set of rules for the awarding of EU public procurement contracts It calls for a reordering of the EU s economic and social priorities In doing so it advocates for a social dimension to be placed at the core of public procurement which could elicit a social model of integration in the EU in which the European citizen is the key actor This is achieved through an analytical approach as well as concise and contextualised explanations relating to free trade theories poverty and public interest theories This book will be of key interest to students and scholars of the European Union political theory and EU law *Feminist Interpretations of John Rawls* Ruth Abbey,2013-08-28 In Feminist

Interpretations of John Rawls Ruth Abbey collects eight essays responding to the work of John Rawls from a feminist perspective An impressive introduction by the editor provides a chronological overview of English language feminist engagements with Rawls from his Theory of Justice onward Abbey surveys the range of issues canvassed by feminist readers of Rawls as well as critics wide disagreement about the value of Rawls s corpus for feminist purposes The eight essays that follow testify to the continuing ambivalence among feminist readers of Rawls From the perspectives of political theory and moral social and political philosophy the contributors address particular aspects of Rawls s work and apply it to a variety of worldly practices relating to gender inequality and the family to the construction of disability to justice in everyday relationships and to human rights on an international level The overall effect is to give a sense of the broad spectrum of possible feminist critical responses to Rawls ranging from rejection to adoption Aside from the editor the contributors are Amy R Baehr Eileen Hunt Botting Elizabeth Brake Clare Chambers Nancy J Hirschmann Anthony Simon Laden Janice Richardson and Lisa H Schwartzman **Essentials of Political Ideas** Kathy Schindler,Andrew Heywood,2024-04-25

Refreshed and completely restructured to align with the new Edexcel Politics A Level specification this is the new edition of Andrew Heywood s highly respected introduction to political ideas ideologies and thinkers for A Level students Essentials of Political Ideas is the only Edexcel specific text on ideas on the market Suitable for flexible use across all ideas components of the A Level course it offers full coverage of both the core political ideas conservatism liberalism and socialism and the non core ideas anarchism ecologism feminism multiculturalism and nationalism Drawing on her extensive teaching examining and workshop experience Kathy Schindler has adapted the text to make it even more student friendly and focused on exam success Practical and informative pedagogy from Key Thinker boxes to Similarities and Differences summaries will enable students to understand and analyse key political concepts and thinkers and construct persuasive arguments using the correct terminology This new edition offers A dedicated Exam Skills chapter giving advice for exam success alongside annotated example answers An extensive companion website with further sample answers teaching tips revision planning resources links for further study and more Coverage of thinkers not included on the specification helping students to place their understanding in a broader context

Eventually, you will entirely discover a supplementary experience and expertise by spending more cash. still when? realize you admit that you require to acquire those every needs once having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more roughly speaking the globe, experience, some places, as soon as history, amusement, and a lot more?

It is your completely own time to play a role reviewing habit. in the course of guides you could enjoy now is **Fairneb In A Liberal Society** below.
