

# Fair Vs Unfair

Fair

Waiting for your  
turn to speak to  
your teacher.

Sharing your  
pencils with  
someone who  
didn't have any.

Lining up at the  
water fountain.

Unfair

Someone cheats in  
a game.

Going up the  
slide when  
people are  
waiting to go  
down it.

web jan 1 2008 82 citations 7 altmetric keywords martensitic transformation shape memory alloy transformation temperature shape recovery martensitic variant these keywords were added by machine and not by the authors this process is experimental and the keywords may be updated as the learning algorithm improves download chapter pdf

[applications for shape memory alloys uw departments web](#) - Mar 31 2022

web applications for shape memory alloys shape memory metals that were developed by nasa for the space industry and have

been used for increasing applications down on earth the following is a list of just some of the applications that shape memory alloys have been used for bioengineering

industrial applications for shape memory alloys - Jul 15 2023

web in the early growth of shape memory alloy technology the most important applications were for fasteners and couplings mainly in the military sector with the maturing of the technology and the broader availability of alloys industrial applications memry com save to library

**pdf a review of shape memory alloy research applications and** - Jul 03 2022

web apr 1 2014 this work provides a timely review of recent sma research and commercial applications with over 100 state of the art patents which are categorised against relevant commercial domains and rated
